14. REVIEW OF PERFORMANCE

The Group's revenue for the current quarter of RM5.67 million is lower by RM12.88 million than the preceding year corresponding quarter of RM18.55 million due to decrease in revenue from the Automotive Division by 69%. The decrease was mainly affected by Covid-19 pandemic and cessation on the operation of Volkswagen Taman Tun Dr Ismail (TTDI) outlet on 30 November 2020. In addition there was no contribution from property development division for current quarter and for preceding year corresponding quarter.

The Group registered a pre-tax profit of RM10.80 million for the current quarter against the preceding year corresponding quarter pre-tax loss of RM0.88 million. The significant turnaround performance was mainly due to the combination of the following-

- (i) The increase of other income by approximately RM14 million which was mainly due to the mark to market of our quoted investments as well as wage subsidy programme (PERKESO) by Prihatin initiative, reversal of over provisions in warranty /debtors, and waiver of director's fee;
- (ii) The increase of administrative expenses by approximately RM0.30 million which was mainly due to professional fees incurred for Group's on-going legal case as well as expenses in relation to the several corporate exercises;
- (iii) The increase in other operating expenses of RM0.58 million for current quarter due to increase in impairment/written off aged stocks of RM0.29 million in Automotive Division as well as additional costs of RM 0.13 million incurred in Property Division incurred for post completion expenses RM0.13 million; and
- (iv) Selling and marketing expenses decreased in current quarter RM0.53 million compared to RM1.18 million in preceding year corresponding quarter. This was due to poor performance in Automotive Division.

15. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS

	Current Quarter	Previous Quarter
	As at 31 Dec 2020	As at 30 Sept 2020
	RM'000	RM'000
Revenue	5,670	11,828
Profit/(Loss) before tax	10,799	(2,003)

The decrease in revenue for this quarter as compared to previous quarter was mainly due to lower contribution from the Automotive Division as a result of the cessation of Volkswagen dealership in this quarter

The increase in Group's profit before taxation for the current quarter of RM10.80 million as compared to last quarter was mainly due to the unrealised investment gain from Other Division of RM13.95 million.

16. PROSPECTS

Automotive

With the current challenging environment due to the outbreak of Covid-19 pandemic, the Group is currently consolidating its automotive resources to focus on Ford vehicles with a view to revive its automotive division. In addition the Group's current strategy to venture into the luxury car rental business is believed to be positive given the increase in expected demand in this market

Property Division

The Group is cautiously optimistic about the property division given its recent acquisition of a strategic stake in Meridian Berhad, one of the listed property player in West Malaysia as well as its intention to increase investment in Hardie Development Sdn Bhd our Group's current property arm in Sabah. The division is expected to leverage on the recovery of the property sector once the pandemic is over as division would be fully equipped with the relevant resources to capitalise on this.

An architect ("the Claimant") filed a civil suit against both the Company and a subsidiary for wrongful termination of his services and claimed outstanding fee with interest and loss income amounting to RM11.4 million.

The Hight Court directed that the claim by the Claimant against the subsidiary be referred to arbitration. On 28 March 2013, upon the appointment of the Arbitrator, the High Court struck off the claim against the subsidiary. On 7 November 2014, all parties agreed to withdraw the suit between the Claimant and the Company. Thereafter, the Arbitrator will hear both claims together.

The Arbitration proceeded with the Claimant and the respondent calling their respective witnesses. The principal issue to be decided by the Arbitrator is on whether there had been a mutual termination or wrongful termination of the Claimant's engagement. Based on the oral and documentary evidences produced in the Arbitration and supported by legal position, the Company's solicitors are of the view that the Company has established on a balance of probability that there was a mutual termination of the Claimant's engagement.

On 21 May 2018, subsidiary's solicitors have informed that the Arbitrator has given a partial award on the Breach of Contract Arbitration ("Partial Award") and held that the subsidiary had wrongfully terminated the Claimant's for its services and has awarded costs in the cause in the financial award to the Claimant. There has been no award made by the Arbitrator in respect of the quantum of damages payable to the Claimant in relation to the Breach of Contract Arbitration and no directions from the Arbitrator in respect of the Permaju Arbitration.

Pursuant to the directions given at the case management on 28 June 2019, the Tribunal has directed parties to submit submissions incorporating pervious submissions on the issue of illegality with answers to clarification questions posed by the Tribunal. On 1st August 2019, subsidiary's solicitors have filed the necessary information to the Tribunal.

On 7 October 2019, the Arbitrator issued Partial Award No. 2 which found that the Claimant's services had not been voided by illegality and he had seen, wrongfully terminated. The

Company is appealing against this decision and the Company's solicitors had filed the necessary application to set aside the Partial Award.

The hearing of the Claimant's claim against the Company and the subsidiary for inducing to breach their contract with the Claimant is fixed for hearing on 6th to 9th April 2021. Apart from the foregoing, in respect of the Partial Award 1 and 2 is fixed for Hearing of Appeal on 21st April 2021.

No provision has been made for the damages for loss of income together with interest and cost as the Company's solicitors are of the view that the chance of success of a successful defence by the Group is strong.
