SELECTED EXPLANATORY NOTES ON QUARTERLY FINANCIAL REPORT FOR THE SECOND QUARTER ENDED 30 JUNE 2010

PART A. **EXPLANATORY NOTES PURSUANT TO FRS 134**

A1. Basis of Preparation

The Interim Financial Statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 December 2009. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2009.

Changes in Accounting Policies

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 December 2009 except for the adoption of the following new/revised Financial Reporting Standards ("FRS"):

The above new FRSs, Amendments to FRSs and Interpretations are expected to have no significant impact on the financial statements of the Group and the Company upon their initial application except for the changes arising from the adoption of FRS 7, FRS 8, FRS 101 and FRS 139 as discussed below:

FRS 7: Financial Instruments : Disclosures

FRS 7 introduces new disclosures to improve the information about financial instruments. It requires the disclosure of quantitative and qualitative information about exposures to risks arising from financial instruments, including specified minimum disclosures about credit risk, liquidity risk and foreign exchange risks, including sensitivity analysis to foreign exchange risks. As this is a disclosure standard, there will be no impact on the financial position or results of the Group for the period.

(Company No. 475221-K) Incorporated in Malaysia

FRS 8: Operating Segments

FRS 8 replaces FRS 114₂₀₀₄: Segment Reporting and requires a 'management approach', under which segment information is presented on a similar basis to that used for internal reporting purposes. As a result, the Group's external segmental reporting will be based on the internal reporting to the "chief operating decision maker", who makes decisions on the allocation of resources and assesses the performance of the reportable segments. As this is a disclosure standard, there will be no impact on the financial position or results of the Group for the period.

FRS 101: Presentation of Financial Statements

The revised FRS 101 separates owner and non-owner changes in equity. The statement of changes in equity includes only details of transaction with owners, with all non-owner changes in equity presented in the statement of other comprehensive income. In addition, the standard introduces the statement of comprehensive income which presents income and expense recognized in the period. This statement may be presented in one single statement, or two linked statements. In addition, a statement of financial position is required at the beginning of the earliest comparative period following a change in accounting policy, the correction of an error or the reclassification of items in the financial statements. This revised FRS does not have any impact on the financial position and results of the Group.

FRS 139: Financial Instruments: Recognition and Measurement

FRS 139 provides guidance for the measurement of financial instruments. Depending on the categorization applied for each individual financial asset and liability, some financial assets and liabilities will need to be fair valued and others are stated at amortised cost. FRS 139 prescribes prospective application for the first time adoption. Significant accounting policies adopted are summarized below:-

Financial Assets

Financial assets recognised in the statement of financial position when and only when, the Group or Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognized if the Group or the Company's contractual rights to the cashflow from the financial assets expires or if the Group or the Company transfer the financial assets to another party without retaining control or substantially all risks and rewards of the asset.

(Company No. 475221-K) Incorporated in Malaysia

Initial Recognition

Financial assets within the scope of FRS 139 are classified as financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, available-for-sale financial assets or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Group and the Company determine the classification of its financial assets at initial recognition.

Financial assets are recognised initially at fair value plus, in the case of financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way purchase) are recognised on the trade date i.e. date that the Group or Company commits to purchase or sell the assets.

The Group's financial assets include cash and bank balances and trade and other receivables. All financial assets of the Group and Company are categorised as loans and receivables.

Subsequent Measurement

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such financial assets are carried at amortised cost using the effective interest rate method less impairment losses. Gains and losses are recognized in the income statement when the loans and receivables are derecognized or impaired, as well as through the amortisation process.

Financial Liabilities

Financial liabilities are recognised in the statement of financial position when, and only when, the Group becomes a party to the contractual provision of the instrument. Financial liabilities are derecognised if the Group's obligation specified in the contract expires or are discharged or cancelled.

Initial Recognition

Financial liabilities within the scope of FRS 139 are classified as financial liabilities at fair value through profit and loss, loans and borrowings or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Group determines the classification of its financial liabilities at initial recognition.

Financial liabilities are recognised initially at fair value and in the case of loans and borrowings, directly attributable transaction costs. The Group's financial liabilities includes trade and other payables and financial guarantees. All financial liabilities of the Group are classified as loans and borrowings.

(Company No. 475221-K) Incorporated in Malaysia

Subsequent Measurement

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in the Statement of Comprehensive Income when the liabilities are derecognized as well as through amortisation process.

Transitional provisions and effects on financial statements

In accordance with the transitional provision of FRS 139, the Group is required to remeasure the financial assets and liabilities as appropriate. Any adjustment of the previous carrying amount of the financial assets and liabilities shall be recognised as an adjustment of the balance of retained earnings at the beginning of the financial year in which FRS 139 is initially applied.

The following table provides the extent to which the consolidated statement of financial position as at 31 March 2010 is higher or lower than it would have been had the previous policies been applied in the current period. The changes have been accounted for by restating the following opening balances in the statement of financial position as at 1 January 2010:

Effect on Statement of Financial Position as at 1 January 2010	RM'000
Decrease in Trade and Other Receivables Increase in Retained Earnings	(7,383) 7,383

Impairment of financial assets

FRS 139 required the Group to assess at each statement of financial position date, whether there is any objective evidence that a financial asset or a group of financial assets is impaired.

A financial asset or group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the assets (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial assets or the group of financial assets that can be reliably estimated.

PART B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1. Performance Review

The Group's revenue for the current quarter amounted to RM227.8 million, which is 13.5% higher than the corresponding comparative quarter's figure of RM200.7 million. The port operating subsidiary contributed RM177.0 million while the haulage/logistics subsidiary contributed RM50.8 million. The year-to-date revenue of the Group amounted to RM437.1 million, an increase of 12.5% compared to the corresponding period of RM388.5 million. The increase in revenue for the current quarter was mainly due to increased business volume undertaken by the port operating subsidiary.

Northport achieved a throughput during the current quarter of 879,610 TEUs reflecting an increase of 29.6% as compared to the corresponding period last year of 678,929 TEUs. The year-to-date throughput achieved is 1,659,477 TEUs representing an increase of 27.7% compared against the corresponding period last year of 1,299,562 TEUs.

As for the haulage division in the haulage/logistics subsidiary the total volume handled during the quarter is 59,783 TEUs which is a decrease of 11.2% as compared to the figure for the corresponding quarter in 2009 of 67,328 TEUs. The year-to-date volume achieved is 121,688 TEUs representing a decrease of 4.2% compared to the figure for the corresponding period last year of 126,959 TEUs.

For the second quarter under review, the increase in the volume handled at Northport was recorded in all categories i.e. import, export and transshipment. The increase in business was mainly due to improved business volume from customers due to the recovery of economy.

There have been no other material factors affecting the earnings and/or revenue of the Group for the current quarter.

B2. Comment on Material Change in Profit Before Taxation

The profit before tax for the current quarter amounted to RM50.3 million, is higher than the immediate preceding quarter's profit before tax of RM45.0 million.

The increased profit figure is mainly due to increase in business volume undertaken by the port operating subsidiary and to a lesser extent the saving in costs achieved by the port operating subsidiary during the quarter as a flow-through effect of the cost saving initiatives introduced during the preceding year.

There were no other unusual items affecting profits for the current quarter.

(Company No. 475221-K) Incorporated in Malaysia

B3. Commentary on Prospects

a) In the first six months period of 2010, the port operating company has registered an improvement in its throughput with a 29.6% increase year-on-year. The Company's performance for the remaining period of the year will shows an increased throughput volume but will be subject to new global competitiveness in this sector.

As for the haulage/logistics subsidiary, it is making headway in the process of recovery. Its performance for the remaining period of the year is dependent on its securing new businesses that are able to provide better returns.

b) The Company did not announce or disclose any internal management targets in a public document.

B4. Board of Directors Statement on Internal Targets

The Company did not announce or disclose any internal management targets in a public document.

B5. Profit Forecast or Profit Guarantee

The Company did not announce or disclose any profit forecast or profit guarantee in a public document.

B6. Income Tax Expense

	Current	Cumulative
	Quarter	to date
	30.06.2010	30.06.2010
	RM'000	RM'000
Current Tax Charge	12,133	22,587
Deferred Tax Charge	2,683	(3,636)
	14,816	18,951
	·	

The effective tax rate for taxation of the Group is lower than the statutory rate of taxation mainly due to the availability of investment tax incentive for the main subsidiaries in the Group.

(Company No. 475221-K) Incorporated in Malaysia

B7. Sale of Unquoted Investments and Properties

There were no sale of unquoted investments and/or properties for the current quarter ended 30 June 2010.

B8. Sale of Quoted Investments

There were no purchase or disposal of quoted securities during the quarter ended 30 June 2010.

B9. Corporate Proposals

There were no corporate proposals which were announced but not completed as at 16 August 2010.
