B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA SECURITIES

B1 Review of performance

During the current financial quarter, the Group recorded a lower revenue of RM73.9 million as compared to a revenue of RM103.0 million in the preceding year's corresponding financial quarter, representing a decrease of RM29.1 million (28%) mainly due to lower revenue contribution from Concession and Construction segments. For the current financial year-to-date, the Group registered a revenue of RM355.0 million as compared to RM384.3 million reported in the preceding year's corresponding financial year-to-date, representing a decrease of RM29.3 million or (8%) mainly attributed to lower revenue contribution from the Concession segment and mitigated by higher revenue contribution from the Plantation and Construction segments.

The Group reported a loss before tax ("LBT") of RM6.6 million and RM15.1 million for the current financial quarter and financial year-to-date as compared to a PBT of RM16.8 million and LBT of RM9.4 million in the preceding year's corresponding financial quarter and financial year-to-date, representing negative variances of RM23.4 million (>-100%) and RM5.7 million (-61%) respectively. The LBT recorded for the current financial quarter and financial year-to-date was mainly attributed to higher finance costs and mitigated by improvement in operational profits from the Plantation segment.

The review of the Group's performance by each segment is as follows:

(a) Construction :

The Construction segment reported a lower revenue of RM32.3 million and profit before tax ("PBT") of RM0.7 million during the current financial quarter as compared to a revenue of RM58.7 million and PBT of RM6.9 million in the preceding year's corresponding financial quarter, representing a decrease in revenue of RM26.4 million or (-45%) and PBT of RM6.2 million (-90%).

The lower revenue and PBT for the current financial quarter was mainly due to slower work progress for the Bonus Project and Kuantan Project as compared to the preceding year's corresponding financial quarter.

(b) Plantation :

The Plantation segment reported a higher revenue of RM12.4 million and lower LBT of RM5.4 million during the current financial quarter as compared to a revenue of RM10.0 million and LBT of RM5.9 million in the preceding year's corresponding quarter, representing an increase in revenue of RM2.4 million or 24% and a positive variance in LBT of RM0.5 million (8%).

The increase in revenue for the current financial quarter and financial year-to-date was mainly due to higher CPO prices. Consequently, it contributed to a lower LBT for the current financial quarter and financial year-to-date, despite higher finance costs.

(c) Concession :

During the current financial quarter and financial year-to-date, the Concession segment reported lower revenue of RM29.2 million and RM178.9 million as compared to a revenue of RM34.3 million and RM225.3 million in the preceding year's corresponding financial quarter and financial year-to-date, representing negative variances of RM5.1 million (-15%) and RM46.4 million (-21%) respectively mainly due to the completion of the construction works of the UiTM-Z1P3 and hand over of the completed facilities to UiTM in the first quarter of 2021. The UiTM-Z1P3 Availability Charges and Maintenance Charges ("AMS Charges") had commenced on 1 February 2021 over the next twenty two (22) years of the UiTM-Z1P3 concession.

The Concession segment reported lower PBT of RM5.9 million and RM31.7 million for the current financial quarter and financial year-to-date as compared to PBT of RM19.7 million and RM42.3 million in the preceding year's corresponding financial quarter and financial year-to-date, representing negative variances of RM13.8 million (-70%) and RM10.6 million (-25%) respectively mainly due to higher operating expenses and finance costs.

B2 Comparison of loss before taxation with the immediate preceding financial quarter

The Group reported a revenue of RM73.9 million and a LBT of RM6.6 million for the current financial quarter as compared to a revenue of RM64.4 million and a LBT of RM5.7 million in the immediate preceding financial quarter, representing an increase in revenue of RM9.5 million (15%) and a negative variance in LBT by RM0.9 million (16%) respectively. The negative variance in LBT for the current financial quarter was mainly due to higher operating expenses.

B3 Prospects

The Group will continue to progress with its business activities within its core business segments and remain focused on building on its strengths and long-term strategies to mitigate the challenges in the current year. The Group will also continue to closely monitor the prolonged effect of the COVID-19 pandemic on the economy and the related financial effects and will continuously assess the impact of the COVID-19 pandemic on the Group's operations and financial position.

Construction

Key focuses for the Group on the Construction segment are to achieve the completion of the D44 Project and Kuantan Project according to the revised implementation schedule after taking into account the impact of the MCO, CMCO, RMCO and re-imposition of the MCO, FMCO and the new norm and strict standard operating procedures (SOPs) in the construction industry, as well as to maintain high construction standards and good safety records. The Group practises a cautious approach to maintain profitability from existing projects with its long term strategic expansion plans through assessing new risks and opportunities and exploring options to participate in utilities and infrastructure sector in other states.

Plantation

On the Plantation segment, the Group expects that the COVID-19 pandemic to continue to have a major impact on the global markets amidst a resurgence of infection waves. With the prevailing labor shortages experienced by the plantation industry in Malaysia and tight global vegetable oil inventory, the CPO price is expected to average at RM3,800 per tonne in 2022 according to the Malaysian Palm Oil Board.

The Group aims to focus on increasing the operational efficiency to generate greater yield output through implementing good agriculture practices, improving harvest collection systems and better vehicle fleet management.

The Group will also focus on mitigating the shortage of workers via the introduction of new incentives scheme and improving workers' welfare and amenities to provide a conducive living environment to the workers and striving to improve on workers' productivity.

Concession

The Group will continue to fulfil the maintenance services contract for the Concession Project UiTM-Zone 1 Phase 2, Campus Puncak Alam ("UiTM-Z1P2"). The construction works for UiTM-Z1P2 commenced in 2011 and was completed in 2014 and the facilities management services are for a period of 20 years which commenced from 2014 to 2034.

As for the Concession Project UiTM-Zone 1 Phase 3, Hospital UiTM at Puncak Alam ("UiTM-Z1P3"), the concession is for a period of 25 years and 10 months, commencing from 11 April 2017, encompassing 3 years and 10 months for construction works and 22 years for asset management services. On 1 February 2021, UiTM issued the Certificate of Acceptance and hence, the Group commenced with the asset management services phase of the Concession Agreement and payment of the Availability Charges (for the availability of the Facilities and Infrastructure) and Asset Management Services Charges (for the provision of maintenance services and asset replacement programme) of the Concession Agreement on 1 February 2021, to be conducted over a period of 22 years. This important milestone marked the Group's entry into the healthcare and healthcare services sector. The Group plans to deliver the highest quality of facilities management services in order to build its reputation and track record in this segment and drive future sustainable growth for the Group.
