- (iii) Property and hospitality property development, property management and hotel operations;
- (iv) Investment holding; and
- (v) Others provision of corporate services, dormant and inactive companies.

#### **Segment Revenue**

(a) Duty free segment recorded an increase in revenue in the current quarter under review mainly due to increase in demand for certain products and sales mix. However, lower revenue was recorded in cumulative quarter compared to corresponding cumulative quarter in the previous financial year. The drop was largely due to lower demand from customers in particular in 1QFY2017 following the imposition of Goods and Services Tax at the border outlets and duty free zones with effect from 1 January 2017.

### NOTES TO THE INTERIM FINANCIAL STATEMENTS FOR THE PERIOD ENDED 28 FEBRUARY 2018

#### 9. Segmental Information (cont'd.)

#### Segment Revenue (cont'd.)

- (b) The revenue in Automotive segment in the current quarter and cumulative quarter was higher than corresponding quarter and cumulative quarter in the previous year mainly due to higher orders received from its customers.
- (c) Higher revenue reported from Property and hospitality segment in the current quarter as compared to the corresponding quarter in the previous financial year mainly due to higher occupancy rate. However, lower revenue was recorded in cumulative quarter compared to the corresponding cumulative quarter in the previous year mainly due to lower occupancy rates in the first three quarters of the current financial year.
- (d) The revenue in the Investment holding segment mainly relates to interest income and dividend income from subsidiaries in the Group which were eliminated at Group level. Lower revenue recorded in current quarter and cumulative quarter as compared to the corresponding periods of the previous financial year was mainly due to lower dividend income received.
- (e) The revenue in the Others segment mainly relates to interest income and management fee from related companies in the Group which were eliminated at Group level.

#### **Segment Results**

- (a) Duty free segment reported a comparable profit in the current quarter compared to the corresponding quarter in previous year. However, cumulative quarter was lower as compared to the corresponding cumulative quarter in the previous year mainly due to lower revenue recorded in the cumulative quarter as mentioned above. However, the decrease was partly mitigated by savings in transportation costs and lower inventories written down in this financial year under review.
- (b) In the Automotive segment, higher profit was registered in the current quarter and cumulative quarter as compared to the corresponding quarter and cumulative quarter in the previous year mainly due to higher revenue as mentioned above coupled with the reversal of overprovision of retirement benefits amounting RM2.4 million and gain on disposal of property, plant and equipment of approximately RM1 million.
- (c) In the Property and hospitality segment, the profit for the current quarter and cumulative quarter was higher than corresponding quarter and cumulative quarter in the previous year mainly due to lower operating and administrative expenses incurred.

### NOTES TO THE INTERIM FINANCIAL STATEMENTS FOR THE PERIOD ENDED 28 FEBRUARY 2018

#### 9. Segmental Information (cont'd.)

#### **Segment Results (cont'd.)**

(d) Investment holding segment reported a loss in current quarter and cumulative quarter as compared to profit before tax recorded in the corresponding quarter and cumulative quarter in previous financial year. The unfavourable result for current quarter was mainly due to absence of gain arising from changes in fair value of option amounting to RM4.0 million coupled with net loss in foreign exchange amounting to RM4.9 million compared to RM1.9 million net foreign exchange loss in the corresponding quarter in previous financial year.

For the cumulative quarter, the Ringgit Malaysia had rebounded against the Singapore Dollar by approximately 6.0% from RM3.15 as at 28 February 2017 to RM2.96 as at 28 February 2018 and US Dollar by approximately 11.7% from RM4.44 as at 28 February 2017 to RM3.92 as at 28 February 2018. Due to the stronger Ringgit Malaysia, DFIL Group had incurred a net loss in foreign exchange amounting to RM17.8 million in the current cumulative quarter arising from the currency translation of DFIL Group's deposits that were held in foreign currencies. For the corresponding cumulative quarter in the previous financial year, DFIL Group had recorded a net gain in foreign exchange of RM9.0 million.

(e) In the Others segment, higher profit was recorded in current quarter and cumulative quarter as compared to the corresponding quarter and cumulative quarter in the previous year mainly due to a reversal of provision of guarantees amounting to RM14.9 million in respect of credit facilities previously granted by the Group with a financial institution, now no longer required.

#### 23. Material Litigation/Contingent Liabilities

Other than as disclosed below, there were no material litigation/contingent liabilities matters involving the Company and/or its subsidiaries as at the date of this report.

On 30 November 2017, the Company announced that the Company's subsidiary, Seruntun Maju Sdn. Bhd. ("SMSB") had received the bills of demand dated 14 November 2017 from the Royal Malaysian Customs of Perak Darul Ridzuan ("Customs"), which SMSB received on 21 November 2017, demanding payments of customs duties, excise duties, sales tax and Goods and Services Tax ("GST") all totalling RM41,594,986.86.

The said Bills of demand were raised by the Customs Department who alleged that SMSB did not comply with certain conditions of a duty-free shop located at the border.

The Company, after consultation with its solicitors, strongly believes that there is no legal and/or factual basis for Customs Department to arrive at their decision to raise the said Bills of demand. This is especially so when SMSB's duty free shop is located after the last customs station enroute out of Malaysia and before the first customs station en-route into Malaysia, where no duties are payable. The solicitors of SMSB are taking the necessary defence actions on its behalf.

On 29 November 2017, the High Court granted leave to SMSB's application for judicial review, as well as an interim stay of the enforcement of the bills of demand until the disposal of the interpartes stay hearing under the Customs Act 1967 and Excise Act, 1976.

The High Court has on 4 January 2018 fixed the case for hearing on 12 April 2018 and subsequently postponed to 17 April 2018. During the hearing on 17 April 2018, SMSB argued that the Bills of demand are illegal and are raised beyond the scope of the Customs' jurisdiction. This is on the premise that the alleged conditions were not attached to the duty free shop licences issued to SMSB, as required under Section 65D(2) of the Customs Act 1967.

The High Court subsequently fixed for decision of the matter on 25 May 2018. In addition, the High Court also granted interim stay of enforcement of the Bills of demand until the date of decision.

On 12 December 2017, SMSB had also appealed to the Director-General in respect of the sales tax pursuant to Section 68 of the Sales Tax Act and had submitted an application to the Director-General in respect of GST pursuant to Section 124 of the GST Act. To-date, the matter is still pending a decision from the Director-General.
