NOTES TO THE INTERIM FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30 NOVEMBER 2017

9. Segmental Information (cont'd.)

The Group comprises the following main business segments:

- (i) Duty free trading of duty free goods and non-dutiable merchandise;
- (ii) Automotive manufacturing and marketing of automotive parts;
- (iii) Property and hospitality property development, property management and hotel operations;
- (iv) Investment holding; and

Segment Revenue

- (a) Duty free segment recorded slight increase in revenue in current quarter mainly due to increase in demand for certain products and sales mix. A drop was recorded in cumulative quarter compared to corresponding cumulative quarter in the previous financial year. The drop was largely due to lower demand from customers in particular in 1QFY2017 following the imposition of Goods and Services Tax at the border outlets and duty free zones with effect from 1 January 2017.
- (b) The revenue in Automotive segment in current quarter and cumulative quarter was higher than corresponding quarter and cumulative quarter in the previous year mainly due to higher orders received from its customers.
- (c) Lower revenue reported from Property and hospitality segment in the current quarter and cumulative quarter compared to the corresponding quarter and cumulative quarter in the previous year as a result of lower occupancy rate.
- (d) The revenue in the Investment holding segment mainly relates to interest income and dividend income from subsidiaries in the Group which were eliminated at Group level. Higher revenue recorded in current quarter and cumulative quarter as compared to the corresponding periods of the previous financial year mainly due to higher dividend received.
- (e) The revenue in the Others segment mainly relates to interest income and management fee from related companies in the Group which were eliminated at Group level.

Segment Results

(a) Duty free segment reported lower profit in current quarter and cumulative quarter as compared to the corresponding quarter and cumulative quarter in the previous year mainly due to lower revenue in cumulative quarter as mentioned above coupled with higher management fee incurred. However, the decrease was partly mitigated by savings in transportation costs.

9. Segmental Information (cont'd.)

Segment Results (cont'd.)

- (b) In the Automotive segment, lower profit was registered in current quarter and cumulative quarter as compared to the corresponding quarter and cumulative quarter in the previous year despite higher revenue was recorded. - (c) In the Property and hospitality segment, the profit for the current quarter and cumulative quarter was comparable to the corresponding quarter and cumulative quarter in the previous year.
- (d) Investment holding segment reported a loss in current quarter and cumulative quarter as compared to profit before tax recorded in the corresponding quarter and cumulative quarter in previous financial year. The unfavourable result for the current quarter was mainly due to net loss in foreign exchange amounting to RM7.3 million compared to net gain in foreign exchange amounting to RM9.5 million in the corresponding quarter in previous financial year arising from the currency translation to Ringgit Malaysia of DFIL Group's deposit in financial institutions of SGD2.8 million and USD43.7 million as at 30 November 2017, whereby the Ringgit Malaysia had strengthened against Singapore Dollar by approximately 3.5% from RM3.14 as at 31 August 2017 to RM3.03 as at 30 November 2017 and US Dollar by approximately 4.2% from RM4.27 as at 31 August 2017 to RM4.09 as at 30 November 2017.

23. Material Litigation/Contingent Liabilities

Other than as disclosed below, there were no material litigation/contingent liabilities matters involving the Company and/or its subsidiaries as at the date of this report.

On 30 November 2017, the Company announced that the Company's subsidiary, Seruntun Maju Sdn. Bhd. ("SMSB") had received the bills of demand dated 14 November 2017 from the Royal Malaysian Customs of Perak Darul Ridzuan ("Customs"), which SMSB received on 21 November 2017, demanding payments of customs duties, excise duties, sales tax and Goods and Services Tax ("GST") as follows:

- (i) RM15,400,962.14 claimed under the Customs Act 1967, for the period of 15 November 2014 to 30 September 2016.
- (ii) RM23,560,972.94 claimed under the Excise Act 1976, for the period of 15 November 2014 to 30 September 2016.
- (iii) RM377,704.90 claimed under the Sales Tax Act 1972, for the period of 15 November 2014 to 30 September 2016.
- (iv) RM2,255,346.88 claimed under the Goods and Services Tax Act 2014, for the period of 15 November 2014 to 30 September 2016.

The said Bills of demand were raised by the Customs Department who alleged that SMSB did not comply with certain conditions of a duty-free shop located at the border of Perintah Tetap Kastam Bil 55.

The Company, after consultation with its solicitors, strongly believes that there is no legal and/or factual basis for Customs Department to arrive at their decision to raise the said Bills of demand. This is especially so when SMSB's duty free shop is located after the last customs station enroute out of Malaysia and before the first customs station enroute into Malaysia, where no duties are payable. The solicitors of SMSB have/will be taking the necessary defence actions on its behalf.

On 29 November 2017, the High Court granted leave to SMSB's application for judicial review, as well as an interim stay of the enforcement of the following bills of demand until the disposal of the inter partes stay hearing:

- (i) RM15,400,962.14 claimed under the Customs Act 1967, for the period of 15 November 2014 to 30 September 2016.
- (ii) RM23,560,972.94 claimed under the Excise Act 1976, for the period of 15 November 2014 to 30 September 2016.

The High Court has on 4 January 2018 fixed the case for hearing on 12 April 2018.
