Our opinion is not modified in respect of this matter,"

The reference to Note 2(a) of the FS 2023 is reproduced below:-

### "BASIS OF PREPARATION

The financial statements of the Group and the Company have been prepared on a going concern basis, notwithstanding that the Group and the Company incurred accumulated losses of RM74,081,000 and RM74,300,000 respectively during the financial period ended 30 September 2023 (Note 17), and as of that date, the Group's and the Company's current liabilities exceeded their current assets by RM22,377,000 and RM41,566,000 respectively, thereby indicating the existence of a material uncertainty which may cast significant doubt about the Group and the Company's ability to continue as a going concern.

The ability of the Group and the Company to continue as a going concern is dependent on continuous financial support from its shareholders in order to enable it to meet its obligations and liabilities as and when they fall due."

The following are the Key Audit Matters as reported in the Independent Auditors' Report of the FS 2023:-

Key audit matter	How the matter was addressed in the audit
Property, plant and equipment, investment properties and inventories (Note 4, 6 and 8 to the financial statements)	Our audit performed and responses thereon:

The carrying amount of the Group's property, plant and equipment, investment properties and land held for development (inventory) amounted to RM27,414,000, RM35,030,000 and RM12,318,000 respectively, which represented 99% of the Group's total non-current assets as at 30 September 2023.

The management has assessed if there are any indication of impairment and performed an assessment on the carrying amount of the freehold land and building, investment properties and land held for development (inventory)

We focused on this area due to complexities in determining the fair value of the property, plant and equipment, investment properties and inventories, which involved significant estimates and judgements in determining the appropriate valuation methodologies and estimating the underlying assumption to be applied.

- Review the valuation methodology on recoverable amount on adopted by the Group in accordance to the requirements of MFRS 136 Impairment of Assets;
- Comparing the Group's assumption to externally derived data as well as our assessment; and
- Testing the mathematical accuracy of the impairment assessment.
