PART A – EXPLANATORY NOTES PURSUANT TO MFRS 134 FOR THE QUARTER ENDED 31 MARCH 2018

A1. BASIS PREPARATION

The financial statements of the Group and the Company have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act, 2016 in Malaysia.

The interim financial statements should be read in conjunction with the audited financial statements of the Group for the financial year ended 30 June 2017. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2017.

A2. FUNDAMENTAL ACCOUNTING PRINCIPLE

As at 31 March 2018, the current liabilities of the Group exceeded its current assets by RM102.081 million and the Group had a negative shareholder's equity of RM98.656 million.

As disclosed in the previous year's financial statements, Petrol One Resources Berhad ("PORB") and a subsidiary, Arus Dermaga Sdn Bhd ("ADSB") were unable to meet their loans obligations since January 2011 and March 2010, respectively. On 24 December 2013, PORB and ADSB entered into a debt settlement agreement ("DSA") with their respective lenders whereby the outstanding loan obligations will be settled in full by a cash payment of RM6.5 million. On 16 October 2014, PORB announced that it had agreed with its lenders to vary the terms of the DSA whereby the RM6.500 million will be settled (i) by the sale, by the lender, of the shares in the Company which have been pledged by a third party as security for the loan for a consideration amounting to RM3.040 million; and (ii) in cash for an amount of RM3.460 million. The variation was formalized in a supplementary settlement agreement ("SSA") on 21 November 2014. Please refer to part B7 for more details of the terms of the settlement.

On 30 August 2012, PORB announced that it had been classified as an affected listed issuer pursuant to Paragraph 2.1(a) of Practice Note 17 ("PN17") under the Main Market Listing Requirements of Bursa Malaysia. The PN17 criteria was triggered as a result of the shareholders' equity of PORB on a consolidated basis is less than 25% of its issued and paid-up capital (excluding treasury shares) and was less than RM40.000 million.

On 15 November 2013, PORB made its Requisite Announcement whereby it proposed to undertake a two (2) pronged approach, comprising the Group's business turnaround strategy ("Business Regularization Strategy") and the Proposed Regularization Plan to address its PNI7 issues. The Proposed Regularization Plan comprises the following: (i) Proposed Capital Reduction, (ii) Proposed Share Premium Reduction, (iii) Proposed Private Placement, (iv) Proposed Rights Issue with Warrants, (v) Proposed Scheme of Arrangement, and (vi) Proposed Amendment. The Proposed Regularization Plan was submitted to Bursa Malaysia on 28 March 2014 and the relevant announcement was made on the same day. On 21 January 2015, PORB submitted an application to Bursa Malaysia to vary certain terms of the Proposed Regularization Plan. An announcement was made on 21 January 2015 incorporating the details of the variations. The Proposed Regularization Plan of the Company was approved by Bursa Malaysia vide a letter dated 14 August 2015, subject to certain terms and conditions. An announcement was made on 14 August 2015 incorporating details of the approval.

On 24 December 2013, the Company and ADSB entered into a debt settlement agreement ("DSA") with their respective lenders whereby the outstanding loan obligations will be settled in full by a cash payment of RM6,500,000/-.

The Company, and its wholly-owned indirect subsidiaries, ADSB and One Petroleum (L) Ltd ("OPLL") were granted an order by the High Court of Malaya to hold a meeting with their scheme creditors pursuant to Section 176(1) of the Companies Act 1965. The Court Convened Meetings for approving the proposed scheme of arrangement ("the Scheme") were held on 7 July 2014. At the Court Convened Meetings, a majority in number and more than 75% in value of the scheme creditors who were present voted in approval of the Scheme. The Scheme was approved by the High Court of Malaya on 15 August 2014 and is binding until it is approved by a majority of the members of the respective companies at their members' meetings. As at the end of the financial year, the Group has not recorded the effect of the waiver of debt pending the completion of the Scheme.

FUNDAMENTAL ACCOUNTING PRINCIPLE (Continued)

On 16 October 2014, the Company announced that it had agreed with its lenders to vary the terms of the DSA whereby the RM6,500,000/- will be settled (i) by the sale, by the lender, of the shares in the Company which have been pledged by a third party as security for the loan for a consideration amounting to RM3,040,000/-; and (ii) in cash for an amount of RM3,460,000/-. The variation was formalised in a supplementary settlement agreement (“SSA”) on 21 November 2014. On the same date, the total sum of RM6,500,000/- was paid to the lenders under the terms of the SSA comprised of payment by the Company of RM3,460,000/- and payment by a third party of RM3,040,000/-. The Company has not recognised the fair value of corporate guarantee given to lender for loan given to subsidiary. The Group and the Company, however, have not recorded the effect of the waiver of the debt pending the completion of the disposal of the pledged shares.

On 27 July 2017, the Company announced to Bursa that the Proposed Regularisation Plan will be revised as per followings: (i) from proposed capital reduction of the issued and paid-up share capital of the Company pursuant to Section 64(1) of the Companies Act, 1965, involving the cancellation of RM0.90 of the par value of every existing ordinary share of RM1.00 each in the Company as per the approval letter revised to proposed capital reduction of the share capital of the Company pursuant to Section 115(a) and 116 of the Act 2016, (ii) no longer applicable on the Proposed Share Premium Reduction, (iii) from Proposed private placement of 200,000,000 placement shares to potential investors at an issue price of RM0.10 per placement share after the completion of the Proposed Capital Reduction and the Proposed Share Premium Reduction as per the approval letter to proposed private placement of 200,000,000 placement shares to identified investors at an issue price of RM0.10 per placement share after the completion of the Proposed Capital Reduction, (iv) No changes on the Proposed Rights Issue with Warrants, (v) no changes on the Scheme of Arrangement except the settlement amount, (vi) no longer applicable on the Proposed increase in the authorised share capital, and (vii) no longer applicable on the proposed amendment.

The interim financial information has been prepared on the historical cost basis and on the assumption of that the Group is a going concern.

In view of the matters set out above, there are material uncertainties that may cast significant doubt on the ability of the Group to continue as a going concern. The going concern assumption is dependent upon the implementation of the Regularization Plan, and the ability of the Group to continue to attain profitable operations. In the event that these are not successfully implemented, the Group may be unable to realize their assets and discharge their liabilities in the normal course of business. Accordingly, the interim financial information may require adjustments relating to the recoverability and classification of recorded assets and to additional amount and classification of liabilities that may be necessary should the Group be unable to continue as a going concern.

A3. AUDIT REPORT OF THE PRECEDING ANNUAL FINANCIAL STATEMENTS

The auditors’ report of the Company for the financial year ended 30 June 2017 contained a disclaimer of opinion by the Company’s auditors, Messrs. Baker Tilly Monteiro Heng. The basis of the disclaimers is stated as below: -

1. As disclosed in Note 2.2, the financial statements have been prepared on the historical cost basis and on the assumption that the Group and the Company are going concerns. PART A – EXPLANATORY NOTES PURSUANT TO MFRS 134 FOR THE QUARTER ENDED 31 MARCH 2018

AUDIT REPORT OF THE PRECEDING ANNUAL FINANCIAL STATEMENTS (Continued)

On 15 November 2013, the Company proposed to undertake a two (2) pronged approach, comprising the Group's business turnaround strategy ("Business Regularisation Strategy") and the Proposed Regularisation Plan to address its PN17 issues. The Proposed Regularisation Plan comprises the following: (i) Proposed Capital Reduction, (ii) Proposed Share Premium Reduction, (iii) Proposed Private Placement, (iv) Proposed Rights Issue with Warrants, (v) Proposed Scheme of Arrangement, and (vi) Proposed Amendment to Memorandum and/or Articles of Association. A further announcement was made on 21 January 2015 incorporating details of variations to the Proposed Regularisation Plan. On 14 August 2015, Bursa Malaysia approved the Proposed Regularisation Plan subject to certain terms and conditions.

On 24 December 2013, the Company and ADSB entered into a debt settlement agreement ("DSA") with their respective lenders whereby the outstanding loan obligations will be settled in full by a cash payment of RM6,500,000/-.

The Company, and its wholly-owned indirect subsidiaries, ADSB and One Petroleum (L) Ltd ("OPLL") were granted an order by the High Court of Malaya to hold a meeting with their scheme creditors pursuant to Section 176(1) of the Companies Act 1965. The Court Convened Meetings for approving the proposed scheme of arrangement ("the Scheme") were held on 7 July 2014. At the Court of Convened Meetings, a majority in number and more than 75% in value of the scheme creditors who were present voted in approval of the Scheme. The Scheme was approved by the High Court of Malaya on 15 August 2014 and is binding until it is approved by a majority of the members of the respective companies at their members' meetings. As at the end of the financial year, the Group has not recorded the effect of the waiver of debt pending the completion of the Scheme.

On 16 October 2014, the Company announced that it had agreed with its lenders to vary the terms of the DSA whereby the RM6,500,000/- will be settled (i) by the sale, by the lender, of the shares in the Company which have been pledged by a third party as security for the loan for a consideration amounting to RM3,040,000/-; and (ii) in cash for an amount of RM3,460,000/-. The variation was formalised in a supplementary settlement agreement ("SSA") on 21 November 2014. On the same date, the total sum of RM6,500,000/- was paid to the lenders under the terms of the SSA. The Group and the Company, however, have not recorded the effect of the waiver of the debt pending the completion of the disposal of the pledged shares.

On 27 July 2017, the Company announced to Bursa that the Proposed Regularisation Plan will be revised as per followings: (i) from proposed capital reduction of the issued and paid-up share capital of the Company pursuant to Section 64(1) of the Companies Act 1965, involving the cancellation of RM0.90 of the par value of every existing ordinary share of RM1.00 each in the Company as per the approval letter revised to proposed capital reduction of the share capital of the Company pursuant to Section 115(a) and 116 of the Act 2016, (ii) no longer applicable on the Proposed Share Premium Reduction, (iii) from Proposed private placement of 200,000,000 placement shares to potential investors at an issue price of RM0.10 per placement share after the completion of the Proposed Capital Reduction and the Proposed Share Premium Reduction as per the approval letter to proposed private placement of 200,000,000 placement shares to identified investors at an issue price of RM0.10 per placement share after the completion of the Proposed Capital Reduction, (iv) No changes on the Proposed Rights Issue with Warrants, (v) no changes on the Scheme of Arrangement except the settlement amount, (vi) no longer applicable on the Proposed increase in the authorised share capital, and (vii) no longer applicable on the proposed amendment.

In view of the matters set out above, there are material uncertainties that may cast significant doubt on the ability of the Group and the Company to continue as going concerns.

The going concern assumption is highly dependent upon the shareholders' approving the Regularisation Plan and its successful implementation, the settlement of the defaulted debts, and the ability of the Group and the Company to attain profitable operations to generate sufficient cash flows to fulfil their obligations as and when they fall due. In the event that these are not accomplished, the Group and the Company may be unable to realise their assets and discharge their liabilities in the normal course of business. Accordingly, the financial statements may require adjustments relating to the recoverability and classification of recorded assets and to additional amount and classification of liabilities that may be necessary should the Group and Company be unable to continue as going concerns.

The Group registered revenue of approximately RM2.993 million for the current quarter ended 31 March 2018 as compared to approximately RM3.196 million achieved in the preceding quarter.
