9. Segmental Information (cont'd.)

Segment Revenue

- (a) The Duty Free segment recorded revenue of RM33.0 million in 1Q FY2022, representing a decrease of 23.6% or RM10.2 million, over the revenue of RM43.2 million in 1Q FY2021. The decrease was mainly due to the non-operations of the majority of the Duty Free retail outlets in Malaysia for three months from 1 March 2021 to 31 May 2021 as compared to the corresponding quarter of the previous year, whereby the cessation of operations for the same retail outlets were from 18 March 2020 to 31 May 2020 following the imposition of the nationwide MCO, CMCO and RMCO by the Malaysian Government to curb the outbreak of Covid-19 pandemic. Similar to the previous quarters, in the current quarter under review, only certain outlets in the Group that were not at the Malaysia Thai border and the airports were in operations with low sales recorded due to subdued consumer demand. The outlets that were opened were operating with strict compliance to the Standard Operating Procedures ("SOPs") guidelines issued by National Security Council.
- (b) The revenue from the Automotive segment in the current quarter under review was higher as compared to the corresponding quarter in the previous financial year was mainly due to the Automotive segment were in full operations during the three months under review. In the corresponding quarter in the previous year, the factories had ceased operations from 18 March 2020 following the imposition of MCO and only resumed operations at half capacity from mid May 2020 to end of June 2020. The factories resumed operations in full capacity from July 2020 onwards.
- (c) Drop in revenue from Property and hospitality segment in the current quarter as compared to the corresponding quarter in the previous financial year was mainly due to the cessation of the hotel operations with effect from 30 June 2020. Therefore, no revenue was contributed from hotel operation in the current quarter under review.
- (d) The revenue from the Investment holding segment mainly relates to interest income and dividend income from subsidiaries in the Group which were eliminated at Group level. Lower revenue reported in current quarter under review as compared to the corresponding quarter in the previous financial year was mainly due to no dividend income receivable from operating subsidiaries and lower interest income.
- (e) The revenue of the Others segment mainly relates to interest income and management fee from related companies in the Group which were eliminated at Group level.

9. Segmental Information (cont'd.)

Segment Results

- (a) Duty free segment reported a lower loss before taxation in current quarter under review as compared to the corresponding quarter in the previous financial year. The improvement was mainly due to lower rental expenses of RM3.8 million, lower employee benefits expenses of RM3.2 million and lower inventories write down of RM1.6 million in the current quarter under review.
- (b) Automotive segment registered profit before tax of RM4.0 million in the current quarter under review, an improvement of RM6.9 million compared to the corresponding quarter in FY2021 largely due to profit derived from the higher revenue generated in the current quarter under review as compared to pre-tax loss incurred due to minimal revenue reported in 1QFY2021 due to the cessation of factories' operations for approximately two months duration in the previous year's corresponding quarter.
- (c) In the Property and hospitality segment, higher profit was registered in the current quarter despite lower revenue as mentioned above was mainly because there was no loss reported by the hotel segment in the current quarter under review as the hotel had ceased operations since 30 June 2020. In 1QFY2021, the hotel operation reported pre-tax loss of RM1.1 million.
- (d) Investment holding segment reported lower profit in current quarter under review as compared to the corresponding quarter in the previous financial year. The lower profit was mainly due to lower interest income and lower net gain in foreign exchange.
- (e) In the Others segment, lower losses reported in current quarter as compared to the corresponding quarter in the previous financial year mainly due to lower operating expenses incurred.

NOTES TO THE INTERIM FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MAY 2021

14. Comment on Material Change in Profit Before Taxation Compared with Immediate Preceding Quarter (cont'd.)

The Group reported a profit before tax of RM4.9 million in the current quarter under review as compared to the preceding quarter ended 28 February 2021 pre-tax loss of RM7.8 million. The turnaround in profitability in the current quarter under review was largely due to the absence of impairment loss on goodwill and impairment of property, plant and equipment and right-of-use assets totaling RM9.4 million recorded in the preceding quarter.

15. Commentary on Prospects

The global outbreak of Covid-19 pandemic from the beginning of year 2020 coupled with the imposition of the MCO, CMCO, Full Movement Control Order ("FMCO") and the most recent various phases of the National Recovery Plan ("NRP") by the Malaysian Government had been especially tough and challenging for the Duty-Free and Automotive business segments.

The Group expects the Duty Free business environment to remain challenging in the coming months due to the uncertainties surrounding the timing of the re-opening of the borders and the cautious and muted consumer spending even when Malaysia eases into economy recovery mode. As for the Automotive segment, the factories' operations were closed following the imposition of FMCO followed by Phase One of NRP from 1 June 2021 till to-date.

In view of the above factors and the immense challenges caused by the Covid-19 pandemic, the Group's financial performance is expected to remain challenging for rest of the financial year ending 28 February 2022. The Group will continue to strategise, adapt and navigate through the challenging business environment and endeavor to take timely appropriate actions in order to minimise operating risks and optimise its resources. so as to ensure that its core businesses remain resilient in these uncertain times.

21. Fair Value Hierarchy (cont'd.)

No transfers between any levels of the fair value hierarchy took place during the current interim period and the comparative period. There were also no changes in the purpose of any financial asset/liability that subsequently resulted in a different classification of that asset/liability.

The carrying amounts of other categories of financial assets and liabilities are reasonable approximation of fair value, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the reporting date.

23. Material Litigation/Contingent Liabilities

Other than as disclosed below, there were no material litigation/contingent liabilities matters involving the Company and/or its subsidiaries as at the date of this report.

On 30 November 2017, the Company announced that the Company's subsidiary, Seruntun Maju Sdn. Bhd. ("SMSB") had received the bills of demand from the Royal Malaysian Customs ("Customs"), demanding payments of customs duties, excise duties, sales tax and Goods and Services Tax ("GST") all totalling RM41,594,986.86. The said bills of demand were raised by the Customs who alleged that SMSB did not comply with certain conditions of a duty-free shop located at the border.

On 29 June 2018, the High Court ruled against SMSB. On 2 July 2018, SMSB filed an appeal to the Court of Appeal against the High Court's decision of not granting an application for judicial review. Simultaneously, SMSB also filed a formal application to stay the effect and enforcement of the bills of demand raised on SMSB for import and excise duties.

On 6 March 2019, the Court of Appeal heard the appeal whereby both SMSB and the Customs submitted their respective legal arguments.

On 18 June 2020, the Court of Appeal unanimously ruled in favour of SMSB's appeal against the decision of the High Court and quashed the bills of demand issued by the Customs for customs duties and excise duties amounting to RM15,400,962.14 and RM23,560,972.94 respectively.

On 17 July 2020, the Customs applied to the Federal Court for leave to appeal against the Court of Appeal's decision. The Federal Court heard and dismissed the Customs' application on 11 January 2021 with costs.

Accordingly, the disputed bills of demand were set aside and SMSB had no obligation to pay the Customs the sum of RM41,594,986.86 as demanded by the Customs. In light of the Federal Court's ruling in favour of SMSB, an application was made to the Customs for the refund of the sales tax and GST paid amounting to RM2,326,451.78, which was previously paid by SMSB to the Customs. The Customs agreed to the refund on 27 April 2021 and the amount to be refunded of RM2,326,451.78 was received on 16 June 2021.

On 25 February 2021, the Royal Malaysian Customs ("Customs") initiated criminal proceedings pursuant to Section 65D and Section 138 of the Customs Act 1967 ("Customs Act") towards SMSB and its officers before the Magistrate Court. The Company has engaged solicitors to represent SMSB and its officers.

23. Material Litigation/Contingent Liabilities (cont'd.)

The criminal charges were made on the basis that SMSB and its officers had breached the conditions of the duty-free licence issued by Customs to SMSB under Section 65D of the Customs Act.

However, as previously announced, the legality of the conditions that were allegedly breached was challenged by SMSB through a judicial review application (civil proceeding) on 23 November 2017. On 18 June 2020, the conditions were unanimously held by the Court of Appeal to be ultra-vires of Section 65D of the Customs Act and that they ought to be quashed. On 11 January 2021, the Federal Court had dismissed Customs' appeal against the Court of Appeal's decision with costs. Customs had exhausted its rights to appeal and the conditions were conclusively quashed.

Thus, SMSB and its officers had pleaded not guilty and had claimed trial against these charges brought by Customs.

On 12 March 2021, a representation letter was sent to the Attorney General ("AG"), requesting the AG to discontinue criminal proceedings against SMSB and its officers. On 6 April 2021, the representation letter dated 12 March 2021 was rejected by the AG. The Deputy Public Prosecutor ("DPP") then proposed to amend the charges against SMSB and its officers, jointly.

On 8 April 2021, the DPP withdrew the proposed amended charges as the proposed amended charges were defective since the proposed amended charges could not be read to all SMSB's officers. One of SMSB's officers was not present in Court to hear the proposed amended charges against him.

The Magistrate Court fixed the next case management on 29 July 2021.

24. Dividend Payable and Distributable

The Company did not recommend the payment of any dividend in respect of the financial period ended 31 May 2021.
