The Group recorded a unfavourable performance in the current quarter ended 30 June 2024 ("2Q2024") as compared to the previous year's corresponding quarter ("2Q2023"), with a revenue declined by 36% from RM15.02 million to RM9.61 million in 2Q2024. As a result, the Group posted a loss after tax of RM5.00 million as compared with profit after tax of RM0.91 million reported in 2Q2023.

Harvesting, forest plantation, sawmilling, sales of logs and logging compartment

During the quarter under review, the segment posted a loss before tax of RM1.76 million with revenue recorded at RM5.49 million. As compared to the segment's performance in 2Q2023, there were significant reductions from a profit before tax of RM4.60 million, in line with revenue reduction by 48%. The main contribution to the reduced revenue and profitability for the segment was due to no contribution from tender of logging compartment in 2Q2024 as compared to RM5.24 million in 2Q2023.

Manufacturing segment

Similarly, the manufacturing segment, which consists of glass, veneer and woodchip operations, reported an adverse performance, with the loss before tax in 2Q2024 increased to RM2.68 million from RM0.50 million reported in 2Q2023.

This unfavourable performance was in line with the decline in the segment's revenue, mainly due to the veneer processing mill operating below capacity. Meanwhile, revenue contribution from glass also showing a declining trend due to slowdown in construction industry especially in medium and high-end housing sector.

Other segment

Other segment which refers to the investment holding and rental activity of the Group, recorded a decreased in loss before tax from RM1.07 million in 2Q2023 to RM0.99 million, primarily contributed by the increase in segment's revenue due to new tenancy of 1 unit of the Group's land.

24. Performance review (continued)

(b) Current Period-to-date vs Previous Period-to-date (6M2024 vs 6M2023)

The Group registered a revenue of RM17.52 million in the current quarter ended 30 June 2024 ("2Q2024"), reduced significantly from RM23.46 million reported in the previous year's corresponding quarter ("2Q2023"). Accordingly, the Group's loss before tax increased by 391% to RM9.43 million from RM1.92 million recorded in 2Q2023.

Harvesting, forest plantation, sawmilling, sales of logs and logging compartment

The segment's revenue declined by 41% to RM8.30 million from RM14.15 million reported in 6M2023. The logging activity encountered challenges in securing logging licenses which led to lower logs supply to the mill. For record, a total of 3,988 hoppus tonne logs were extracted during the 6M2024 as compared with 8,489 hoppus tonne logs extracted during the same period previous year. Consequently, sawn timber production and sales volume reduced significantly in the current period.

Manufacturing segment

During the period under review, the segment's loss before tax increased to RM3.28 million from RM1.06 million reported in the same period previous year. The unfavourable performance was due to veneer operation which has been affected by lower logs supply and boiler breakdown while fixed cost remain and glass operation faced slowdown in construction industry.

Other segment

Other segment which include the Group's investment holding and rental activities, has recorded an increase in revenue from its rental. However, there was increased in loss before tax contributed by the increase in segment's operating expenses by 12%.

GOLDEN PHAROS BERHAD (Company No. 1986011003051) EXPLANATORY NOTES PURSUANT TO BURSA MALAYSIA LISTING REQUIREMENT: CHAPTER 9, APPENDIX 9B, PART A FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2024

25. Material change in performance of operating segments of current quarter compared with immediate preceding quarter.

	Current quarter	Immediate preceding quarter
	30.06.2024 RM'000	31.03.2024 RM'000
Revenue	9,605	7,916
(Loss)/profit before taxation	(5,434)	(3,991)

The Group's revenue of RM9.61 million in the current quarter ("2Q2024") improved slightly against RM7.92 million reported in the immediate preceding quarter (1Q2024). However, the Group's loss before tax increased by 36% to RM5.43 million compared to RM3.99 million in 1Q2024. The decline in the Group's performance was contributed by the adverse performance of manufacturing segment of the Group.

During the quarter under review, the harvesting, forest plantation, sawmilling, sales of logs and logging compartment posted a loss before tax of RM 1.76 million compared to a loss before tax of RM2.04 million reported in the immediate preceding quarter. The result was in line with the improved in segment's revenue by 99% to RM5.49 million in 2Q2024 from RM2.77 million in 1Q2024. The favourable performance was driven by the better average selling price secured for sawn timber as well as revenue from reactivation of moulding production line in the current quarter.

In contrast, the manufacturing segment's loss before tax increased to RM2.68 million in the current quarter as compared to RM0.90 million in the immediate preceding quarter. As reported, veneer operation was affected by the lower logs received, running below capacity while fixed cost remain.

Meanwhile, other segment reported loss before tax of RM0.99 million for the current quarter compared to RM1.06 million in immediate preceding quarter of despite an increase in revenue from rental. This is due to an increase in certain administrative expenses.

26. Commentary on prospect

The Group's growth strategy entails a keen focus on several key drivers.
