#### 20. Performance review

#### (a) Current Quarter vs Corresponding Quarter of Previous Period (1Q2020 vs 1Q2019)

The Group registered a revenue of RM5.83 million in the current quarter ended 31 March 2020 ("1Q2020") as compared to RM15.65 million reported in the previous year's corresponding quarter ("1Q2019"). Consequently, the Group recorded a loss before tax of RM3.74 million as compared to a profit before taxation of RM0.34 million in 1Q2019.

The Group businesses, being non-essentials businesses, were temporarily closed during the Movement Control Order ("MCO") period commenced on 18 March 2020. As such, The Group's 1Q2020 result was partly impacted by the closure of operations during MCO.

Other challenges faced by the Group during the quarter under review were insufficient feedstock for Group's sawmilling to fully operate the factory and non-recoverability of construction sectors that affected the Group's glass demand.

#### Harvesting, sawmilling and kiln drying segment

The segment's operating revenue of RM1.80 million in 1Q2020 was substantially lower than RM9.67 million reported in 1Q2019. Accordingly, the segment posted a loss before tax of RM2.40 million as compared to a profit before tax of RM1.52 million recorded in the preceding year's corresponding quarter.

As usual, the internal logs extraction was adversely affected by the rainy season in the early period of the quarter under review. Consequently, the total logs harvested reduced by 51% in 1Q2020 to 3,448 hoppus tonne from 7,082 hoppus tonne in 1Q2019.

The limited logs supply to the mills has resulted to the lower production of sawn timber which eventually caused to the decrease in sawn timber sales. In addition, the close of operations during the MCO has caused to the situation more worse. As a result, the sales of sawn timber reduced 73% in 1Q2020 against 1Q2019.

#### **Manufacturing segment**

During the quarter under review, the manufacturing segment which is the manufacturing activities of glass, veneer and woodchip reported a loss before tax of RM0.64 million, increased by 49% as compared to a pre-tax loss of RM0.43 million in 1Q2019. The increase in loss was in line with the reduction in the segment's revenue by 33% during the quarter under review.

The glass operation is still affected by the non-recoverability of construction sectors since early 2018, led to the postponements of the glass order. This market doldrums coupled with the imposition of the MCO has resulted to the glass sales declined by 49% in 1Q2020 against 1Q2019.

Meanwhile, the veneer operation of the Group is still facing the lower running capacity, mainly due to incomplete line of production. The improvise line of production which was initially planned to complete in 2Q2020 now defers to 3Q2020 due to MCO imposition.

#### Other segment

Other segment which refers to the investment holding and rental activity of the Group, has recorded an increase in revenue, mainly due to new lease of building to the external party. Combining with the reduction in segment's other operating expenses by 8%, there was a slight decrease in segment pre-tax loss.

# GOLDEN PHAROS BERHAD (Company No. 1986011003051) EXPLANATORY NOTES PURSUANT TO BURSA MALAYSIA LISTING REQUIREMENT: CHAPTER 9, APPENDIX 9B, PART A FOR THE THREE-MONTH PERIOD ENDED 31 MARCH 2020

### 21. Material change in performance of operating segments of current quarter compared with immediate preceding quarter

processing quarter	Current quarter 31.03.2020 RM'000	Immediate preceding quarter 31.12.2019 RM'000
Revenue	5,825	13,415
Loss before taxation	(3,741)	(5,862)

Despite the reduction in the Group's revenue by 57% in 1Q2020, the Group's loss before tax has reduced to RM3.74 million in 1Q2020 from RM5.86 million loss before tax reported in the immediate preceding quarter ("4Q2019"). The reduction in loss was primarily contributed by the major reduction in other segment's operating expenses.

The harvesting, sawmilling and kiln drying segment has recorded a significant reduction in revenue by 78%, caused to increase in pre-tax loss by 12% in the current quarter. This adverse performance was mainly due to the proceeds from sales of logs amounted to RM3.05 million materialized in the immediate preceding quarter

In contrast, the manufacturing segment showed a favourable result whereby the loss before tax reduced from RM2.45 million to RM0.64 million in 1Q2020, despite the decline in the segment's revenue by 25%. This situation was primarily contributed by the substantial savings in the segment's operating expenses during 1Q2020.

Other segment reported better position in 1Q2020 whereby the segment's pre-tax loss decreased to RM0.70 million from RM1.28 million reported in 4Q2019. The improved performance in 1Q2020 was primarily contributed by the non-recurrence of the segment's one-off expenses incurred in 4Q2019.

#### 22. Commentary on prospect

The outlook of the global and Malaysian economy caused by the unprecedented outbreak of Covid-19 is expected to be unfavourable and disruptive to many sectors of businesses and its implication will be highly dependent on the duration and severity of the pandemic.

Similarly, this Covid-19 pandemic and the imposition MCO has adversely impacted the Group's financial performance after the operations were suspended since 18 March 2020 until early May 2020. This may result in the Group is unable recover this adverse position during the second quarter period of 2020.

As the operations resumed in early May 2020, the ability of the Group's business to improve in a shorter time is still uncertain especially on the glass demand. While the challenges ahead are highly uncertain, the Group has taken necessary actions to perform quick assessments on the financial impact to the Group's performance in 2020, maximise the utilisation of the government assistance from Economic Stimulus Package and most importantly has implemented the mitigation measures through various stages of cost cutting program.

Going forward, the Group will stay vigilant and take appropriate, timely measures to minimise the financial impact whilst remaining committed to its medium to longer-term strategies and action plans.

#### 23. Changes in material litigation

There was no material litigation against the Group.
