**Auditors' Report on Preceding Financial Period Financial Statements**

The following is an extract of the audit report of the preceding financial period ended 31 December 2020:

**Disclaimer Opinion**

We were engaged to audit the financial statements of Dolomite Corporation Berhad, which comprise the statements of financial position as at 31 December 2020 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 7 to 116.

We do not express an opinion on the accompanying financial statements of the Group and of the Company. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

**Basis for Disclaimer Opinion**

1. As disclosed in Note 2.6 to the financial statements, the Company incurred a net loss of RM66.778 million during the financial period ended 31 December 2020 and, as of that date, the Group's and the Company's current liabilities exceeded their current assets by RM146.741 million and RM141.144 million respectively and the Company recorded a capital deficiency of RM59.574 million.

Since the previous financial years, one of the subsidiaries of the Company, Dolomite Power-Shandong (HK) Ltd ("DPSHK"), had defaulted in instalment repayments of principal sums and interests in respect of credit facilities granted by Maybank International Labuan Branch ("Maybank").

On 30 September 2020, the Company, which is a Corporate Guarantor for term loan facility granted by Maybank to DPSHK, a wholly owned subsidiary of Dolomite Technology (HK) Limited which in turn is a wholly owned subsidiary of the Company received a Writ and Statement of Claim through its solicitor for an outstanding amount of USD36,599,125 (equivalent to approximately RM146,864,000) under the term loan facility.

On 18 November 2020, Maybank has filed a Notice of Application for summary judgement. On 18 March 2021, the High Court Judge allowed Maybank's summary judgement application with costs and ordered DPSHK to repay the outstanding amount of USD36,599,125 (equivalent to approximately RM146,864,000). The Judge dismissed the Defendants' Notice of Application to amend the defense and to include a counterclaim with costs.

On 24 March 2021, the Company filed Notices of Appeal against the above decisions given by the High Court Judge.

The directors of the Company are of the opinion that the preparation of the financial statements of the Group and the Company on a going concern basis remains appropriate given the following measures being taken or will be taken by the Group and the Company to mitigate the existence of material uncertainty on going concerns and to meet their obligations falling due within the next 12 months which, include amongst others:

- i) The Group will seek an amicable settlement with Maybank;
- ii) The Group is exploring with potential purchasers who indicated their interests to acquire the thermal power plant located in Shandong Province of People's Republic of China; and
- iii) The Group is looking at monetising certain property assets of the Group.

If these events are not forthcoming, the Group and the Company may be unable to realise their assets and discharge their liabilities in the normal course of business. Accordingly, the financial statements of the Group and the Company may require adjustments relating to the recoverability and classification of recorded assets and liabilities that may be necessary should the Group and the Company be unable to continue as going concerns.

We were unable to obtain sufficient appropriate audit evidence regarding the disposal of the thermal power plant of the Group. The monetisation of certain property assets of the Group including obtaining the amicable settlement with the bank, remain in doubt at this stage.

2. As disclosed in Note 32 to the financial statements, financial guarantee is given by the Company to Maybank International Labuan Branch (“Maybank”) for credit facilities to Dolomite Power-Shandong (HK) Ltd (“DPSHK”).

The outstanding balances as at the end of the financial period ended 31 December 2020 owing to Maybank for the facilities granted to the said subsidiary amounted to RM150.855 million.

As DPSHK had defaulted in instalment repayments of principal sums and interests in respect of credit facilities, the financial guarantee given by the Company to the bank had crystallised. However, no provision for the financial guarantees has been made in the financial statements of the Company.

We were unable to obtain sufficient appropriate audit evidence in respect of the loans and borrowings, penalties, interest and other possible costs recorded and unrecorded in the financial statements of the Company for the period ended 31 December 2020.

3. As disclosed in Note 5(g) to the financial statements, included in property, plant and equipment are the property, plant and equipment amounting to RM175.947 million of a subsidiary of the Company, namely Shandong Dolomite Thermal Power Company Limited (“SDTP”).

On 3 March 2017, SDTP has been issued with the Power Generation Certificate and commenced its full operation. However, with effect from 30 November 2017, SDTP has ceased its operation due to low demand from the customers. In addition, the assets of SDTP was frozen by the People’s Court of Linyi County of Shandong Province as a result of the claims made by the suppliers and customers.

In the previous financial year ended 30 June 2019, the recoverable amount of the property, plant and equipment of SDTP of RM208 million as at 30 June 2019 was based on the valuation report issued by an external independent valuer in Shandong Province of China using depreciated replacement cost method and not taken into consideration that SDTP has ceased its operation and the condition of these assets are not known as it was frozen. During the financial period ended 31 December 2020, no independent professional valuer was appointed to assess the recoverable amount of the assets of SDTP and no impairment is made in the financial statements.

Accordingly, we were unable to perform sufficient appropriate audit procedures to satisfy ourselves as to whether any adjustments to these amounts were necessary to the financial statements.

As disclosed in Note 5(f) to the financial statements, the Group reclassified its land use rights to property, plant and equipment in the previous financial year. The Group also revalued its land use rights based on the valuation report issued by an external independent valuer in Shandong Province of China at fair value as at 30 June 2019. During the financial period, the land use rights have been restated at historical cost. These adjustments have not taken into consideration of the accounting policy adopted and accounting standards applicable to the Group.

Accordingly, our audit opinion on the financial statements during the previous financial year was modified on this matter. Our audit report on the current year’s financial statements is also modified because of the possible effect of this matter on the comparability of the current period’s figures and the corresponding figures.
