B1. Review of Performance

a) Current Quarter vs Previous Year Corresponding Quarter

The Group posted a decrease of operating revenue from RM0.890 million in the preceding year corresponding quarter to RM0.116 million in current year quarter mainly due to the completion of timber contract works and lower sales volume from batching plant. The decrease of the operating revenue was adversely affected by Covid-19 pandemic which has triggered the Movement Control Order (MCO) that has locked down the nation and causes disruptions in the operation of batching plant business and construction works from March 2020 to May 2020 and continued implementation of MCO and CMCO by the government. The loss before tax for the current quarter of RM0.970 million mainly due to lower sales revenue from batching plant, depreciation of property, plant and equipment and administration expenses

Performance of the respective operating business segments for the fourth quarter ended 31 December 2020 is analyzed as follows:

- 1) Plantation & Timber-The division recorded a minimal profit before tax derived from the gain of disposal of property, plant and equipment.
- 2) Batching Plant-The division recorded a loss before tax mainly due to lower in sales volume and depreciation of property, plant and equipment.
- 3) Property Development &Construction-The division recorded a loss before tax mainly due to depreciation of property, plant and equipment, administration expenses and pending of launching of new housing project.
- 4) Others-The division recorded a loss before tax mainly attributed by administration expenses.

B1. Review of Performance (continued)

b) Current Year-to-date vs Previous Year-to date

Performance of the respective operating business segments for the fourth quarter ended 31 December 2020 is analyzed as follows:

- 1) Plantation & Timber-The division recorded a minimal profit before tax of RM0.377 million mainly due from the gain of disposal of property, plant and equipment of RM0.114million.
- 2) Batching Plant-The division recorded a loss before tax of RM1.436 million mainly due to lower in sales volume and depreciation of property, plant and equipment.
- 3) Property Development & Construction-The division recorded a loss before tax of RM1.802 million mainly due to depreciation of property, plant and equipment, administration expenses and pending of launching of new housing project.
- 4) Others-The division recorded a loss before tax of RM3.024 million mainly attributed by administration expenses and share-based payments for the issuance of ESOS of RM1.810 million.

B2. Material Changes in the Quarterly Results compared to the Results of the Preceding Quarter

The Group's revenue of RM0.116 million for the current financial quarter decreased by 87% from RM0.890 million achieved in the preceding financial quarter. The decrease was mainly due to lower sales volume from batching plant due to the movement control order issued by the government, pending new timber contact works and launching of new housing project in the current financial quarter.

B3. Current Year Prospects

The property market scene is facing challenges currently due to the increase in strict lending policy, increased property overhang and lukewarm buying sentiments. In addition, the global COVID-19 pandemic may have a negative impact on the Malaysian and global economy. Despite the Government of Malaysia's announcement of the 2020 Economic Stimulus Package, the Malaysian economy will very likely pose a contraction in year 2020 as the global economy will be slow to recover from the negative economic impact arising from the pandemic.

Supportive measures and initiatives had been announced by the Malaysian Government with aim to stimulate interests in home ownership whilst offering an opportunity for property developers to address the property overhang situation. Among other initiatives, the Government will extend Youth Housing Scheme from 1 January 2020 to 31 December 2021 to assist the youths and young married couple to own their first homes, to lower the threshold on high-rise property prices in urban areas for foreign ownership from RM1 million to RM600,000, provide full exemption of stamp duty on property Sales and Purchase Agreement (SPA) and loan agreement and BNM's RM1 billion Fund for Affordable Homes to assist first-time home ownership for lower income group.

The government's initiatives and support is a great help to rejuvenate the property industry's performance and bring the property market to a more stable condition. The demand for residential properties is expected to remain resilient in the long term, particularly for projects in good locations with good transportation, infrastructure and close proximity to amenities and facilities.

Going forward in 2021, the property market is expected to regain its momentum. Recalibration of fiscal policies and structural reforms by the Malaysian Government will continue to put pressure on the nation's economic performance, however the Group is confident of the prospect of the Group moving forward and it will be able to improve its performance for the forthcoming year.

The Group has the following on-going projects :

- (1) A residential development at Seri Kembangan where the surrounding area would consists of schools, university colleges, residential properties, supermarkets and a shopping mall. There would also be several bus services and a KTM komuter train station serving the area.
- (2) Telaris Alam Impian Project– This is a joint development project to be undertaken by the Group. Development Order for the development of 2 story terrace houses has been obtained. Telaris Alam Impian is nestled in the locale of Alam Impian, a mature township complete with amenities to sustain the daily need of its population. Five educational institutes cover the age range from children to adults, one them being a prestigious international school. Hypermarkets and shopping centres sprout in close proximity. Professional healthcare is around the corner at the various medical centres. Telaris Alam Impian has everything covered.
- (3) Residential Development at Bukit Serdang A condominium with a full range of securities and facilities for the enjoyment of all residents with the combination of swimming pool, children's wading pool, playground, gymnasium, jogging trail, reflexology path and etc.
