NOTES TO THE CONDENSED FINANCIAL STATEMENTS

A. EXPLANATION NOTES PURSUANT TO MALAYSIA FINANCIAL REPORTING STANDARD ("MFRS") 134: INTERIM FINANCIAL REPORTING

A1. Accounting policies and methods of computation

The interim financial statements are unaudited and have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134: "Interim Financial Reporting" issued by the Malaysian Accounting Standards Board ("MASB") and paragraph 9.22 (Appendix 9B Part 9A) of the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities").

The interim financial statements should be read in conjunction with the audited financial statements for the financial year ended 30 June 2019 and the accompanying explanatory notes as attached to this interim financial statements.

These explanatory notes provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2019.

The significant accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted as disclosed in the audited financial statements for the financial year ended 30 June 2019, except for the adoption of the following new/revised MFRSs and clarifications/amendments to MFRS:

MFRS 16, Leases

IC Interpretation 23, Uncertainty over Income Tax Treatments Amendments to MFRS 3, Business Combinations (Annual Improvements to MFRS Standards 2015-2017 Cycle) Amendments to MFRS 9, Financial Instruments – Prepayment Features with Negative Compensation Amendments to MFRS 11, Joint Arrangements (Annual Improvements to MFRS Standards 2015-2017 Cycle) Amendments to MFRS 16 Leases - Covid-19-Related Rent Concessions Amendments to MFRS 112, Income Taxes (Annual Improvements to MFRS Standards 2015-2017 Cycle) Amendments to MFRS 112, Income Taxes (Annual Improvements to MFRS Standards 2015-2017 Cycle) Amendments to MFRS 119, Employee Benefits – Plan Amendment, Curtailment or Settlement Amendments to MFRS 123, Borrowing Costs (Annual Improvements to MFRS Standards 2015-2017 Cycle) Amendments to MFRS 128, Investments in Associates and Joint Ventures – Long-term Interests in Associates and Joint Ventures

The initial application of the accounting standards, interpretations and amendments are not expected to have any material financial impacts to the current period and prior period financial statements of the Group and of the Company except as mentioned below:

MFRS 16, Leases

MFRS 16 replaces the guidance in MFRS 117, Leases, IC Interpretation 4, Determining whether an Arrangement contains a Lease, IC Interpretation 115, Operating Leases – Incentives and IC Interpretation 127, Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

MFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligations to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard which continues to be classified as finance or operating lease.

The Group has assessed the estimated impact that the initial application of MFRS 16 will have on its consolidated financial statements as at 1 July 2019 as below.

	Statement of financial position as at 1 July 2019			
	As currently stated RM'000	After expected restatement RM'000

For the fourth quarter ended 30 Jun 2020 ("4QFY2020"), revenue increased by 3.9% in comparison to the fourth quarter in the preceding year, sustained through an increased contribution from the Sexual Wellness segment. Condom sales to the Commercial and Tender market had marked improvements following the completion of the final social audits. Sales to the Americas region were also particularly strong during the quarter. Favourable sales mix coupled with cost control initiatives, such as increased automation and improvements in production processes, have improved the profit before tax to RM 4.3 million and profit after tax to RM 2.6 million for the quarter.

For the twelve months period under review ("12MFY2020"), revenue grew by 4.4% supported by a stronger contribution from Sexual Wellness segment. Although profitability was held back by a less favourable sales mix and operations disruptions from the Covid-19 pandemic, the results from operating activities and profit before tax have improved through favourable sales mix and cost control initiatives.

B2. Variance of results for the current quarter ended 30 June 2020 against the immediately preceding quarter

Profit/ (Loss) attributable to owners of the Company	1,426	(1,134)	2,560	225.7

Revenue in 4QFY2020 scaled back by 8.1% to RM 91.1 million as compared to the preceding quarter due to the impact of limitations on operating capacity from the extension of the Movement Control Order. Production volume, export capabilities and other supply chain disruptions compounded a challenging quarter for manufacturing operations. Nevertheless, profitability for the quarter improved through favourable sales mix and the implementation of cost control initiatives which attributed to the profit before tax of RM 4.3 million in the current quarter.

B3. a) Group's Prospects for the financial year ending 30 June 2021 ("FYE 2021")

The ongoing Covid-19 pandemic has presented a unique challenge to the sexual health and medical devices industries causing widespread disruptions to operations and supply chains. Along with the emphasis on social compliance, this has caused consolidation in the industry and a disruption to the supply of condoms globally.

In spite of this, condoms remain an essential tool for family planning as well as preventing the spread of HIV and other sexually transmitted infections. The Group remains confident that we are uniquely poised to overcome the aforementioned operation hurdles in order to take advantage of potential opportunities presented by the renewed global emphasis on hygiene and disease prevention.

Our manufacturing experience, cost competitiveness and breath of offerings are compelling competitive advantages that will allow us to capture orders within the condom space that has been shifting from a government subsidized model to one that is more commercial in nature during recent times. In addition, our branded segment is also expected to expand into new regions during the year, enabling us to continue to capture a greater share of the value within the industry.
