Amendments to FRS 138 Intangible Assets

Amendments to IC Interpretation 9 Reassessment of Embedded Derivatives IC Interpretation 12 Service Concession Arrangements

IC Interpretation 16 Hedges of a Net Investment in a Foreign Operation

IC Interpretation 17 Distributions of Non-cash Assets to Owners

The above new/revised FRSs, Amendments to FRSs, Interpretations and Amendments to Interpretations are expected to have no significant impact on the financial performance and position of the Group except for those discussed below:

#### (a) FRS 101: Presentation of Financial Statements (Revised)

The revised new FRS 101 requires owner and non-owner changes in equity to be presented separately. The statement of changes in equity will include only details of transactions with owners, with all non-owner changes in equity presented as a single line item. In addition, the revised standard introduces the statement of comprehensive income: it presents all items of income and expense recognised in profit or loss, together with all other items of recognised income and expense, either in one single statement, or in two linked statements. Pursuant to the revised standard, the Group has elected to adopt the two linked statements.

This is a disclosure standard with no impact on the financial performance and position of the Group.

#### (b) FRS 139 Financial Instruments: Recognition and Measurement

FRS 139 establishes principles for recognizing and measuring of the Group's financial instruments. Financial instruments are recorded initially at fair value. Subsequent measurement of the financial instruments in the statement of financial position reflects the designation of the financial instruments. The Group has adopted FRS139 prospectively on 1 August 2010 in accordance with the transitional provisions. The effects arising from the adoption of the standard has been accounted for by adjusting the opening balance of the retained earnings as at 1 August 2010.

The details of changes in accounting policies and the effects arising from the adoption of FRS 139 are discussed below:

#### i. Receivables

Prior to 1 August 2010, trade and other receivables were stated at gross receivables less provision for doubtful debts. Upon adoption of FRS 139, the Group's receivables are initially measured at fair value, plus transaction costs and subsequently at amortised cost using the effective interest rate ("EIR") method.

# Quarterly Report On Consolidated Results For The Financial Quarter Ended 31 January 2011

#### **Notes To The Interim Financial Statements**

#### ii. Short- term investments

Prior to 1 August 2010, the Group classified its investment in private debt securities and investment management funds as short term investments. Such investments were carried at cost less impairment losses.

Upon adoption of FRS 139, investment in private debt securites are designated at 1 August 2010, as held-to-maturity investments as the Group has the intention and ability to hold to maturity. Such investments are carried at amortised cost using the EIR method.

Investment management funds are designated as financial assets through profit or loss and carried at fair value with any gains or losses recognised in the profit or loss.

#### iii. Derivative financial instruments

Prior to 1 August 2010, all derivative financial instruments were recognized in the financial statements only upon settlement. Upon adoption of FRS 139, all derivatives are recognized at their fair value with any resultant gains or losses recognized through profit or loss except for derivatives that meet the hedge accounting criteria where, appropriate treatments are applied for effective hedge.

iv. The following are effects arising from the above changes in accounting policies:

Consolidated Statement of Financial Position	Increase/(decrease) As at 1 August 2010 RM'000
New Ownersh Associa	
Non Current Assets Interests in associated companies Other Investments Receivables	(12,174) 20,000 (1,921)
Current Assets Receivables Short term investments	(7,338) (20,000)
Non current Liabilities Long term borrowings Payables	(891) (158)
Current Liabilities Short term borrowings Payables	(62) 3,891
Equity Retained profits Other reserves	(13,331) (3,100)

In addition, the changes in accounting policies have the effect of decreasing the profit by RM345,000 for the current period.

# Quarterly Report On Consolidated Results For The Financial Quarter Ended 31 January 2011

#### **Notes To The Interim Financial Statements**

#### (c) Amendment to FRS 117: Leases

Prior to the adoption of the Amendment to FRS 117, leasehold lands were treated as operating leases and were classified and presented as prepaid lease payments in the statement of financial position. The Amendment to FRS 117, clarifies that lease of land and buildings are classified as operating or finance leases in the same way as leases of other leases of other assets, hence the Group has reclassified certain leasehold lands to property, plant and equipment. Pursuant to the Amendment to FRS 117, the Group has applied this change in accounting policy retrospectively and certain comparatives have been restated. The reclassification has no effect to the financial performance of the Group.

The effect of the reclassification to the comparatives of the prior year's statement of financial position is as follows:

As at 31 July 2010 Consolidated Statement of Financial Position	As previously reported RM'000	Effects of adopting Amendment to FRS 117 RM'000	As restated RM'000
Property, plant and equipment	300,731	1,022	301,753
Prepaid land lease payments	6,205	(1,022)	5,183

#### (d) IC Interpretation I2: Service Concession Arrangements

The new IC Interpretation 12 applies to service concession operators and explains how to account for the obligations undertaken and rights received in service concession arrangements. Consideration given by the grantor to the operator may be rights to a financial asset or an intangible asset. The operator shall recognize a financial asset model to the extent that it has an unconditional right to receive cash or another financial asset from or at the direction of the grantor for the construction services. The operator shall recognize an intangible asset to the extent that it receives a right (a licence) to charge users of the public service.

For financial asset model, the amount due from grantor is accounted as receivable under FRS 139, and requires interest calculated using the effective interest method to be recognized in profit or loss. Intangible asset with a finite useful life shall be amortised on a systematic basis over its useful life.

Where the operator has contractual obligations to maintain and restore infrastructure that it must fulfill as a condition of its licence, these obligations are recognized and measured at the best estimate of the expenditure that would be required to settle the present obligation at the end of the reporting period.

#### 13. Review of Performance

For the current quarter under review, the Group recorded revenue and profit before taxation of RM607.2 million and RM125.3 million respectively as compared to RM603.2 million and RM100.8 million respectively in the preceding year comparative quarter. For the current year to-date, the Group recorded revenue and profit before taxation of RM1,241.4 million and RM235.0 million respectively as compared to RM1,227.2 million and RM195.3 million.

The increase in profit before taxation for the current quarter resulted from higher contributions from all divisions.

#### 14. Comparison with Immediate Preceding Quarter's Results

For the current quarter under review, the Group's profit before taxation of RM125.3 million is higher than the immediate preceding quarter's profit before taxation of RM109.7 million. The increase in profit before taxation resulted from higher contributions from all divisions.

#### 15. Current Year Prospects

#### **Overall Prospects**

With the existing construction projects progressing on schedule and the strong performance of the property division, the Group's results are expected to further improve in the remaining quarters of the current financial year.

The status and prospects of the respective divisions of the Group are as follows:

#### (a) CONSTRUCTION DIVISION

#### Klang Valley Mass Rapid Transit Project

On 28 January 2011, MMC Corporation Berhad-Gamuda Berhad Joint Venture ("JV") received a Letter of Award from Syarikat Prasarana Negara Berhad appointing the JV as the Project Delivery Partner for the implementation of the Klang Valley Mass Rapid Transit Project. Works are expected to commence in the third quarter of the calendar year.

#### **Electrified Double Track Project**

On 9 November 2009, the Government of Malaysia granted the project company extension of time that revised the project completion date from January 2013 to December 2013, due to the delay in land handover by the authorities.

The project company has received a further extension of time that will revise the project completion date to November 2014 arising from the finalisation of the remaining delay in land handover.

As previously reported, the land had been substantially handed over to the project company at end of 2010. The work progress is expected to pick up in the remaining quarters of the financial year.

#### New Doha International Airport Project (Qatar)

The project is progressing on schedule and is expected to be completed in the current financial year. Claims for work done submitted to the Qatari Government continue to be paid on time.

#### Yenso Park and Sewage Treatment Plant Projects (Vietnam)

Work progress of Yenso Park and Sewage Treatment Plant in Gamuda City, Vietnam remains on track. Construction of the Sewage Treatment Plant is at an advanced stage and is expected to be substantially completed in the current financial year. The recent devaluation of the Vietnamese Dong has no significant near term impact on the Group.

# Quarterly Report On Consolidated Results For The Financial Quarter Ended 31 January 2011

#### **Notes To The Interim Financial Statements**

### (b) PROPERTY DIVISION

The Group's property developments in Malaysia benefited from the strong property market and buoyant economy. Strong buying activity was evident, particularly in gated and guarded developments such as Bandar Botanic, Horizon Hills and Jade Homes. Unbilled sales reached RM840 million as a result of good sales performance. The property division is expected to improve its financial performance for the remaining quarters of the current financial year.

The Group's flagship development, Gamuda City in Hanoi, has started its earth and infrastructure works in preparation for its maiden launch in July 2011. The Group's second development, Celadon City in Ho Chi Minh City, is also ready for its maiden launch in April 2011. These two developments in Vietnam are expected to be the key drivers of revenue and earnings growth for the overall property division.

### (c) WATER AND EXPRESSWAY CONCESSIONS DIVISION

#### (i) Expressway

The Group's expressway concessions continued to register strong traffic volumes that contributed to the stable and recurring earnings to the Group. In April 2009, the Government announced that it will provide a long term solution to the recurring public pressure it faces with respect to toll increases and instructed the Economic Planning Unit to propose its recommendations. The decision from the Government is still pending.

#### (ii) Water

The ongoing water restructuring in Selangor remains unresolved. The Federal Government and the Selangor State Government have yet to provide a satisfactory response to the water operators.

#### 16. Variance from Profit Forecast and Profit Guarantee

This is not applicable to the Group.

#### 17. Taxation

The taxation is derived as below:	3 months ended 31 January		6 months ended 31 January	
	2011 RM'000	2010 RM'000	2011 RM'000	2010 RM'000
Malaysian & foreign income tax	28,370	19,998	47,615	37,462

The Group's effective tax rate (excluding the results of associates which is equity accounted net of tax) for the current period is higher than the statutory tax rate primarily due to certain expenses not being deductible for tax purposes.

# **Quarterly Report On Consolidated Results For The Financial Quarter Ended 31 January 2011**

#### **Notes To The Interim Financial Statements**

#### 18. Profits/(Losses) on Sale of Unquoted Investments/Properties

There is no sale of investments/properties for the current quarter under review.

#### 19. Quoted Investments

There was no transaction on quoted investment in the current quarter under review.

#### 20. Status of Corporate Proposals

On 24 March 2010, Syarikat Pengeluar Air Sungai Selangor Sdn Bhd ("Splash"), an associated company of Gamuda Berhad made an offer of RM10,750 million to take over water assets and operations of the water services industry of the Selangor State/Federal Territory. The offer was submitted to the Federal Government ("FG") and the Selangor State Government ("SSG").

On 20 April 2010, Splash submitted a 're-aligned offer' to the FG and the SSG which is basically the same offer as the one dated 24 March 2010 except that the water assets purchased by Splash are now sold to Pengurusan Aset Air Bhd, and then leased back for operations. Splash will become 'asset light', and thus, "re-aligned" within the spirit of the Water Services Industry Act 2006.

On 17 May 2010, the FG wrote to inform Splash that they will be making new offers to all water players. As such the FG will not be considering Splash's offer as yet in order to allow new offers to be made to Splash and the other water players in Selangor.

On 2 July 2010, Splash wrote to the FG and the SSG to inform that they have yet to receive any new offer with respect to their letter dated 17 May 2010. In turn Splash stated that its current offer to the FG and the SSG will remain good until 31 December 2010.

On 6 January 2011, a conditional offer ("Offer") was made by the SSG to acquire all the voting shares in Splash at a cash offer price of RM5.95 per share.

On 28 January 2011, Splash replied that it was unable to accept the Offer as it undervalued the company and is also well below the previous offer made by the SSG to Splash dated 15 July 2009, which Splash had then accepted in good faith.

As at today, there has been no new development on this matter.

Other than the above corporate proposal, there is no other corporate proposal announced but not completed.

Medium Term Notes (Gamuda)	۷	1,002,730,000	800,000
			1,428,226
Total			1,780,349

#### Note:

- The term loan for Smart Project was obtained by a jointly controlled entity, Syarikat Mengurus Air Banjir & Terowong Sdn Bhd in relation to the motorway development of the Stormwater Channel and Motorway Works. The term loan is secured on the Smart Project and is on a non-recourse basis to Gamuda Group.
- 2. The term loan was obtained by Sai Gon Thuong Tin Tan Thang Investment Real Estate Joint Stock Company (Tan Thang Company), a 60% owned subsidiary of Gamuda Group. The term loan is on a recourse basis to Gamuda Group in proportion to the Group's shareholding in the Tan Thang Company.

# **Quarterly Report On Consolidated Results For The Financial Quarter Ended 31 January 2011**

### **Notes To The Interim Financial Statements**

#### 22. Derivative Financial Instruments and Fair Value Changes in Financial Liabilities

The Group has entered into the following Interest Rate Swap ("IRS" ) contracts to hedge the payment of interest on bank borrowings from a floating rate to a fixed rate.

Interest Contract		Maturities	Fair value of				
Interest Rate Swap	From floating rate	To fixed rate	amount in foreign currency USD'000	more than 3 years RM'000	Derivative Liabilities RM'000	Contract date	Maturity dates
USD	3-month LIBOR	1.845% to 2.495%	45,000	137,515	2,631	Nov 2009 to July 2010	Nov 2014 to July 2015

The basis of fair value measurement is the difference between the contracted IRS rates and the market IRS rates. The losses are due to the unfavourable fluctuation in market interest rates.

There is minimal credit risk as the IRS were entered into with reputable banks.

#### 23. Changes in Contingent Liabilities or Contingent Assets

There is no significant contingent liabilities or contingent assets.

#### **Notes To The Interim Financial Statements**

#### 25. Material Litigations

a) On 31 October 2008 Wayss & Freytag (Malaysia) Sdn Bhd ("W&F") filed a Writ of Summons and a Statement of Claim ("the Court Action") against the MMC-Gamuda Joint Venture ("JV") for inter-alia, a court declaration that the JV is in breach of the sub-contract dated 16 April 2003 ("the Sub-Contract") by failing to make payment for the sum of RM102,366,880.42 awarded by the Dispute Adjudication Board ("DAB") to W&F in respect of various claims arising out of the Sub-Contract and for damages of the same amount.

On 15 May 2009, the Court allowed the JV's application for stay of proceedings of the Court Action and unconditionally stayed the Court Action initiated by W&F.

On 1 June 2009, W&F filed an appeal against the Court's decision to stay the proceedings.

On 30 October 2009, the Court dismissed W&F's appeal against the Court's earlier decision to stay the Court Action.

In the meantime, while the Court Action has been stayed, W&F's application for summary judgment filed on 25 November 2008 has been fixed for mention on 3 August 2011 pending the arbitration between the JV and W&F.

On 17 December 2008, in accordance with the terms of the Sub-Contract, the JV commenced arbitration proceedings by serving on W&F a notice of arbitration. W&F also commenced arbitration proceedings by filing its Notice of Arbitration on 15 January 2009. A preliminary meeting between the Arbitral Tribunal members and the parties' respective solicitors was held on 17 September 2009. At the preliminary meeting, the Arbitral Tribunal had set down various directions for the conduct of the arbitration. Among other things, it was directed that the arbitration proceedings commenced by both parties be heard together over the period 4 July 2011 till 15 July 2011. Subsequently, by mutual agreement of the parties and with the concurrence of the Arbitral Tribunal, the hearing dates have now been changed to 18 July 2011 till 29 July 2011. 1 August 2011 to 5 August 2011 are reserved dates for the hearing.

Separately, on 14 October 2010, W&F applied to the Arbitral Tribunal for its decision on 3 preliminary issues. The main issue raised by W&F is whether the JV is obliged to comply with the DAB's decisions by forthwith paying to W&F the amount of RM100,540,372.28 (as awarded by the DAB) and interest. The Arbitral Tribunal heard the parties on the preliminary issues on 16 February 2011. The Arbitral Tribunal has in its letter dated 7 March 2011 concluded that it does not have jurisdiction to entertain the preliminary issues raised by W&F. Consequently, the JV does not need to pay W&F the amount of RM100,540,372.28.

The Company is of the opinion that the JV has a good chance of succeeding in both W&F's application on the preliminary issues and in its claims against W&F in the arbitral proceedings.

b) Bahrain Asphalt Establishment B.S.C (Closed) ("BAE") had on 4 March 2010 served a Request For Arbitration against Gamuda Berhad ("Company") (as the 1st Respondent), WCT Berhad (as the 2nd Respondent) and Gamuda-WCT Joint Venture, Qatar ("the JV") (as the 3rd Respondent), to refer certain alleged disputes to arbitration in Qatar. The Company's and WCT Berhad's interests in the JV are in the proportions of 51% and 49% respectively.

BAE was appointed as the sub-contractor for the works known as the granular sub-base and flexible pavement works ("Sub-contract Works") for the JV's project known as "Dukhan Highway From Shahaniya to Zekreet" which involves the construction of a 43 km new highway from Shahaniya to Zekreet in Qatar.

The Arbitral Tribunal has been constituted on 19 July 2010.

#### **Notes To The Interim Financial Statements**

### 25. Material Litigations (cont'd)

Following the finalisation of the Terms Of Reference, BAE is now claiming from the Respondents, jointly and severally, a total quantified sum of QAR124,378,551.52 (RM108,739,868) comprising:-

- (a) QAR94,867,841 for alleged prolongation, escalation, collateral and associated costs for 729 days delay in completion of the Sub-contract works;
- (b) QAR13,434,404 for alleged Gabbro Aggregate overcharge/wrongful deductions;
- (c) QAR964,969 for alleged wrongful deduction for supply of bitumen;
- (d) QAR9,187,662.52 for alleged wrongful deductions from payments due to the Claimant for the supply of dune sand;
- (e) QAR5,923,675 for alleged incorrect measurement of the subcontract works for the purpose of payment.

and further unquantified sums for legal costs, arbitration costs and interest (collectively referred to as "the Claims").

As at 31 January 2011, BAE had also requested permission from the Tribunal to introduce a claim against the 1<sup>st</sup> Respondent, the 2<sup>nd</sup> Respondent and the 3<sup>rd</sup> Respondent in the sum of QAR5,064,291.08 (RM4,252,485) for retention money allegedly owed to BAE.

The 3rd Respondent is counter claiming from BAE a total quantified sum of QAR47,061,272.29 (RM40,129,147) for breach of contract by BAE.

The Company is of the opinion that there are significant technical difficulties for BAE to overcome in pursuing its claims against the Respondents in the Request for Arbitration.

Other than the above litigation, there is no other material litigation since the last annual balance sheet date to a date not earlier than (7) days from the date of the issue of this report.
