9 Revaluation of Property, Plant and Equipment

The valuation of property, plant and equipment have been brought forward without amendment from the previous annual audited financial statements for the year ended 31 December 2012.

The Group has reclassified certain leasehold lands to property, plant and equipment. The classification of a leasehold land as a finance lease or an operating lease is based on the extent to which risks and rewards incident to ownership lie. Leasehold lands were treated as operating leases in prior and the considerations paid were classified and presented as prepaid lease payments in the statement of financial position. This change in classification has no effect on the results of the Group. The comparatives have been restated to conform with current quarter's presentation. The effects of the reclassification to the comparatives following the change as mentioned above are as follows:

	As previously reported RM'000	Reclassification RM'000	As Restated RM'000
Property, plant and equipment	57,459	2,228	59,687

14 Review of Performance

(a) Comparison with Previous Year Corresponding Quarter's Results

The Group's revenue for the current quarter under review was RM108.332 million and profit before tax was RM13.228 million.

The revenue was increased by RM16.946 million or 19% if compared to the figure of preceding year corresponding quarter which was mainly attributable to higher revenue from manufacturing activities but partly offset by lower revenue from trading activities.

Compared with the preceding year corresponding quarter, the profit before tax was increased by RM2.084 million or 19%, which was mainly due to the higher revenue achieved, higher gain from foreign currency exchange transactions and reversal of slow moving inventories provision. However, the profit was partly limited by lower margin of product mix and lower proceeds from scrap sales.

P.I.E. INDUSTRIAL BERHAD (COMPANY NO.: 424086-X)
NOTES TO THE UNAUDITED INTERIM FINANCIAL REPORT
FOR THE 2ND QUARTER ENDED 30 JUNE 2013

(b) Comparison with Previous Year Corresponding Period's Results

The Group recorded a revenue of RM189.922 million and a profit before tax of RM20.244 million in the period ended 30 June 2013.

As compared to revenue of RM171.412 million and a profit before tax of RM18.331 million in the preceding year corresponding period, the revenue increased by RM18.510 million or 11%.

Improved in revenue was mainly due to more demand on electronic manufacturing products. However, it was partially offset by lower demand on other products, i.e raw wire, cables and trading goods.

The profit before tax was increased by RM1.913 million or 10% if compared with preceding period. This result was due to higher gain from foreign currency exchange and reversal of slow moving inventories provision. However, the profit was limited by lower margin of products mix, lower investment income and lower proceeds from scrap sales.

15 Comparison with Immediate Preceding Quarter's Results

	Individual Quarter Ended		Variance RM '000	Variance %
	30.06.2013 RM '000	31.03.2013 RM '000		
Revenue	108,332	81,590	26,742	33%
Profit before tax	13,228	7,016	6,212	89%

The Group's revenue for the quarter under review was increased by 33% if compared with the preceding quarter. The increase was mainly due to higher demand for electronics manufacturing products. However, the revenue had partly limited by lower demand on raw wire and cable products.

The Group profit before tax for the current quarter was 89% higher than the preceding quarter. This is mainly due to higher revenue achieved, higher margin on product mix, higher gain on foreign currency exchange and reversal of slow moving inventories provision. However, the profit was partly offset by higher operating expenses.

16 Current Year Prospect

Notwithstanding the recent downward revision in 2013 of global GDP by International Monetary Fund, the Group expects the uptrend growth in outsourcing activities by existing and new customers. Further supported by the Group's continuous upgrading of its vertical integration capability and strengthening of precision manufacturing, we remain positive of our second half performance.

Save as disclosed below, the Group is not engaged in any material litigation, claims or arbitration either as plaintiff or defendant, and the Directors do not have any knowledge of any proceedings, pending or threatened, against the Group or of any facts likely to give rise to any proceedings which might materially and adversely affect the financial position or business of the Group:

- (a) Pan-International Electronics (Malaysia) Sdn. Bhd. (PIESB) had on 24 October 2002 commenced legal action against Xircom Operations (M) Sdn. Bhd. (Xircom) to claim the sum of Ringgit Malaysia Five Million Nine Hundred Fifty Seven Thousand Three Hundred Sixteen and Sen Twenty Only (RM5,957,316.20) for damages arising from the breach of contract to purchase goods and wrongful set-off of payment. Xircom has applied to the court for the case to be referred to arbitration while PIESB applied to set down preliminary issue for trial. The Penang High Court has granted Xircom's application for arbitration. PIESB therefore proceed with the appeal No. P-02-1301-06 in the Court of Appeal against the decision of Penang High Court ordering the matter to go for arbitration.

The Board is advised by the Company's solicitor that PIESB has a reasonable chance to succeed in the claim. The Board has appointed Messrs Adam Abdullah & Mani (AAM) to commence a review of the case and provide the Board with an opinion of the PIESB's chances of success if we were to proceed with Arbitration.
