**NOTES TO THE INTERIM FINANCIAL REPORT ON CONSOLIDATED RESULTS
FOR THE FIFTH QUARTER ENDED 30 JUNE 2024****B2. Comparison with the Preceding Quarter's Results (Cont'd)**

The Group recorded a loss before tax of RM17.955 million compared to the loss before tax of RM16.522 million for the preceding quarter. The higher loss recorded is mainly attributed to the impairment of property, plant and equipment, as well as inventories during the current quarter.

B3. Commentary of Prospects

The Group anticipates the economic landscape for consumer packaging and printing services to remain challenging in the near future. However, there are signs with the recent uptick in economic numbers that the local manufacturing industry is recovering and this can be seen in a gradual increase in our printing and labelling numbers.

Meanwhile the mask business saw a small spike due to the recent influenza outbreak, however the short-term demand increase was insufficient to provide any material impact into what appears to be an overall overstocked position.

During the past three quarters the Group has valiantly attempted to penetrate surgical mask business locally and abroad. To this date, Komark Mask has made little headway in market penetration, in what is a highly commoditised business.

Increase in minimum wages, weakening ringgit and general global economic turbulence has made international marketing of our products extremely difficult, while locally the preference to continue to use China made low grade masks remains.

In light of this, the management is making adjustments in its forecasts and budgets to redirect all free resources into boosting its labelling and printing business.

Our Johor operation has seen a revival in the past few quarters, driven by increasing Singaporean orders.

Despite the war in Gaza having an effect on some of our customers whose demand has been reduced due to the boycott movements, we have as stated above, seen a revival in the manufacturing space with increasing demand for labelling, packaging and printing services.

The management will continue to drive a two-pronged strategy, diverting its focus in line with the general economic trends.

B4. Profit Forecast or Profit Guarantee

The Group did not announce or disclose any profit forecast or profit guarantee in a public document.

The Company had on 11 May 2021, filed a Writ and Statement of Claim in the High Court against The Edge for, amongst others, damages and an injunction to restrain The Edge whether by itself, its agents or servants or otherwise from publishing or causing to be published the same or similar words defamatory of The Company.

The Edge then filed its Defence on 19 July 2021. On 11 August 2021, The Company filed an application for, among others, further and better particulars in respect of the Defence and extension of time to file their Reply. On 19 August 2021, The Edge filed an application to strike out the Writ and Statement of Claim.

On 13 October 2021, both applications were dismissed by the High Court with costs of RM5,000.00 payable to The Company (in respect of the striking out application) and costs of RM5,000.00 payable to The Edge (in respect of the further and better particulars application).
