#### (a) Property Development

<u>Comparison of Current Year Quarter and Preceding Year Quarter</u> Revenue was recorded at RM68.1 million, which increased by RM9.7 million. Profit before tax was recorded at RM24.5 million, which increased by RM4.4 million.

<u>Comparison of Current Year-to-Date and Preceding Year-to-Date</u> Revenue was recorded at RM220.3 million, which increased by RM44.0 million. Profit before tax was recorded at RM75.6 million, which increased by RM8.3 million.

The property development segment continued to be the major contributor to the Group's revenue and profit before tax. The better performance in current year quarter and year-to-date as compared to the preceding year quarter and year-to-date was primarily due to the higher revenue and profit recognition from the ongoing project - *Bloomsvale* at Old Klang Road, Kuala Lumpur, as well as sales from completed project - *Straits Residences* at Seri Tanjung Pinang, Penang.

## (b) Hospitality

<u>Comparison of Current Year Quarter and Preceding Year Quarter</u> Revenue was recorded at RM12.6 million, which increased by RM1.1 million. Profit before tax was recorded at RM5.9 million, which decreased by RM0.6 million.

The Group recorded higher revenue for the hospitality segment in the current quarter as compared to the preceding year quarter due to higher room occupancy rate and average room rate and higher business volume achieved. However, lower profit before tax was mainly attributable to higher labour and other operating costs, following the rebound in demand for both rooms and food and beverages.

## **B1.** Review of Performance (Cont'd)

## (b) Hospitality (Cont'd)

<u>Comparison of Current Year-to-Date and Preceding Year-to-Date</u> Revenue was recorded at RM33.1 million, which increased by RM16.9 million. Profit before tax was recorded at RM14.2 million, which increased by RM11.0 million.

The higher revenue and profit before tax recorded for the current year-to-date as compared to the preceding year-to-date is attributable to the encouraging rebound in demand mainly from the domestic market, following the transition to endemic phase and reopening of international boarders. During the preceding year-to-date, the hospitality segment was significantly affected by Covid-related restriction, particularly in Q1 & Q2 of financial year 2022.

## **B2.** Comparison with the Immediate Preceding Quarter's Results

		Immediate	
	Current	Preceding	
	Quarter	Quarter	
	31/12/2022	30/09/2022	Changes
Group	RM'000	RM'000	RM'000
Revenue	81,808	87,485	(5,677)
Profit before tax	29,692	30,147	(455)

The Group recorded a revenue of RM81.8 million and profit before tax of RM29.7 million, compared to the previous quarter which had a revenue of RM87.5 million and profit before tax of RM30.1 million.

The decrease in revenue and profit before tax of RM5.7 million and RM0.5 million, respectively, was due to lower contribution from the on-going project, *Bloomsvale* at Old Klang Road.

## **B3.** Prospects

The momentum of economic recovery in Malaysia is expected to persist, and the country is expected to have an improved outlook amid global uncertainties.

Moving into 2023, the property sector will remain challenging due to various factors such as labour shortages, rising building material costs, inflation and interest rates hikes. Despite these short-term challenges, we believe that the long-term outlook remains positive.

Moreover, as of 31 December 2022, the Group's key projects - Bloomsvale at Old Klang Road and Straits Residence at Seri Tanjung Pinang have achieved a take-up rate of more than 90%. The favorable take-up rate reflects strong customer confidence in Kerjaya Prospek Property's brand.

The Group remains committed on delivering high-quality products to the customers and progressing its development projects for timely completion. To sustain its financial performance, the Group will continue to unlock the value of its strategic landbank with the launch of new property developments.

In 2023, Malaysia's hotel market recovery is expected to continue, driven by a strong demand outlook. Domestic tourism will continue to play a significant role in boosting hotel occupancy rates in the country.

#### **B3.** Prospects (Cont'd)

The lifting of travel restrictions after China's relaxed in its zero-Covid policy could lead to an influx of Chinese tourists into Malaysia, which will benefit the hospitality sector. The Group will continue to leverage its assets to attract foreign and domestic visitors to drive revenue growth.

Barring any unforeseen circumstances, the Group is cautiously optimistic about registering a positive performance for the remaining part of financial year ending 31 March 2023.
