12. Review of performance

For the quarter under review, excluding a discontinued operation, the Group revenue was RM527 million and loss before taxation ("LBT") was RM11 million as compared with revenue and LBT of RM582 million and RM24 million respectively for the corresponding quarter of the preceding financial year ended 30 June 2023 ("FY2023").

The lower revenue for the quarter was mainly due to lower average selling price and sales volume.

For FY2024, excluding a discontinued operation, the Group revenue was RM2,247 million and LBT was RM59 million as compared with revenue and LBT of RM2,386 million and RM144 million respectively for the corresponding period of FY2023.

For the quarter under review and financial year ended 30 June 2024, improved margins from favorable input costs have resulted in a lower loss.

13. Material changes in loss before taxation against the immediate preceding quarter

For the quarter under review, excluding a discontinued operation, the Group revenue decreased to RM527 million from RM552 million of the preceding quarter.

The Group LBT, excluding a discontinued operation, was RM11 million for the quarter under review as compared with LBT of RM2 million for the preceding quarter. The higher loss for the quarter was mainly attributable to lower margins.

14. Prospects

The global steel market is expected to remain soft and volatile due to slowing demand and structural overcapacity. The local market remains challenging as it faces large volume of cheap imports and the absence of mega infrastructure projects. The Group continues to focus its attention on improving its operational efficiencies, inventory management and growing the downstream businesses.

The company recently received a four-star rating (highest band) in the latest Bursa Malaysia FTSE Russell ESG rating. This bodes well for its continual efforts and commitment to sustainable operations, responsible social practices and good governance. The Group's Electric Arc Furnace which utilises scrap metal to make steel emits significantly lower Green Houses Gases as compared to the Blast Furnace process.

20. Material Litigation (cont'd)

On 4 August 2023, the Italian Court of Appeal allowed Danieli's challenge and revoked the recognition order of the First Award obtained by SHRC in Italy on 12 June 2020. SHRC has been advised by its Italian lawyer that the decision was based on technical grounds and does not deny SHRC the right to pursue recovery in Italy of the amounts due under the First Award which have not been set aside by the Singapore Court of Appeal ("Modified Award"). In October 2023, SHRC (i) filed an application for the recognition of the Singapore Court Judgment in Italy; and (ii) appealed to the Italian Supreme Court against the decision of the Italian Court of Appeal. On 10 April 2024, the Italian Court of Appeal delivered its decision and recognised the Singapore Court Judgment as enforceable in Italy. SHRC took steps to enforce the Singapore Court Judgment in Italy by freezing Danieli's bank accounts in Italy and attaching the receivable debts owed by Danieli's clients in Italy. Danieli is opposing and challenging the enforcement actions in Italy. In July 2024, the Court allowed Danieli's application to stay the enforcement actions in Italy. SHRC has filed an appeal against the Court's decision.

Separately, SHRC has also commenced enforcement actions in France and Luxembourg and obtained recognition orders of the First Award in France and Luxembourg on 30 January 2023 and 15 March 2023 respectively.

In France, the court bailiff has seized and attached (i) receivable debts owed by certain clients of Danieli in France and (ii) patents belonging to Danieli in France. In November 2023, the Court rejected Danieli's application to stay the enforcement actions in France.

In Luxembourg, the court bailiff has seized (saisie arret conservatoire) the shares of two of Danieli's wholly owned subsidiaries, which are now frozen. In September 2023, the Court rejected Danieli's application for interim reliefs against the attachments in Luxembourg.

Danieli has filed appeals against the enforcement and recognition orders obtained in Luxembourg and France. In France, the hearing of Danieli's appeal is fixed on 4 February 2025, while in Luxembourg, no hearing date has been fixed yet. SHRC will continue to pursue enforcement of the First Award.

Second Award

On 3 January 2022, Danieli Thailand commenced proceedings against SHRC in the Malaysian Courts to recognise and enforce the Second Award in favour of Danieli Thailand against SHRC ("Danieli Thailand's Action"). SHRC is opposing and challenging Danieli Thailand's Action. A Court order recognising the Second Award as a judgment of the High Court ("Court Order") was served on SHRC on 15 January 2024. SHRC has filed an application to set aside the Court Order which is fixed for hearing on 21 August 2024.
