3 Months Individual Period 12 Months Cumulative Period				Pariod

31.12.2020	31.12.2019	Variance	31.12.2020	31.12.2019	Variance

3,641,571	2,609,544	39.5%	2,101,048	10,825,180	-80.6%

For the current quarter under review, the Group recorded a 7.0% decrease in revenue as compared to preceding year corresponding quarter. The decrease was mainly attributable to lower progress billings from its on-going construction projects and support services.

In overall, construction and support services contributed about 97.3% of the Group's revenue, and Solar Energy contributed about 2.6% of the Group's revenue, at RM 71.1 million and RM 1.9 million respectively. As compared to the preceding year corresponding quarter, construction and support services contributed almost 100% of the Group's revenue, at RM 78.5 million, and there was no revenue contributed from Solar Energy. The balance of revenue was derived from property investment.

## **Construction and Support Services**

During the current quarter under review, the division recorded a profit before taxation (PBT) of RM 5.13 million versus RM 4.75 million PBT during the preceding year corresponding quarter.

The slight increase in PBT of the Group in the current financial period as compared to the preceding year corresponding period despite decrease in revenue was mainly due to lower administrative expenses and finance cost, improvement in operational activities and lower weighted average diesel cost per litre.

The division recorded a better profit after taxation after (PAT) of RM 3.32 million versus RM 2.82 million for the preceding year corresponding quarter. The improvement in PAT was in line with higher PBT stated above.

#### Solar Energy

During the current quarter under review, the division recorded a PBT of RM 0.21 million versus RM 0.05 million loss before taxation during the preceding year corresponding quarter. The improvement in profit was contributed from the construction revenue for Solar Projects during the quarter.

#### **Property Investment**

For the current quarter under review, this division recorded a higher loss before taxation of RM 0.17 million versus RM 0.16 million in the preceding year corresponding quarter. The management is actively looking to monetise the investment properties in the nearest future.

## **B2.** Comparison with Immediate Preceding Quarter Results

	3 Months Individual Period			
	31.12.2020	30.9.2020	Variance	
	RM	RM	%	
Revenue	73,068,492	72,836,784	0.3%	
Profit Before Taxation	5,171,708	3,591,992	43.9%	
Profit After Taxation	3,641,571	3,131,915	16.3%	

During the current quarter under review, the Group recorded marginal improvement in revenue as compared to the immediate preceding quarter. The increase in both the Group's PBT and PAT was mainly contributed from the improvement in operational activities.

#### **B3.** Prospects

According to Bank Negara Malaysia, the country's Gross Domestic Product for fourth quarter registered a negative growth of 3.4% in the fourth quarter (3Q 2020: -2.6%), largely attributable to the imposition of the Conditional Movement Control Order (CMCO) on a number of states since mid-October. Similarly, the construction sector recorded a higher contraction at -13.9% in the latest quarter from -12.4% in the previous quarter. However, country's GDP is expected to recover in 2021 and to grow in the range of 6.5% to 7.5%.

Overall, the economic environment is expected to remain challenging in the short to medium term. However, the Group's operations are not adversely affected by the current Movement Control Order. For now, The Group will focus on:

- 1 Coordinated efforts to realise the remaining construction order book of RM 710 million within the contract period given.
- 2 Maintaining a very prudent approach and taken proactive steps in managing the Group's costs.
- 3 Remained cautious and selectively bid for future projects as competition is increasingly intense.
- 4 Optimizing billing and collections effort.

Barring any unforeseen circumstances, the Group is confident that its performance will remain profitable for the financial year ending 31 December 2021.
