FOR THE SECOND QUARTER ENDED 31 MAY 2014**

**(B) EXPLANATORY NOTES PURSUANT TO MAIN MARKET LISTING REQUIREMENTS OF
BURSA MALAYSIA SECURITIES BERHAD**

1. Review of Performance

For the current quarter ended 31 May 2014, the Group registered a turnover of RM8.672 million and loss before tax of RM0.436 million, as compared to a turnover of RM10.438 million and profit before tax of RM0.688 million achieved in the preceding year corresponding quarter. The drop in performance was mainly attributed to the decrease in the sales of certain Telematics and mapping products and the startup costs incurred by a foreign subsidiary from the ICT segment.

The Group reported a turnover of RM15.197 million as compared to preceding year corresponding period of RM21.932 million. The drop in revenue recorded was mainly attributed to the drop in sales of certain Telematics & mapping products from the ICT segment. The reduction in revenue, startup costs and outgoing expenses incurred on the building of a subsidiary from Others segment has resulted in a loss before tax of RM0.938 million for the current period as compared to profit before tax of RM1.656 million reported in the preceding year corresponding period.

The performance of the respective segment of the Group is summarized as follows:-

ICT Segment

ICT segment overall recorded lower revenue and profit before tax during the current quarter and period under review as compared to preceding year corresponding quarter and period. This was mainly due to the decrease in the sales of certain Telematics and mapping products by a subsidiary.

TIS Segment

The subsidiary engaged in the installation of fiber optic cables and civil works reported increase turnover due to higher progress billings from certain projects completed during the financial period. However the loss posted is within expectation due to startup costs incurred on certain new projects undertaken during the current period.

Others Segment

Loss registered during the current period was expected mainly attributed to the borrowing costs and outgoing expenses incurred on the maintenance of the building.

AMTEL HOLDINGS BERHAD (409449-A)
(Incorporated in Malaysia)

2. Material Changes in the Profit Before Tax for the Quarter Reported on as Compared with the Immediate Preceding Quarter.

The Group reported a loss before tax of RM0.436 million for the current quarter under review as compared to loss before tax of RM0.502 million reported in the immediate preceding quarter. Lower loss was reported in the current quarter mainly attributable to the increase in turnover from the sales of certain new Telematics and mapping products models and higher share of associated companies' results.

3. Prospects for the Current Financial Year

The Group will continue to monitor the control measures in place and various strategic business plans focusing on strengthening the Group's core business, broadening customer bases and tapping into new market segments. The Board anticipates that these initiatives upon materialization will be able to contribute positively to the Group's earnings in the near future.

4. Variances of Actual Profit from Forecast Profit

Not applicable.

5. Taxation

The taxation for the Group for the financial quarter and period under review was as follows:-

	Current Quarter RM'000	Cumulative Current Period RM'000
Tax expense:-		
Based on results for the period	-	-
Transfer to deferred tax liabilities	(4)	(40)
	<u>(4)</u>	<u>(40)</u>

There is no income tax charge during the current financial period due to tax loss position. The deferred tax expense recognized during the current period was relating to origination of temporary differences between the carrying amount of property, plant and equipment and its tax base.

6. Status of Corporate Proposals
