### NOTES TO THE INTERIM FINANCIAL REPORT FOR THE QUARTER

# PART A EXPLANATORY NOTES PURSUANT TO MFRS 134 (Cont'd)

### 1. Basis of Preparation (Cont'd)

The adoption of the above accounting standard(s) and/or interpretation(s) (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Group upon their initial application except as follows:-

MFRS 9 (IFRS 9 issued by IASB in July 2014) replaces the existing guidance in MFRS 139 and introduces a revised guidance on the classification and measurement of financial instruments, including a single forward-looking 'expected loss' impairment model for calculating impairment on financial assets, and a new approach to hedge accounting. Under this MFRS 9, the classification of financial assets is driven by cash flow characteristics and the business model in which a financial asset is held. Therefore, it is expected that the Group's investments in unquoted shares that are currently stated at cost less accumulated impairment losses will be measured at fair value through other comprehensive income upon the adoption of MFRS 9. The Group is currently assessing the financial impact of adopting MFRS 9.

The amendments to MFRS 107 require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. Accordingly, there will be no financial impact on the financial statements of the Group upon its initial application. However, additional disclosure notes on the statements of cash flows may be required.

#### 2. Status of Audit Qualifications

The audited financial statements of the Group for the financial year ended 31 July 2017 was not subject to any audit qualification.
