1) Review of Group's Performance

(a) Performance of the current year quarter against the preceding year corresponding quarter

The Group recorded revenue of RM704.8 million for the current year quarter, which is RM113.5 million or 19% higher than preceding year corresponding quarter of RM591.3 million. Excluding fair value loss on an investment property of RM98.4 million, the Group's underlying profit before taxation ("PBT") of RM331.3 million for the current year quarter is RM58.5 million or 21% higher than the preceding year corresponding quarter of RM272.8. The increase in revenue and underlying PBT is mainly attributable to better performance contributed from all business segments.

In the current year quarter, the Group recognised a fair value loss of RM98.4 million attributable to IOI Mall, Xiamen.

The financial performance by segment excluding fair value loss on an investment property is analysed as follows:-

	Revenue				Operating profit/(loss)				
By segment	Q2 FY2022	Q2 FY2021	+/	(-)	Q2 FY2022	Q2 FY2021	+/	(-)	
	RM'mil	RM'mil	RM'mil	%	RM'mil	RM'mil	RM'mil	%

Others	3.4	1.7	1.7	+100%	0.9	1.1	(0.2)	-18%	
	704.8	591.3	113.5	+19%	255.2	217.3	37.9	+17%	

Property Development

The property development segment recorded revenue and operating profit of RM571.6 million and RM206.5 million respectively in the current year quarter. The recorded result is higher than preceding year corresponding quarter by RM76.7 million or 15% and RM13.9 million or 7% respectively. The improved financial performance in the current year quarter is mainly due to higher sales contribution from Malaysia operation, as a result of the extension of the Home Ownership Campaign to 31 December 2021 coupled with dynamic sales and marketing campaigns. The launch of vaccinated travel lane arrangement between Malaysian and Singaporean governments have resulted in a better financial performance in the current year quarter, by facilitating the business process of property transactions in the Group's developments located in Johor.

Property Investment

The property investment segment recorded revenue and operating profit of RM96.7 million and RM49.0 million respectively for the current year quarter. It is RM23.1 million or 31% and RM17.7 million or 57% respectively higher than the preceding year corresponding quarter. This was mainly due to growth momentum after MCO was lifted and lower rental relief assistance given to tenants and commencement of recurring leasing income from IOI Mall, Xiamen to the Group following its business commencement on 28 October 2021.

Hospitality and Leisure

Revenue increased by 57% from RM21.1 million to RM33.1 million and operating loss decreased by 84% from RM7.7 million to RM1.2 million. The better performance is mainly due to higher room occupancy rate and patronage at the hotel's food and beverage outlets after the Malaysian government announced the removal of movement restrictions to interstate travel and dine-in at eateries.

(b) Performance of the current year to date against the preceding year corresponding period

The Group recorded revenue of RM1.1 billion, which is RM 114.4 million or 9% lower than the preceding year corresponding period. This is mainly due to lower revenue contribution from People's Republic of China's operation. The Group's underlying PBT of RM587.7 million (after excluding net foreign currency translation gain on foreign denominated borrowings and deposits and fair value loss on an investment property) in the current year to date, which is RM15.9 million or 3% higher than the preceding year corresponding period of RM571.8 million. The Group recorded higher underlying PBT is mainly due to higher share of joint ventures profit from sale of South Beach Residences in Singapore and higher other operating income arising from gain on disposal of a subsidiary amounting to RM86.0 million.

Quarterly Financial Report For The Financial Period Ended 31 December 2021 (The figures have not been audited)

Additional Information As Required By Appendix 9b Of Bursa Malaysia Listing Requirements

2) Material Change in Profit Before Taxation ("PBT") for the Current Quarter as Compared with the Immediate Preceding Quarter

The Group recorded underlying PBT of RM331.3 million (after excluding fair value loss on an investment property) for the current quarter, which is RM70.6 million or 27% higher than the immediate preceding quarter of RM260.7 million. Higher financial performance in the current quarter was mainly due to higher contribution from all business segments as mentioned above arising from Malaysian government gradually removal of movement restrictions which has stimulated the business activities.

3) Prospects

The global economic recovery may continue to face significant headwinds arising from the emergence of the Omicron variant, persistent supply-chain disruptions, labour market challenges and rising inflationary pressures. Domestically, we are experiencing spike in new COVID-19 cases, rising cost of building materials and shortage of workers caused by the prolonged pandemic. On a positive note, Malaysia has achieved a very high rate of vaccination with more than half of the adults population having received their booster jabs to date. Equally encouraging, the vaccination programme for children aged between 5 to 11 has begun since the beginning of February 2022. This provides further impetus to the steady recovery from the pandemic into the endemic phase. Malaysia also plans to gradually relax movement restrictions and to reopen the borders. This augurs well with the nation's economic recovery.

Amidst these challenges, the Group will continue to leverage on our digital marketing capabilities and aggressive campaigns to drive sales of our mid-priced range of products in tandem with market demands. We will also focus our efforts on developing offerings that are in line with Government-driven support initiatives for the property development sector. In view of the rising cost of building materials, the Group has incorporated a new business unit that is principally involved in building material sourcing and supplying to mitigate its impact.

In China, IOI Mall, Xiamen has started to contribute recurring leasing income to the Group following its business commencement on 28 October 2021. Meanwhile, the construction of IOI Palm International Parkhouse is on-going and slated for completion by Q2 FY2023. Both our residential developments in Xiamen, namely IOI Palm City and IOI Palm International Parkhouse will continue to contribute to the Group's financial performance in the coming quarters.

In Singapore, the Group recently ventured further into mixed-use development comprising residential and hotel components in the Marina Bay area with the acquisition of a new development site to complement the Group's existing developments in Singapore. Meanwhile, we are intensifying our efforts to meet our expected timelines in the construction of IOI Central Boulevard Towers which have experienced some delay resulting from the successive disruptions caused by the outbreak of the Covid-19 pandemic.

For the Group's retail and hospitality segments in Malaysia, we will continue with digital marketing and innovative solutions to provide value propositions for our mall tenants and customers alike. The Group is also committed to providing a safe environment for our hotel guests and staff, and we will enforce the latest standards of safety management at all times.

Overall, we expect the operating environment to remain challenging. Nevertheless, the Group will continue with our prudent and professional management approach to ensure delivery of satisfactory performance in the coming quarters whilst improving our market position and strengthening our competitive edge to seize any opportunities that may emerge.

The higher effective tax rate is mainly due to higher tax rate in the People's Republic of China.

7) Corporate Proposal

(a) Land tender by Boulevard View Pte Ltd, a wholly-owned subsidiary of the Company for a parcel of leasehold land at Marina View in the Republic of Singapore

The Company announced that its wholly-owned subsidiary Boulevard View Pte Ltd ("BVPL"), had on 29 September 2021 successfully tendered for a parcel of leasehold land measuring approximately 7,817.6 square metres (0.78 hectares)("Land") at Marina View in the Republic of Singapore ("Singapore") for a tender consideration of SGD1,508,000,101 (approximately RM4.68 billion) from the Urban Redevelopment Authority ("URA"), acting as agent for and on behalf of the Government of Singapore ("Land Tender").
