Notes to the Interim financial report for the First Quarter ended 31 March 2017

PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

A1. Basis of Preparation

This condensed consolidated interim financial statements (Condensed Report) has been prepared in accordance with *MFRS 134: Interim Financial Reporting* and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. This Condensed Report also complies with *IAS 34: Interim Financial Reporting* issued by the International Accounting Standards Board (IASB).

The interim financial report should be read in conjunction with the audited financial statements of the Group for the year ended 31 December 2016. These explanatory notes attached to the interim financial report provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 December 2016.

A2. Changes in Accounting Policies

i) New Standards, Annual Improvements and Amendments adopted by the Group

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 December 2016 except for the adoption of the pronouncements that became effective from 1 January 2017.

<i>Description</i>	<i>Effective for annual periods beginning on or after</i>
Amendments to MFRS 107: Disclosure Initiative	1 January 2017
Amendments to MFRS 112: Recognition of Deferred Tax Assets for Unrealised Losses	1 January 2017
Amendments to MFRS 12: Disclosure of Interests in Other Entities (Annual Improvements to MFRS Standards 2014-2016 Cycle)	1 January 2017

PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

A2. Changes in Accounting Policies (cont'd)

i) New Standards, Annual Improvements and Amendments adopted by the Group (cont'd)

The adoption of the above pronouncements did not have material impact on the financial statements of the Group, except as disclosed below:

Amendments to MFRS 107: Disclosure Initiative

The amendments to MFRS 107 Statement of Cash Flows requires an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. On initial application of this amendment, entities are not required to provide comparative information for preceding periods. These amendments are effective for annual periods beginning on or after 1 January 2017, with early application permitted.

The amendments affect presentation and disclosure in financial statements only and have no impact on the Group's financial position or performance.

Amendments to MFRS 112: Recognition of Deferred Tax Assets for Unrealised Losses

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between retained earnings and other components of equity. Entities applying this relief must disclose that fact. The amendment has no material impact on the Group's financial position or performance.

Notes to the Interim financial report for the First Quarter ended 31 March 2017

PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

A2. Changes in Accounting Policies (cont'd)

ii) Standards issued but not yet effective

The Group has not adopted the following pronouncements that have been issued but not yet effective:

<i>Description</i>	<i>Effective for annual periods beginning on or after</i>
Amendments to MFRS 1: First-time Adoption of Malaysian Financial Reporting Standards (Annual Improvements to MFRS Standards 2014-2016 Cycle)	1 January 2018
Amendments to MFRS 128: Investments in Associates and Joint Ventures (Annual Improvements to MFRS Standards 2014-2016 Cycle)	1 January 2018
Amendments to MFRS 2: Classification and Measurement of Share-based Payment Transactions	1 January 2018
Amendments to MFRS 4: Applying MFRS 9 Financial Instruments with MFRS 4 Insurance Contracts	1 January 2018
Amendments to MFRS 140: Transfers of Investment Property	1 January 2018
IC Interpretation 22: Foreign Currency Transactions and Advance Consideration	1 January 2018
MFRS 15: Revenue from Contracts with Customers	1 January 2018
MFRS 16: Leases	1 January 2019
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred

The adoption of the above pronouncements is not expected to have material impact on the financial statements in the period of initial application, except as disclosed below:

MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 118 Revenue, MFRS 111 Construction Contracts and the related interpretations when it becomes effective.

The core principle of MFRS 15 is that an entity should recognise revenue which depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

Notes to the Interim financial report for the First Quarter ended 31 March 2017

PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

A2. Changes in Accounting Policies (cont'd)

ii) Standards issued but not yet effective (cont'd)

MFRS 15 Revenue from Contracts with Customers (cont'd)

Either a full or modified retrospective application is required for annual periods beginning on or after 1 January 2018 with early adoption permitted. The Directors anticipate that the application of MFRS 15 will have a material impact on the amounts reported and disclosures made in the Group's financial statements.

The Group is currently assessing the impact of MFRS 15.

MFRS 16 Leases

MFRS 16 will replace MFRS 117 Leases, IC Interpretation 4 Determining whether an Arrangement contains a Lease, IC Interpretation 115 Operating Lease-Incentives and IC Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under MFRS 117.

At the commencement date of a lease, a lessee will recognise a liability to make lease payments and an asset representing the right to use the underlying asset during the lease term. Lessees will be required to recognise interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessor accounting under MFRS 16 is substantially the same as the accounting under MFRS 117. Lessors will continue to classify all leases using the same classification principle as in MFRS 117 and distinguish between two types of leases: operating and finance leases.

MFRS 16 is effective for annual periods beginning on or after 1 January 2019. Early application is permitted but not before an entity applies MFRS 15. A lessee can choose to apply the standard using either a full retrospective or a modified retrospective approach.

The Group is currently assessing the impact of MFRS 16.
