PART A: EXPLANATORY NOTES PURSUANT TO FINANCIAL REPORTING STANDARD 134 FOR THE INTERIM FINANCIAL REPORTING FOR THE FOURTH QUARTER PERIOD ENDED 31 MARCH 2018

A1. Basis of Preparation

This unaudited interim financial report has been prepared in accordance with the applicable disclosure provisions of Paragraph 9.22 and Appendix 9B of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Malaysia") and in compliance with Financial Reporting Standard "FRS 134, Interim Financial Reporting".

This quarterly financial report does not include all the information required for the full annual financial statements and should be read in conjunction with the annual audited financial statements of the Group for the year ended 31 March 2017.

The explanatory notes attached to the interim financial report provide an explanation of events and transactions that are significant to an understanding of the change in the financial position and performance of GSB Group Berhad ("GSB" or the "Company") and its subsidiaries (the "Group") since the year ended 31 March 2017.

A2. Significant Accounting Policies

The financial statements of the Group have been prepared in accordance with Financial Reporting Standards (FRS) and the requirements of the Companies Act, 2016 in Malaysia.

Malaysian Financial Reporting Standards ("MFRSs Framework")

In conjunction with the planned convergence of FRSs with International Financial Reporting Standards as issued by the International Accounting Standards Board on 1 January 2012, the MASB had on 19 November 2011 issue a new MASB approved accounting standards, MFRSs ("MFRSs Framework") for application in the annual periods beginning on or after 1 January 2012.

The MFRSs Framework is mandatory for adoption by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities subject to the application of MFRS 141 Agriculture and/or IC Interpretation 15 Agreements for the Construction of Real Estate ("Transitioning Entities"). The Transitioning Entities subject to the application of IC Interpretation 15 Agreements for the Construction of Real Estate are given an option to defer adoption of the MFRSs Framework to annual financial periods beginning on or after 1 January 2018. Transitioning Entities also includes those entities that consolidate or equity account or proportionately consolidate another entity that has chosen to continue to apply the FRSs framework for annual periods beginning on or after 1 January 2012.

Accordingly, the Group which is a Transitioning Entities has chosen to defer the adoption of the MFRSs Framework to financial year beginning on 1 April 2018. The Group will prepare its first MFRSs financial statements using the MFRSs Framework for the financial year ending 31 March 2019.

As at 31 December 2012, all FRSs issued under the existing FRSs Framework are equivalent to the MFRSs issued under MFRSs Framework except for differences in relation to the transitional provisions, the adoption of MFRS 141 Agriculture and IC Interpretation 15 Agreements for the Construction of Real Estate as well as differences in effective dates contained in certain of the existing FRSs. The effect is based on the Group's best estimates at the reporting date. The financial effect may change or additional effects may be identified, prior to the completion of the Group's and the Company's first MFRSs based financial statements.

Application of MFRS 1: First-time Adoption of Malaysian Financial Reporting Standards ("MFRS 1")

MFRS 1 requires comparative information to be restated as if the requirements of MFRS effective for annual periods beginning on or after 1 April 2018 have always been applied, except when MFRS 1 allows certain elective exemptions from such full retrospective application or prohibits retrospective application of some aspects of MFRS.

MFRS 15 Revenue from Contracts with Customers

On 2 September 2014, MASB had issued MFRS 15 which shall be replacing the provision under IC Interpretation 15.

MFRS 15 establishes a single comprehensive model for revenue recognition and will supersede the current revenue recognition guidance and other related interpretations when it becomes effective. Under MFRS 15, an entity shall recognise revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the distinct promised goods or services underlying the particular performance obligation is transferred to the customers. The amendments to MFRS 15 further clarify the concept of 'distinct' for the purposes of this accounting standard. In addition, extensive disclosures are also required by MFRS 15. The Group anticipates that the application of MFRS 15 in the future may have an impact on the amounts reported and disclosures made in the financial statements. However, it is not practicable to provide a reasonable estimate of the financial impacts of MFRS 15 until the Company performs a detailed review. Based on the Group assessment, the Group expects that there will be financial impact upon the transition adjustment to be made upon the initial adoption of MFRS 15.

Standards issued but not yet effective

Upon the adoption of MFRS framework, the Group is required to apply the following accounting standards and/or interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board (MASB) but are not yet effective for the current financial year:-
