Distributions of Non-Cash Assets to Owners

1. Basis of Preparation (Cont'd)

The adoption of the above new FRSs, Amendments to FRSs and IC Interpretations did not have significant impact on the Group's financial statements except as follows:-

FRS 101: Presentation of Financial Statements

FRS 101 requires an entity to present, in a statement of changes in equity, all owner changes in equity. All non-owner changes in equity (i.e comprehensive income) are required to be presented in one statement of comprehensive income or in two statements (a separate income statement and a statement of comprehensive income). Components of comprehensive income are not permitted to be presented in the statement of changes in equity. In addition, a statement of financial position is required at the beginning of the earliest comparative period following a change in accounting policy, the correction of an error or the reclassification of items in the financial statements. FRS 101 does not have any impact on the Group's financial position or results.

FRS 117: Leases

Prior to the adoption of the Amendments to FRS 117, leasehold lands were treated as operating leases. The considerations paid were classified and presented as prepaid lease payments on the statement of financial position.

Upon adoption of the Amendments to FRS 117, the classification of a leasehold land as finance lease or operating lease is based on the extent to which risks and rewards incident to ownership lie.

The Group has determined that all leasehold lands of the Group are in substances as finance lease and has reclassified its leasehold land from prepaid lease payments to property, plant and equipment.

The effects of the classification on the consolidated statement of financial position as at 31 July 2010 are as follows:

	As previously reported RM'000	Effects on adoption of FRS 117 RM"000	As restated RM'000
Property, plant and equipment	17,829	1,418	19,247

PART B EXPLANATORY NOTES PURSUANT TO PARAGRAPH 9.22 OF THE BURSA MAIN MARKET LISTING REQUIREMENTS

1. Review of Performance

	Individual	Quarter	Cumulati	ive Period
	30.04.2011 RM'000	30.04.2010 RM'000	30.04.2011 RM'000	30.04.2010 RM'000
Revenue	3,419	5,469	13,193	14,303
(Loss)/Profit before tax	(878)	20	(529)	(888)

For the current quarter under review, the Group's revenue and profit before tax registered a reduction of 37.48% and 449%, respectively compared with the corresponding quarter ended 30 April 2010. The decreased in revenue and profit before tax is mainly arose from the reduced sales to Middle East due to its current crisis that lead to an unstable economy.

For the cumulative period under review, the Group's revenue registered a reduction of 7.76% compared with the corresponding cumulative period ended 30 April 2010. The reduced in revenue is due to the reason mentioned above. However, the cumulative period loss before tax has improved from RM0.9 million to RM0.5 million. This is mainly due to revaluation deficit in property, plant and equipment of the Group of RM0.3 million.

2. Comments on Material Changes in the Profit/(Loss) Before Tax for the Quarter Reported as Compared with the Preceding Quarter

	Individual Quarter		
	30.04.2011	31.01.2011	
	RM'000	RM'000	
Revenue	3,419	4,471	
(Loss)/Profit before tax	(878)	95	

The Group recorded a loss before tax for the current quarter as compared to profit before tax for the corresponding quarter due to decrease in revenue as mentioned above. The current quarter period revenue is unable to cover the fixed operating overheads during the current quarter and hence resulted in a loss.

3. Current Year Prospects

Inflation is expected to trend upward due to the effects of quantitative easing in the U.S geopolitical tensions in the Middle East and North Africa, and on the reconstruction of Japan. In addition, the sovereign debts issue continues to affect parts of the Eurozone with repercussion on the global economy.

EXPLANATORY NOTES PURSUANT TO PARAGRAPH 9.22 OF THE BURSA MAIN MARKET LISTING REQUIREMENTS (CONT'D)
