B. COMPLIANCE WITH APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD**B1 REVIEW OF PERFORMANCE****Review of current quarter performance**

For the quarter ended 31 October 2019, Mynews recorded a revenue of RM139.81 million, an increase of RM30.36 million or 27.7% compared with RM109.45 million in the preceding year's corresponding quarter. Gross profit (GP) for the current quarter was RM48.23 million which translated to a GP margin of 34.5%, an increase of RM7.81 million or 19.3% compared with the corresponding quarter of the preceding year which was RM40.42 million at GP margin of 36.9%. The higher GP was contributed by revenue growth on higher number of outlets from 436 to 513 and improved sales of the existing stores, contributed mainly by the food and beverages, and tobacco categories. However, the average GP margin was lower consequent to the change in products mix and wastages of the in-house ready-to-eat (RTE) meals and bakery products on their initial roll out.

The operating expenses which comprised principally of establishment, staff and the logistic costs amounted to RM40.92 million, an increase of RM9.63 million or 30.8% compared with RM31.29 million in the preceding year's corresponding quarter. This was in correspondence to the FPC's full quarter expenses, the increase in the number of outlets and marketing initiatives taken to drive the in-house array of food and beverages such as Maru Bakes, ice cream, coffee and RTE meals.

Mynews ended its fourth quarter 2019 with a profit before taxation of RM4.14 million, which is RM3.18 million or 43.5% lower than the RM7.32 million reported for the preceding year's corresponding quarter. The lower profit included the FPC' losses totaling RM3.51 million attributed principally by the new production facilities which is undergoing gestation.

Review of twelve-months period performance

Revenue for the year ended 31 October 2019 was RM528.52 million, increased by RM135.16 million or 34.4%, in comparison with last year's revenue of RM393.36 million. However average GP margin is lower by 2.60 points, from 38.1% to 35.5% due to change in the sales mix, price discounts offered to promote and drive the sales of in-house RTE food and the expected high wastages at the initial roll out of the RTE food. Profit before tax increased by RM0.83 million or 2.6%, from RM32.22 million to RM33.05 million contributed by the higher revenue. The operating expenses increased by RM31.53 million or 28.3%, from RM111.60 million to RM143.13 million, principally due to the increase in business volume from the expanded network of outlets and the new production facilities that have not achieved the economies of scale.

The Group's retail operations profit after tax for the year was RM29.56 million (excluding the Manufacturing operation) as compared to last year of RM27.00 million, an improvement of RM2.56 million or 9.5% which is calculated to a net margin of 5.6%.

B. COMPLIANCE WITH APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (Cont'd)**B2 MATERIAL CHANGES IN THE PROFIT BEFORE TAXATION FOR THE CURRENT QUARTER AS COMPARED WITH THE IMMEDIATELY PRECEDING QUARTER**

Revenue of RM139.81 million for the current quarter was higher by RM8.13 million or 6.2% compared with RM131.68 million in the immediately preceding quarter due to contribution from the new RTE food offerings from the FPC which began production in mid-June 2019; while GP increased by a lesser rate of RM1.40 million or 3.0% due to aggressive price discount promotions for the in-house products and other merchandises.

Profit before taxation for the current quarter was RM4.14 million compared with RM8.47 million in the immediately preceding quarter, which is lower by RM4.33 million or 51.2%, as the operating costs of the FPC were taken up for the full quarter while the production increased gradually over the months. In addition, the retail sales embarked on aggressive marketing initiatives to create awareness for the in-house products and to drive sales which also contributed to the increased costs.
