

EXPLANATORY NOTES: (AS PER MFRS 134)

A1 Basis of Preparation

The condensed consolidated interim financial statements (“Report”) are unaudited and have been prepared in accordance with applicable Malaysian Financial Reporting Standards (“MFRS”), International Financial Reporting Standards (“IFRS”), No. 134: Interim Financial Reporting and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and the requirements of the Companies Act 2016 in Malaysia. This Report also complies with IAS 34: Interim Financial Reporting issued by the International Accounting Standards Board (“IASB”).

The accounting policies and methods used in preparing the quarterly financial statements are consistent and should be read in conjunction with the audited financial statements for the financial year ended 30th June 2020.

These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 30th June 2020.

A2 Basis of measurement

The unaudited financial statements of the Group have been prepared under the historical cost convention other than as disclosed.

The explanation and financial impacts on transition to MFRSs are disclosed below:

(i) Property, plant and equipment

The Group has previously adopted the transitional provisions available on the first application of the MASB Approved Accounting Standards IAS 16 (Revised) Property, Plant and Equipment, which was effective for periods ending on or after 1 September 1998. By virtue of this transitional provision, the Group had recorded certain property, plant and equipment at revalued amounts, but had not adopted a policy of regular revaluation, and continued to carry those assets on the basis of their previous revaluations subject to continuity in its depreciation policy and the requirement to write down the assets to their recoverable amounts for impairment adjustments.

For non-financial asset, the fair value measurement takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - unobservable inputs for the asset or liability.

A2.1 Adoption of Amendments/Improvement to MFRS

The Group and the Company have adopted the following standards that are mandatory for the current financial period:

Effective for annual periods beginning on or after 1 January 2019

MFRS 16 Leases

Amendments to MFRS 9 Financial Instruments: Prepayment Features with Negative Compensation

Amendments to MFRS 119 Employee Benefits: Plan Amendment, Curtailment or Settlement

Amendments to MFRS 128 Investments in Associates and Joint Ventures: Long-term Interests in Associates and Joint Ventures

Annual Improvements to MFRS Standards 2015-2017 Cycle

IC Interpretation 23 Uncertainty over Income Tax Treatments

The initial application of the above standards did not have any material impact on the financial statements of the Group and of the Company except as mentioned below:

MFRS 16 Leases

MFRS 16 supersedes MFRS 117 Leases, IC Interpretation 4 Determining whether an Arrangement contains a Lease, IC Interpretation 115 Operating Leases-Incentives and IC Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases. Basically, MFRS 16 requires the Group and the Company to account operating leases as on-balance sheet items instead of off-balance sheet previously.

Upon adoption of MFRS 16, the Group applied a single recognition and measurement approach for all leases where leases will be recognised as right-of-use assets and corresponding lease liabilities except for short-term leases and leases of low-value assets where the lease rental payments are recognised as an expense in the profit or loss. Leases which were previously classified as finance leases under MFRS 117 continue to be treated as such without any changes upon adoption of MFRS 16 on 1 April 2019.

Operating lease payment previously recognised as rental expense is being replaced with depreciation of right-of-use assets and accretion of interest in profit or loss.

Lessor accounting under MFRS 16 is substantially unchanged from MFRS 117. Lessors will continue to classify leases as either operating or finance leases using similar principles as in MFRS 117. Therefore, MFRS 16 does not have an impact for leases where the Group is the lessor.

EXPLANATORY NOTES: (AS PER BURSA SECURITIES LISTING REQUIREMENT – PART A OF APPENDIX 9B)

A2.2 Standards Issued But Not Yet Effective

The following are accounting standards that have been issued by the Malaysian Accounting Standards Board but have not been early adopted by the Group and by the Company:

Effective for annual periods beginning on or after 1 January 2020

Amendments to References to the Conceptual Framework in MFRS Standards
Amendments to MFRS 3 Business Combinations: Definition of a Business
Amendments to MFRS 101 Presentation of Financial Statements and MFRS 108 Accounting Policies, Changes in Accounting Estimates and Errors: Definition of Material
Amendments to MFRS 9 Financial Instruments, MFRS 139 Financial Instruments: Recognition and Measurement and MFRS 7 Financial Instruments: Disclosures: Interest Rate Benchmark Reform

Effective for annual periods beginning on or after 1 June 2020

Amendments to MFRS 16 Leases: Covid-19-Related Rent Concessions

Effective for annual periods beginning on or after 1 January 2021

Amendments to MFRS 9 Financial Instruments, MFRS 139 Financial Instruments: Recognition and Measurement, MFRS 7 Financial Instruments: Disclosures, MFRS 4 Insurance Contracts and MFRS 16 Leases: Interest Rate Benchmark Reform - Phase 2

The initial application of the above standards is not expected to have any material impact on the financial statements of the Group and of the Company upon adoption.

The accounting policies and methods of computation adopted by the Group in this interim financial report are consistent with the most recent annual audited financial statements for the year ended 30th June, 2020.

A3 Declaration of audit qualification

The audit report of the Company in respect of the annual financial statements for the year ended 30th June 2020 was not subject to any audit qualification.

B3 Prospects of the current financial year

In view of the recent resurgence of the third wave coronavirus (Covid-19) pandemic and the implementation of the Movement Control Order (MCO) which impacted the global and Malaysian economy, the Group expects performance to be remain challenging and resilient in 2021.

The Board of Directors is of the view that the business environment for the manufacturing and trading of steel products will continue to be challenging due to a huge drop in demand and volatility in steel prices. Whereas, the property market demand would remain soft and many developers are likely to miss their completion deadlines due to movement control order (MCO).

To weather the challenging pandemic environment, the Group will focus on adhering to stringent Covid-19 Standard Operating Procedures (“SOPs”) to ensure sustainable operations, carry out cost containment measures and preserve cashflow to remain competitive and resilient.
