For the Group's Building Material Division, despite the property market is expected to slow down, the construction of infrastructure projects such as the Mass Rapid Transit (MRT) – 3rd line and Light Rail Transit (LRT) extensions should be able to sustain the domestic demand for construction material.

The Group's Information Technology division is not showing any sign of recovery from the implementation of GST since April last year. However, the Group will focus to increase the revenue through the E-commerce and corporate sales division.

Barring any unforeseen circumstances the Board expects the current financial performance to improve.
