The accounting policies and methods of computation adopted by the Group in these quarterly financial statements are consistent with those adopted in the most recent annual audited financial statements for the year ended 31 December 2009, except that the Group has adopted the new/revised FRSs and Issues Committee (“IC”) Interpretations mandatory for annual periods beginning on or after 1 January 2010 as follows:

IC Interpretation 13	Customer Loyalty Programmes
IC Interpretation 14	FRS 119 - The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction
TR i-3	Presentation of Financial Statements of Islamic Financial Institutions

The principal effects of the changes in presentation, changes in methods of computation and in accounting policies resulting from the adoption of the new and revised FRSs, IC Interpretations and Amendments are set out below:

- (a) FRS 7 Financial Instruments: Disclosures (effective for annual periods beginning on or after 1 January 2010). With the adoption of FRS 7, financial assets and financial liabilities are disclosed in the statement of financial position based on their respective classifications. This standard requires additional disclosures regarding fair value measurements and liquidity risk in the full year financial statements, and has no effect on reported profit or equity. However, FRS 7 disclosures are not required in the interim financial statements, and hence, no further disclosures have been made in these interim financial statements.
- (b) Amendments to FRS 101 Presentation of Financial Statements (effective for annual periods beginning on or after 1 January 2010). Prior to the adoption of the revised FRS 101, the components of the financial statements presented consisted of a balance sheet, an income statement, a statement of changes in equity, a cash flow statement and notes to the financial statements. With the adoption of the revised FRS 101, the components of the interim financial statements presented consist of a statement of financial position, a statement of comprehensive income (in two separate statements), a statement of cash flows and notes to the financial statements. The total comprehensive income for the period is presented as a one-line item in the statement of changes in equity.
- (c) Amendments to FRS 117 Leases (effective for annual periods beginning on or after 1 January 2010). The amendments to FRS 117 requires entities with existing leases of land and buildings (combined) to reassess the classification of land as a finance or operating lease. The Group has reclassified the existing leasehold land to property, plant and equipment following this reassessment, with no effect on reported profit or equity. However, as a result of the adoption of the Amendments to FRS 117, comparative balances have been restated as follows:

31 December 2009	As previously reported RM'000	Effects of changes in accounting policy RM'000	As restated RM'000
Property, plant and equipment	70,513	16,287	86,800
Leasehold land	16,287	(16,287)	-

- (d) FRS 139 Financial Instruments: Recognition and Measurement (effective for annual periods beginning on or after 1 January 2010). In accordance with the requirement of this standard, financial derivatives are stated at fair value which is equivalent to the marking of the financial derivatives to market, using prevailing market rates. Financial derivatives with positive market values (unrealized gains) are included under current assets and financial derivatives with negative market values (unrealized losses) are included under current liabilities in the statement of financial position. Any gains or losses arising from changes in fair value on financial derivatives during the financial period that do not qualify for hedge accounting and the ineffective portion of an effective hedge, are taken directly to the statement of comprehensive income.

The adoption of other interpretations and revisions to existing FRSs, IC Interpretations and Amendments mandatory for annual periods beginning on or after 1 January 2010 did not result in significant changes in the reported profit or equity or on the disclosures in the financial statements.
