#### 2. Qualification of preceding annual financial statements

The auditors' report on the Company's financial statements for the year ended 31 December 2009 was qualified in the manner of Disclaimer of Opinion due to the following significant material uncertainties on the ability of the Group and the Company to continue as going concerns:

- a) On 23 February 2010, the Group announced that the consolidated shareholders' equity of the Group was less than 25% of the Company's issued and paid-up capital and was less than RM40 million. Consequently, pursuant to Paragraph 8.04(2) and Paragraph 2.1(a) of Practice Note 17 ("PN17") of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia, the Company has been categorized as a PN17 company. The Company is required by the MMLR to submit a regularization plan to the Securities Commission or Bursa Malaysia for approval with 12 months from 23 February 2010, on which the Company may face delisting if it fails to regularize.
- b) Since May 2008, the Group has defaulted the repayments of various borrowings. The Group is currently working towards finalizing a conclusive debt restructuring proposal with the lenders ("Proposed Debt Restructuring"). The Proposed Debt Restructuring is expected to form an integral part of the regularization plan as mentioned above.
- c) The above events may affect the ability of the Group and the Company to obtain continued financial support from the financiers and also to attain profitable operations to generate sufficient cash in future to fulfill their obligations as and when they fall due. Therefore, the appropriateness of using the going concern assumption for the preparation of the financial statements is highly dependant upon the successful implementation of an approved regularization and debt restructuring plan.

The current status of the matters giving rise to the qualifications is as follows:

- i) The Company's advisor is in the midst of formulating a regularisation plan to regularize the financial condition of the Company and shall announce the regularisation plan to Bursa Securities in due course.
- ii) The Company is still working on the definitive agreements for the debt restructuring as stated in Note 22 below.
- iii) The Group continues to focus on the provision of customized air freight services and is working to secure new businesses and additional traffic rights to improve aircraft utilization and the financial performance of the Group.
