Amendments to MFRS 10, Consolidated Financial Statements and MFRS 128, Investments in Associates and Joint Ventures – Sale or contribution of Assets between an Investor and its Associate or Joint Venture

To be determined

The Group and the Company plan to apply from the annual period beginning on 1 January 2023, the MFRS and Amendments that are effective for annual periods beginning on or after 1 January 2023, except for MFRS 17 and Amendments to MFRS 17 which are not applicable to the Group and the Company.

The initial application of the abovementioned Accounting Standard and Amendments are not expected to have any material financial impact to the current period and prior period financial statements of the Group and the Company.

# 3. Qualification of Financial Statements

There was no qualification on the audited financial statements of the Group and of the Company for the financial year ended 31 December 2021.

#### 4. Seasonal or Cyclical Factors

Due to its synergistic tie-up with Dayang Enterprise Holdings Bhd. ("Dayang"), the ultimate holding company, about one third to a half of the Group's vessel fleet hired out is chartered to Dayang and the latter's offshore topside maintenance operations are normally affected by bad weather at the beginning and the end of the year. The utilisation rate of the Group's vessels which are not chartered to Dayang is similarly affected by bad weather at the beginning and end of the year. This factor has been taken into consideration in the Group's annual business plan.

#### 10. Revenue

#### 10.1 Disaggregation of Revenue from Contracts with Customers

The Group's operations and main revenue streams are those described in the last annual financial statements. The Group's revenue is derived from contracts with customers, except for immaterial amounts related to hedge accounting.

In the following table, revenue from contracts with customers is disaggregated by service line and timing of revenue recognition.

	Current Quarter Ended 30-Sep-22 RM'000	Corresponding Quarter Ended 30-Sep-21 RM'000
Major service line Catering services	2,562	780
<b>Timing of recognition</b> At a point in time	2,562	780

#### **10.2** Nature of services

The following information reflects the typical transactions of the Group:

Timing of recognition or method used to recognise revenue	Significant payment terms
E 1	Credit periods of 30 to 45
1	days from invoice date.
	to recognise revenue

#### 11. Valuation of Property, Plant and Equipment ("PPE")

The Group periodically reassesses its assets (except for inventories, deferred tax assets and financial assets) to determine whether there is any indication of further impairment to the assets or if there is any reversal of impairment previously provided.

The Group generally adopts value-in-use ("VIU") estimations for the reassessment which entail discounting the estimated future cash flows from the continuing use of its PPE. The Group may, where warranted, commission valuations to be performed by an independent valuer to determine the recoverable amounts of certain vessels based on their fair value less costs of disposal. The recoverable amounts were compared against the carrying amounts of the PPE.

# PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

## 11. Valuation of Property, Plant and Equipment ("PPE") (Cont'd)

There were no revaluations of property, plant and equipment during the quarter ended 30 September 2022, after those carried out for the year ended 31 December 2021 (see below for further details). As at 30 September 2022, all major property, plant and equipment were stated at cost less accumulated depreciation and accumulated impairment losses.

For the year ended 31 December 2021, the Group reviewed its vessels for impairment in accordance with MFRS 136, *Impairment of Assets*. The recoverable amounts of the vessels were determined based on the higher of fair value less costs of disposal ("FVLCOD") and value in use ("VIU"). The Group considered each vessel with vessel parts and drydocking as a cash generating unit ("CGU"). In instances where the impairment loss of vessels was determined based on their FVLCOD, valuations were performed by an independent valuer using the market approach to determine the FVLCOD.

The Group's accumulated impairment loss for PPE remains at USD76.3 million as at 30 September 2022 and 31 December 2021 (equivalent to RM325.6 million and RM293.8 million respectively), where the difference is attributable to the difference in exchange rate at the reporting dates.

#### 12. Material Events Subsequent to the Reporting Period

There were no material events after the current financial quarter ended 30 September 2022 up to the date of this report which is likely to substantially affect the financial results of the Group.

b) There have been two (2) incidents of anchor loss involving two (2) offshore support vessels (OSV) chartered out by one of the Group's subsidiaries to two engineering, procurement, construction and commissioning ("EPCC") contractors. The EPCC contractors have informed the Group's subsidiary to retrieve the lost anchors upon receiving the instruction from their client who is also a local oil major. The insurance company providing insurance cover for the two (2) OSV concerned has been notified at the point of incidents and furnished with the notifications received from the EPCC contractors.

Despite being advised by the insurance company's appointed lawyer that the Group's subsidiary is not liable for the loss and the cost of recovery of the anchors, the insurer has made an initial offer to partially compensate USD2 million for the cost of recovery of the lost anchors and charged the Group's subsidiary a penalty claim premium of USD200,250.

Should the final cost of recovery of the lost anchors paid by the insurer be more than USD2 million, the Group will have to pay an additional penalty claim premium to the said insurer, the quantum of which cannot be ascertained at the moment.

The Directors are of the view that no material losses will arise from the possible additional claims at the date of these financial statements..

In addition, lower depreciation charges (RM13.0 million vs RM20.6 million) in the current quarter also contributed to the higher profit before tax of RM14.9 million for the quarter under review. #### **19.** Prospects

The Oil & Gas Industry rebounded in early 2022 after several years of downturn due to low oil prices and the global pandemic. According to the forecast in the Energy Information Administration's September 2022 Energy Outlook, Brent Crude will average USD 104 per barrel in price in 2022.

In Malaysia, PETRONAS announced in June 2022 that their proposed Capex commitment for the financial year 2022 will substantially increase to RM60 billion compared to RM30.5 billion a year earlier due to the increase of business activities, which has impacted the offshore support vessels business positively.

Even though there is a rise in the utilisation and charter rates for the offshore chartering segment of the Oil and Gas Industry in 2022, we are still cautiously optimistic given the uncertainty in the outlook due to the geo-political dynamics, coupled with the rising inflation and interest rates. Moving forward, we will leverage our strengths and improved efficiency to remain sustainable and relevant in the long term.

### 21. Taxation

The provision of taxation for the current quarter and financial period-to-date under review are as follows:

	Current Quarter Ended 30-Sep-22 RM'000	Corresponding Quarter Ended 30-Sep-21 RM'000	Current Period-to-date Ended 30-Sep-22 RM'000	Corresponding Period-to-date Ended 30-Sep-21 RM'000

Deferred tax expense:				
- Current Year	3,383	-	3,383	-
Total Tax Expense	3,539	164	4,009	498

Despite the consolidated losses for the current quarter and financial period to-date, the Group still incurs a current tax expense of RM4.0 million mainly on account of the reversal of deferred assets of RM 3.38 million, due to realised monetary foreign exchange translation, and tax expenses incurred by individual vessel owner companies. Furthermore, losses incurred by certain group entities cannot be offset against the taxable profits made by other group entities.

Further to the conclusion of a tax audit conducted for year of assessment ("YA") 2007 to YA 2010, the Inland Revenue Board ("IRB") requested the Company to revise its tax computations for YA2011 and subsequent years. The Company engaged a tax consultant to assist in the matter and assess the tax impacts thereof. In February 2017, the Company responded to the IRB that it disagreed with applying the same computation method used for the earlier tax audit exercise based on reasonable technical grounds. The Company did not receive any response from the IRB to its reply of February 2017. On 13 August 2019, the IRB conducted a tax audit for YA 2011 to YA 2017 and further extended their review to YA 2019. On 31 March 2022, the IRB issued a letter of closure indicating the tax audit had been resolved with no additional tax payable and tax penalty.

Separately on 28 August 2019, the IRB requested one of the group entities to furnish documents relating to YA 2015 to YA 2017. The Group engaged a tax consultant to assist in the matter and respond to the IRB's request. This tax audit resulted in a voluntary tax adjustment of RM2.2 million for YA 2016.

## 21. Taxation (Cont'd)

In addition to the above, the IRB had:

- (a) on 22 April 2021, written to seek clarification on certain asset transfers between group entities and the Group had since replied to the IRB. On 13 August 2021, the IRB responded with their view and stance on the tax treatment of the asset transfers and the tax consultant assisted to write an appeal to the IRB to rebut the IRB's view; and
- (b) conducted transfer pricing tax audits of several subsidiaries of the Group for years of assessment varying from YA 2012 to YA 2017. The tax consultant had responded to the IRB on its enquiries arising from the audits.

Subsequently, the IRB agreed, as settlement of the tax audits, to a tax adjustment and to offset it against the unutilized business losses and capital allowance of a subsidiary for YAs 2013 to 2019. The IRB then issued a non-chargeability notice to the affected group entities on 15 December 2021. Other than the aforementioned tax adjustment, there were no additional tax payable and tax penalty arising from the said tax audits.

All the tax audit as enumerated above have now been resolved and the resultant tax adjustment incorporated in the group financial statements.

# 24. Material Litigations

Save as disclosed below, the Company and/or its subsidiaries are not presently engaged in any material litigation, material claim and arbitration either as plaintiff or defendant and the Directors do not have any knowledge of any proceedings pending or threatened against the Company and/or its subsidiaries or of any facts likely to give rise to any proceedings which may materially affect the financial position or business of the Company and/or its subsidiaries.

On 7 August 2018, Tengku Dato' Ibrahim Petra Bin Tengku Indra Petra, Datin Che Nariza Hajjar Hashim, Wong Fook Heng and Tiong Young Kong (the "Plaintiffs") filed a claim for indemnification of legal fees they incurred in defending the prior suits (and the appeals emanated therefrom) brought by the Company against them.

On 29 May 2019, the High Court allowed the Plaintiff's claim against the Company for the cost incurred on an indemnity basis in defending the suits (and the appeals emanated therefrom) since 2009. The total amount to be paid by the Company to the Plaintiffs including the costs and the allocator fee was RM2,652,447. The said amount was fully settled in September 2019.

On 27 June 2019, the Company filed a notice of appeal to the Court of Appeal against the decision made by the High Court. The Company's solicitors attended court on 13 August 2019 for case management and updated the court on the current progress of the appeal. This matter came up for e-review on 30 October 2019 before the Deputy Registrar of the Court of Appeal. The Court of Appeal was informed that the Company had yet to obtain the grounds of judgement from the High Court and that the Company issued several reminders to the High Court. The Court of Appeal adjourned the matter to 17 December 2019 for further e-review and for the Company to update the Court of Appeal on the availability of the said grounds of judgement.

The Company received the ground of judgment from the High Court in January 2020 and all the parties agreed that the Company would file its supplementary record of appeal in the Court of Appeal by 2 March 2020.

The Appeal came up for e-review on 13 February 2020 and the Court of Appeal fixed the Appeal for further e-review on 5 March 2020 for the Company to update the Court of Appeal on the status of filing of the said supplementary record of appeal. The case management had subsequently been fixed on 21 September 2020 and the hearing for the full e-Appellate was scheduled to take place on 21 June 2021.

The hearing proceeded on 21 June 2021 and was adjourned for decision to 16 August 2021. On 16 August 2021, the decision was pronounced in favor of the Company wherein, the appeal was allowed by the Court of Appeal with the Order of the High Court dated 29 May 2019 being set aside and cost of RM30,000 was awarded to the Company. As a result, the Plaintiffs were required to refund the judgment sum of RM2,652,447 to the Company together with the costs of RM30,000.

### 24. Material Litigations (Cont'd)

The Court of Appeal Order and the Certificate of Allocator were sealed and perfected by the Registry of the Court of Appeal on 4 October 2021 upon issuance of the sealed Order and Certificate of Allocator. Upon the extraction of the court sealed documents, the Company's solicitors proceeded to demand for refund / payment of the sums due under the Court Order and the Certificate of Allocator together with RM30,000 costs granted by the Court of Appeal through the Plaintiff's solicitor. However, the Plaintiff's failed and/or refused to refund the sums due under the Court of Appeal Order. The Plaintiff's solicitors wrote to the Company's solicitors on 5 November 2021 enquiring as to whether the Company could withhold the execution of the Court of Appeal Order pending disposal of the Plaintiff's application for leave to appeal to the Federal Court filed on 15 September 2021. The Company's solicitors responded in the negative. The Plaintiff's leave application in the Federal Court was fixed for hearing on 18 February 2022 and all the relevant cause papers had been filed in court.

Given that the Plaintiffs did not refund the amount due under the Court of Appeal Order, the Company instructed the Company's solicitors to proceed to execute the Court of Appeal Order. Accordingly, a notice of demand was issued on 17 November 2021 for payment within 14 days. As the Plaintiffs failed, refused and/or neglected to satisfy the notice of demand, the Company instructed its solicitors to commence bankruptcy proceedings against the Plaintiffs. The Company's solicitors had prepared the Bankruptcy Notices to be served on the Plaintiffs. Upon the service of the Notices, the Company's solicitors will file the requisite Creditors' Petition in the Bankruptcy Court. The leave application in the Federal Court which was originally fixed for hearing on 18 February 2022 was rescheduled by the Federal Court to 12 May 2022.

The leave application in the Federal Court proceeded as scheduled on 12 May 2022. The Federal Court allowed the Plaintiffs' leave application to appeal to the Federal Court with costs in the cause. The Federal Court expressed that the subject matter of the appeal is a new area of law introduced under the Companies Act 2016 and the Federal Court would like to hear further arguments on this, as there is no decided case by Federal Court on this point of law thus far. The Plaintiffs have filed their notice of appeal and the record of appeal was served on our solicitors on 1 August 2022. All the parties are directed by the Federal Court to file their respective written submissions by 14 November 2022. The hearing of the Appeal in the Federal Court is fixed on 28 November 2022.

In relation to the bankruptcy notices, the solicitors have not been able to serve the bankruptcy notices personally on the Plaintiffs despite having made an appointment to serve the said notices. The solicitors have in August 2022 filed the application to serve the notices by substituted service by affixing a copy of the notices at the court's notice board, advertising in the local newspapers and sending a copy of the notices by Acknowledgement of Receipt Registered post to the last known address as per the NRIC searches conducted on the Plaintiffs in March 2022. Upon obtaining an order for substituted service, the solicitors had duly complied with the said order by 26 October 2022. The Bankruptcy Court has fixed for a case management on 24 November 2022, to determine the date of act of bankruptcy committed by the respondents and to give directions in respect of filing of the Creditors' Petition to pursue the second stage of the proceedings.
