12. Changes in the Composition of the Group

There were no changes in the composition of the Group for the current quarter under review.

13. Contingent Liabilities or Contingent Assets

There is a contingent liability amounting to approximately RM2 million being corporate guarantees given to financial institutions for banking facilities granted to a subsidiary company.

14. Review of Performance

The Group achieved a profit before income tax before non-controlling interest of RM2.351 million on the back of RM63.112 million in turnover, as compared with the profit before income tax before non-controlling interest of RM6.620 million and a turnover of RM75.496 million, respectively, reported in the preceding year corresponding quarter. The result for the current year quarter under review is substantially affected by the change in accounting estimate on the basis of recognition of hire-purchase expenses resulting in an additional RM1,998,000 charge to Statement of Comprehensive Income.

15. Comparison with Immediate Preceding Quarter's Results

	Current Year Quarter 30.6.2012 RM'000	Immediate Preceding Quarter 31.3.2012 RM'000	% +/-
Turnover	63,112	59,734	+5.66
Profit before income tax	2,573	3,291	-21.82

The turnover of RM63.112 for the current quarter ended 30th June, 2012 as compared to a turnover of RM59.734 million achieved for the immediate preceding quarter, represent an approximate increase of 5.66%. Profit before income tax decreased by 21.82% as compared to the result of the immediate preceding quarter. The result for the current year quarter under review is substantially affected by the change in accounting estimate on the basis of recognition of hire-purchase expenses resulting in an additional RM1,998,000 charge to Statement of Comprehensive Income.

16. Current Year Prospects

The year ended 30th June 2012 was another challenging year.

The prospects of the confectionery segment are good with stable order book and additional capacity in the form of a new production line commissioned in 2011 allowing new business opportunities to be secured.

The prospects of the snack segment are good with stable order book comprising of consistent demand from both local and export customers.

The prospects of the sweets and candies segment are good with strong demand from customers.

In respect of all the business segments, cost of raw material remains high but stable while fluctuations in currencies are mitigated by the Company setting prices based on a conservative exchange rate valuation. No changes in product mix and no financial impact from any recent corporate acquisitions, disposals and mergers. There are no new regulations or changes in business direction which may have an impact on the business segment.

The Management will ensure that the Group will continue to maintain positive performance for the year ending 30th June, 2013.

17. Profit Forecast

The Company did not issue any profit forecast during this financial quarter.

18. Income tax expense

Income tax:	Current Year Quarter 30.6.2012 RM'000	Current Period To Date 30.6.2012 RM'000
Current period estimates Overprovison in prior years	470 32	996 32
Deferred tax:		
Current period	(724)	(250)
	(222)	778

The income tax provision for the period is disproportionate to the statutory tax rate principally due to claims for reinvestment allowances and capital allowances.
