INTERIM FINANCIAL REPORT FOR THE FOURTH QUARTER ENDED 31 DECEMBER 2003
(THE FIGURES HAVE NOT BEEN AUDITED)

NOTES TO THE INTERIM FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2003

1. Accounting policies and methods of computation

The interim financial report is unaudited and has been prepared in compliance with MASB Standard No.26, "Interim Financial Reporting" and Paragraph 9.22 of the Malaysia Securities Exchange Berhad Listing Requirements. It should be read in conjunction with the Group's audited financial statements for the year ended 31 December 2002.

The accounting policies and presentation adopted for the interim financial report are consistent with those adopted in the financial statements for the year ended 31 December 2002 except for the adoption of the following MASB Standards which became effective from 1 January 2003:

MASB 25	Income Taxes
MASB 27	Borrowing Costs
MASB 29	Employee Benefits

Except for MASB 25, the adoption of the other standards have not given rise to any adjustments to the opening balances of retained profits of the prior and the current years or to changes in comparatives.

Under MASB 25, deferred tax has to be recognized for all taxable timing differences inclusive of the tax effect on revaluation surplus or deficit. The Group had revalued its land and buildings in financial year ended 31 December 2000 and a revaluation surplus of RM5.6 million was recognized in that financial year. No deferred taxation was accounted for on the revaluation pursuant to the International Accounting Standards 12, Income Taxes. Subsequent to the adoption of MASB 25 in this financial year, a deferred taxation at the prevailing rate of tax of 28% has been recognized in the condensed financial statements and the revaluation reserve was adjusted accordingly. The effects arising from the adoption of MASB 25 have been adjusted retrospectively.

The effects of the change of accounting policy on the Group's financial statements as disclosed in the condensed consolidated statement of changes in equity are as follows:

15. Review of Performance

The Group recorded a turnover of RM 38.6 million and profit before taxation of RM 4.2 million for the current quarter. For the year ended 31 December 2003, the Group recorded a turnover of RM 171.1 million and profit before taxation of RM 14.9 million, increases of 9% and 13% respectively over that recorded for the same period of the previous year.

During the quarter, a new Apex Pharmacy retail outlet was opened at Jaya Jusco in Permas Jaya, Johor. In manufacturing, newly launched pharmaceutical products continue to do well, resulting in improved margins. In line with its aim of forging regional strategic alliances, Xepa Soul Pattinson (M) Sdn Bhd entered into an agreement to formulate and register eight self-medication products for Taisho Pharmaceutical Co Ltd of Japan. In the same quarter, the distribution division launched "Phase 2", a starch absorption blocker formulated from natural sources. Early sales are encouraging. Construction work commenced on the division's new warehouse in Subang Jaya. In line with growing transaction volume, the division's IT capabilities were upgraded with the add-on of an Oracle database system to enhance order processing.

16. Material changes in the profit before taxation for the quarter

For the quarter under review, the Group's profit before taxation was RM 4.2 million, a 23% increase over RM 3.5 million recorded in the immediate preceding quarter. This is the result of a growing proportion of new higher margin products in the Group's sales mix.

17. Prospects

General recovery in world and regional economies, and expectations of good growth rates in the pharmaceutical sector in Malaysia leads the Board to believe that growth prospects for the financial year ending 2004 will be good. Barring unforeseen circumstances, the Board is confident that the Group's performance for the current financial year will be satisfactory compared to that achieved in 2003.

18. Profit Forecast /Profit Guarantee
