B. ADDITIONAL INFORMATION REQUIRED BY BURSA MALAYSIA SECURITIES BHD MAIN MARKET LISTING REQUIREMENTS

B1. Review of Performance of the Company and its Principal Subsidiaries

Current quarter (2Q16) against corresponding quarter of last year (2Q15)

For the quarter under review, the Group had recorded revenue of RM386.78 million which was lower by 18.41% or RM87.29 million than the revenue in last year corresponding quarter of RM474.07 million. The Group had recorded a profit before tax of RM7.16 million which was 44.11% lower than the RM12.81 million achieved in last year corresponding quarter.

The decrease in the revenue was due to consumer sentiments still very weak even during festival season, following the concern over weakening ringgit, post implementation of Goods and Services Tax and inflating cost of living. Accordingly, the profit before tax also decreased due to lower revenue recorded.

Current year to date (YTD 2016) against corresponding year to date (YTD 2015)

For the 6 months financial period as at 31 March 2016, the Group had achieved revenue of RM745.47 million which was 14.75% or RM128.96 million lower than the revenue of RM874.43 million in the corresponding year to date and the profit before tax was dropped from RM22.00 million to RM12.41 million.

The drop in the revenue for the current year to date under review were resulted by the factors mentioned above. Accordingly, the profit before tax also decreased due to lower revenue recorded.

Current Quarter (2Q16) against preceding quarter (1Q16)

The Group's revenue for the current quarter under review was RM386.78 million, an increase of 7.83% or RM28.09 million from the preceding quarter of RM358.69 million. The profit before tax for the current quarter under review was RM7.16 million, an increase of 36.38% or RM1.91 million as compare to RM5.25 million recorded in the preceding quarter.

The increase in both revenue and profit before tax was mainly due to higher sales recorded during Chinese New Year festive in the current quarter under review.

B2. Commentary on Prospects
