Explanatory notes pursuant to Bursa Malaysia Listing Requirements: Chapter 9, Appendix 9B, Part A For the three months period ended 31 March 2016

#### 20. Performance review

The Group registered lower revenue of RM47.7 million for the current quarter under review as compared with RM57.9 million for the same quarter last year. The decrease was attributed to the publication, distribution and advertisements segment. Consequently the Group reported higher loss before tax (LBT) of RM26.2 million for the current quarter as compared with LBT of RM19.7 million for the same quarter last year. The reduction of the total costs by 5.5% has lessened the impact of the reduction in revenue.

#### 21. Comparison with the immediate preceding quarter results

The Group posted lower revenue by RM20.2 million from RM67.9 million in the preceding quarter ended 31 December 2015 to RM47.7 million in the current quarter mainly due to a reduction in revenue from the publication, distribution and advertising segment. Other income decreased by RM47.7 million due to the gain on disposal of investments amounted to RM50.6 million recognised in the preceding quarter ended 31 December 2015. Total costs dropped by RM16.2 million as higher impairment losses were recorded in the fourth quarter 2015. Accordingly the Group recorded a LBT of RM26.2 million as compared with profit before tax (PBT) of RM25.7 million for the preceding quarter.

### 22. Comment on current year prospects

The Malaysian economy is expected to continue on a moderate growth path in 2016. Uncertainties in the global economic and financial environment are expected to continue in 2016. Given this outlook, the directors remain cautious with regard to the Group's performance in 2016 as we expect to face another challenging year ahead.

Nevertheless, we will continue to strengthen our core business amidst strategies to seek new revenue streams to diversify our business portfolios. Newspapers' contents are being continually improved and creative packages for advertisements are offered in our effort to increase readership and revenue. Whilst maintaining focus on print media, we are promoting our Utusan Online portal and digital newspapers. Continuous efforts are made to ensure our digital products garner higher traffics and subscriptions. In the school segment, our printed Tutor products are also available online through tutor.com.my. In short, the Group will continue to evolve and adapt to the ever-transforming media landscape.

The Group will also continue to implement stringent cost control measures and to improve operational efficiency in order to strengthen our internal structure to ensure a solid foundation for the Group to embark on its future plans.
