#### **EXPLANATORY NOTES: (AS PER FRS 134)**

#### A1 Accounting policies

The interim financial statements are unaudited and have been prepared under the historical cost convention in accordance with FRS134 "Interim Financial Reporting" and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

The accounting policies and methods used in preparing the quarterly financial statements are consistent and should be read in conjunction with the audited financial statements for the financial year ended 31<sup>st</sup> March 2010.

These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31<sup>st</sup> March 2010.

#### A2 Changes in Accounting Policies

The adoption of the revised FRS 101 has affected the presentation of minority interest. In the consolidated balance sheet, minority interests are now presented within total equity. In the consolidated income statements, minority interests are presented as an allocation of the total loss for the period. A similar requirement is also applicable to the statement of changes in equity. FRS 101 also requires disclosure, on the face of the statement of changes in equity, total recognized income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interests.

The current period's presentation of the Group's financial statements is based on the revised requirements of FRS 101, with the comparatives restated to conform with the current period's presentation.

The accounting policies and methods of computation adopted by the Group in this interim financial report are consistent with the most recent annual audited financial statements for the year ended 31<sup>st</sup> March, 2010.

On 1<sup>st</sup> April the Group adopted the following which is mandatory for the financial period beginning on or after 1<sup>st</sup> April 2010.

The adoption of these FRS did not have material effect on the presentations and disclosure aspect since the Group does not present segmentation results.

Effective for financial periods beginning on or after
