16. REVIEW OF PERFORMANCE

During the current quarter ended 30 Nov 2007, Group revenue (of both continuing and discontinued operations) increased to RM30.32 million from RM28.54 million in the corresponding quarter of the preceding year. The Group recorded a profit before taxation (of both continuing and discontinued operations) of RM0.59 million as compared to RM1.77 million achieved in the corresponding quarter of the preceding year.

The increase in Group revenue was mainly due to a higher revenue from the retail and trading division. The lower profit before taxation was mainly attributable to the lower profit contribution from the retail & trading division as a result of increase in cost of merchandise.

17. MATERIAL CHANGES IN PROFIT BEFORE TAXATION

The Group achieved a profit before taxation of RM0.59 million during the current quarter as compared to a profit before taxation of RM0.85 million in the preceding quarter. This was mainly due to the lower profit contribution from the retail & trading division as a result of increase in cost of merchandise.

18. PROSPECTS FOR THE CURRENT FINANCIAL YEAR

Barring unforeseen circumstances the Directors expect the Group to continue contributing positively during the next quarter.

19. PROFIT FORECAST / PROFIT GUARANTEED

Not applicable.

20. TAXATION

Taxation includes:-

	Current period 3rd Quarter 30 Nov 2007 RM'000	Current period to date 30 Nov 2007 RM'000
(i) Current period	125	909
(ii) Deferred Tax	(9)	(26)
	116	883

The effective tax rate for the current quarter was lower than the statutory tax rate. This was mainly due to the utilisation of unabsorbed capital and reinvestment allowance of certain subsidiary companies. However, the year to date effective tax rate was higher than the statutory tax rate as the losses of certain companies within the Group were not available for set off against taxable profits of the other Group companies and certain expenses not being deductible for tax purposes.

The above taxation was in respect of both continuing and discontinued operations.
