A2. Accounting Policies (Cont'd)

The adoption of the above mentioned accounting standards, amendments and interpretations does not have any significant impact on the Group results for the period under review except for revised FRS 3 and FRS 127 which will impact the Group's consolidation accounting relating to its future acquisitions and disposals of interests in subsidiaries as follows:

- (i) FRS 3 (Revised) introduces significant changes to the accounting for business combinations, both at the acquisition date and post acquisition, and requires greater use of fair values. In addition, all transaction costs, other than share and debt issue costs, will be expensed as incurred.
- (ii) FRS 127 (Revised) requires accounting for changes in ownership interests by the group in a subsidiary, while maintaining control, to be recognised as an equity transaction. When the group loses control of a subsidiary, any interest retained in the former subsidiary will be measured at fair value with the gain or loss recognised in profit or loss. The revised standard also requires all losses attributable to the minority interest to be absorbed by the minority interest instead of by the parent.
