19. Prospects for the current financial year

Malaysia's economic activity is expected to gradually improve in the second half of the year 2020 after Covid-19 containment measures are eased and the domestic movement control order (MCO) is lifted. According to Bank Negara, that would allow a gradual resumption of economic activities in the country and a greater demand in the services sector.

Recently, Environment and Water Ministry announce that as part of fostering Kedah state's economic growth and resolving water supply problem in Kedah, the Federal and State government will cooperate to upgrade existing water infrastructure. Along with several other infrastructure projects namely Kulim International Airport, Bukit Kayu Hitam special border economic zone and a new highway linking Sungai Petani and Bandar Baharu, the group is aiming to get the benefit from these upcoming initiatives. This will help BDB to replenish its construction order book and improve its earning visibility.

The Group's Engineering and Construction Division will continue to tap into any suitable opportunities by placing greater emphasis on infrastructure projects. The division is ready to support Federal and State government aspiration to resolve water supply problem in Kedah. The division has completed several waters related projects in the past and currently being awarded non-revenue water project in Perlis worth RM40 million. Recently, our subsidiary, BDB Synergy Sdn Bhd received Letter of Intent from Kedah State government for the upgrading works of water treatment plant in Pelubang, Kedah.

Road building and Quarry Division is expected to consistently contribute to the Group's earnings. The division will continue to pursue routine road and highway maintenance and road building and pavement works from government and private sectors.

The Property division will be focusing to reduce its property inventories. The division is expected to get benefited by the incentives announced in the short-term Economic

Recovery Plan (Penjana) through the reintroduction of Home Ownership Campaign, the uplifting of financing margin limit and real property gains tax (RPGT) exemption. The division also will be prioritizing affordable residential projects to support Kedah State Housing Policy.
