B1. Review of performance

Group revenue for the final quarter ended 30 September 2013 was RM 91 million as compared to RM 139.9 million in the corresponding period of the previous year. The decrease was mainly attributable to competitive rates and reduction of capacities as a result of vessels scrapped. Economic conditions within the intra-Asian regions continued to prove challenging.

B2. Comparison with preceding quarter's results

Amidst the challenging shipping environment, the Group managed to turn a gross operating profit of RM 4.28 million for this quarter. This is compared with a gross operating profit of RM 2.84 million in the prior quarter.

The turnaround to a profit before tax of RM 3 million as compared to a loss before tax of RM 162.8 million last quarter was mainly due to impairment losses of RM 151.2 million taken up in the previous quarter.

B3. Commentary on Prospects

The shipping market for the foreseeable future is expected to be challenged by subdued demand for shipping services and increased competition.

Against this outlook, the Group shall continue to evaluate various niche trade routes in Malaysia and intra-Asian regions with an objective of increasing vessel capacity utilisation rates and profitability.

Not applicable as the Group did not issue any profit forecast and /or profit guarantee for the quarter.
