Part II : KLSE Revised Requirements

13 Review of To Date Performance (against previous year)

The higher turnover and lower cumulative loss before tax were mainly attributable to the significant recognition of profits from the Country Heights Damansara Project in accordance to percentage of work completed and a gain of RM4,006,740 recognised at Group level for the disposal of Country Heights Brickfields College Sdn Bhd in current year.

14 Material Changes in the Quarterly Results as Compared with the Immediate Preceding Quarter

The Group was able to record a profit before taxation of RM1.8 million in the current quarter as compared to a loss before tax of RM3.4 million in the previous quarter. The improvement in results was contributed from a higher recognition of profits from the Country Heights Damansara Project in current year as substantial progress was recorded. The tourism property division also recorded increases in its revenue as it recovers from the double blow of the Iraq war and the Severe Acute Respiratory Syndrome ("SARS") outbreak earlier this year.

15 Current Year Prospects

Country Heights Damansara Project will continue to contribute significantly to the Group's profits in the final quarter of the year whereby its bungalow lots are scheduled to be officially handed over for vacant possession.

16 Variance on Forecast Profit/ Profit Guarantee
