B1. Review of performance

Group revenue for the first quarter ended 31 December 2012 was RM 108 million. This amount was approximately RM 7 million lower compared with the previous year corresponding period of RM 115 million. The decrease in revenue was mainly due to decrease in shipping and shipping related revenue as flat economic conditions within the intra-Asian regions continued to prove very challenging. For the quarter ending 31 December 2012, volumes from customers have been subdued and freight rates have been competitive.

B2. Comparison with preceding quarter's results

The Group recorded a pre-tax profit of RM 0.9 million this quarter compared to the pre-tax loss of RM 5.7 million in the previous quarter. The losses in the previous quarter were mainly due to the scrapping of two vessels.

B3. Commentary on Prospects

The Group expects the shipping industry, in general, to be challenged by subdued demand for shipping services, increased competition, rising fuel costs and stagnant freight rates.

The Group shall continue to review various niche trade routes with an objective of increasing vessel capacity utilisation rates and profitability.
