B. Additional information required by BMSB Listing Requirements

1. Review of Performance

	Current quarter 30.09.2010 RM'000	Preceding year corresponding quarter 30.09.2009 RM'000	Current period to date 30.09.2010 RM'000	Preceding year corresponding period 30.09.2009 RM'000
Revenue	35,550	28,746	70,779	57,982
Profit before taxation	3,044	5,066	6,812	7,790

For the current quarter and current period to date, the Group has recorded higher revenue as a result of higher sales orders from customers as well as higher selling price. However, profit before tax has decreased mainly due to the contribution of approximately RM1.226 million from net gain on disposal of part of land held for development during the quarter and period ended 30 September 2009, whereas in the current quarter and period to date, there is none. Moreover, higher operating costs as well as unfavourable exchange rate had adversely affected the product margin for current quarter and period to date.

2. Material Changes in the Quarterly Results Compared to the Results of the Preceding Quarter

	Current Quarter RM'000	Preceding Quarter RM'000
Revenue	35,550	35,229
Profit before taxation	3,044	3,768

The slight increase in revenue of approximately 0.9% for the current quarter as compared to the preceding quarter was mainly due to higher sales orders from customers. However, profit before taxation has decreased mainly due to higher selling and distribution costs.

3. Group's Prospects for the Remaining Period

Despite facing various challenges of competitive markets, the Board expects that the performance of the Group will be satisfactory for the coming financial year ending 31 March 2011.

4. Board of Directors' Opinion on Revenue or Profit Estimate, Forecast, Projection or Internal Targets
