# NOTES ON THE QUARTERLY REPORT- 31 MARCH 2020

# A. EXPLANATORY NOTES AS PER MALAYSIAN FINANCIAL REPORTING STANDARD (MFRS) 134, INTERIM FINANCIAL REPORTING

### A1. Basis of Preparation

This interim financial report is prepared in accordance with the requirements of paragraph 9.22 of the Main Market Listing Requirement of Bursa Malaysia Securities Berhad and complies with MFRS 134, *Interim Financial Reporting* and other MFRS issued by the Malaysian Accounting Standards Board ("MASB").

The interim financial report is unaudited and should be read in conjunction with the Group's audited financial statements for the financial year ended 30 June 2019.

These explanatory notes attached to the interim financial report provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2019.

# A2. Changes in accounting policies arising from adoption of new MFRSs, Amendments to MFRSs and IC Interpretations

The accounting policies adopted for the interim financial statements are consistent with those of the audited financial statements for the financial year ended 30 June 2019 except for the adoption of the following MFRSs, Amendments to MFRSs and IC Interpretations:-

### Effective for financial periods beginning on or after 1 January 2019:

- MFRS 16, Leases
- IC Interpretation 23, Uncertainty over Income Tax Treatments
- Amendment to MFRS 9, Prepayment Features with Negative Compensation
- Amendments to MFRS 128, Long-term Interests in Associates and Joint Ventures
- Amendment to MFRS 3, Business Combinations and MFRS 11, Joint Arrangements-Previously Held Interest in a Joint Arrangements
- Amendment to MFRS 112, Income Taxes Consequences of Payments on Financial Instruments Classified as Equity
- Amendments to MFRS 119, Plan Amendment, Curtailment or Settlement
- Amendment to MFRS 123, Borrowing Costs Eligible for Capitalisation

The adoption of the above MFRSs, Amendments to MFRSs and IC Interpretations did not result in material impact to the interim financial statements of the Group, except for the following:-

### (a) MFRS 16: Leases

MFRS 16 replaces MFRS 117 Leases, IC Interpretation 4 Determining whether an Arrangement contains a Lease, IC Interpretation 115 Operating Leases-Incentives and IC Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the

accounting for finance leases under MFRS 117. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees is also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under MFRS 16 is substantially unchanged from accounting under MFRS 117. Lessors will continue to classify all leases using the same classification principle as in MFRS 117and distinguish between two types of leases: operating and finance leases.

The Group has adopted MFRS 16 using the modified retrospective method. Accordingly, the Group has not restated the comparative information. The Group has elected to apply the standard to contracts that were previously identified as leases applying MFRS 117 and IC Interpretation 4. ## **B1.** Financial Review for the Current Quarter

	Individua	l Quarte r	Individual Quarter			
	1 Jan 2020 to 3	31 Mar 2020	1 Jan 2019 to 3	31 Mar 2019		
		Profit/(Loss)		Profit/(Loss)		
	Revenue RM'000	Before Tax RM'000	Revenue RM'000	Before Tax RM'000

Property investment & management	2,270	(692)	10,163	1,866

Group revenue and (loss)/(profit) from operations (net of finance cost)	19,722	(56)	22,737	539		

The Group's revenue of RM19.72 million for the current quarter was lower by RM3.02 million as compared to RM22.74 million for the corresponding quarter. This was mainly due to the decline in revenue registered by the Food and franchise operations and Property investment & management caused by the ongoing COVID-19 pandemic and Movement Control Order ("MCO").

The Group registered a loss before tax of RM0.06 million for the current quarter as compared to a profit before tax of RM0.54 million for the corresponding quarter. This was mainly due to the lower revenue registered from the above mentioned segments for the current quarter.

The Food and Franchise Operations ("FFO") recorded a reduction in revenue of RM2.78 million due to the MCO, which took effect on 18 March 2020 to rein in the spread of COVID-19. Our FFO was adversely affected as with many other F&B operations in Malaysia. Our F&B revenue for the month of March 2020 saw a sharp declined of more than 50% prior to the outbreak of COVID-19 as our F&B outlets were only restricted to take-away and food delivery services during this period. The loss before tax of RM1.00 million for the quarter was mainly due to the reduction in revenue and loss of RM0.55 million on disposal of property, plant and equipment.

The Property Investment & Management ("PIM") registered a lower revenue of RM7.89 million and a corresponding loss before tax RM0.69 million against the preceding corresponding quarter. This was mainly due to the reduction in activities on site for the project management of a construction of an Integrated Limestone Processing Plant nearing completion which was further dampened with the restricted business activities during MCO.

The Resources & Sustainable Energy ("RSE") reported an increase in revenue of RM7.66 million with a corresponding profit before tax of RM3.17 million for the current quarter mainly contributed by the increase in sale of limestones just before the imposition of the MCO.

# **B2.** Financial Review for the Current Quarter Compared with the Immediate Preceding Quarter

	Current Quarter ended 31 Mar 2020	Preceding Quarter ended 31-Dec-19	Variances		
	RM'000	RM'000	RM'000	%	
Revenue	19,722	29,173	(9,451)	-32%	
(Loss)/Profit before taxation	(56)	534	(590)	-110%	

The Group registered a revenue of RM19.72 million and a loss before taxation of RM0.56 million for the current quarter as compared to a revenue of RM29.17 million and a profit before taxation of RM0.53 million for the immediate preceding quarter.

The Group posted a lower revenue of RM9.45 million which was primarily due to the restricted and prohibited business activities during the MCO.

However, the disproportionate decrease in loss before taxation of RM0.59 million was mainly due to the decline in revenue for the current quarter for the above mentioned reasons coupled with the loss on disposal of property, plant and equipment of RM0.55 million registered during the current quarter.

### **B3.** Prospects

The COVID-19 pandemic is still raging globally. Experts globally are predicting multiple waves of infections as countries start to ease their measures.

Although Malaysia has achieved positive developments in the fight against the COVID-19 epidemic during the MCO, the Government may be forced to reinstate the MCO on affected areas if there is any resurgence of significant cases during the MCO. The economy of Malaysia may sink into a deeper recession this year with negative spillover from the outbreak of COVID-19 pandemic, declining crude oil prices and deteriorating US-China trade war. While the Government had responded with Prihatin Rakyat Economic Stimulus Package, the outlook for the overall economy remains weak and may worsen in the coming quarters.

Against this backdrop, the Board anticipates our businesses will be faced with challenges ahead, nonetheless, the Board will continue to exercise caution and guide the Group through these turbulent waters.

### **B5.** Taxation

The tax charge for the Group are as follows:-

Income tax- prior year	-	-
Deferred tax- current year	-	-
Deferred tax- prior year	-	-
	(544)	(582)

The disproportionate tax charge of the Group for the current quarter was mainly due to the utilisation of tax losses bought forward by the subsidiary companies.
