B ADDITIONAL INFORMATION REQUIRED BY THE LISTING REQUIREMENTS

B1 Review of Performance

Current Quarter

For the quarter ended March 2023, the Group posted a total revenue of RM 78.3 million as compared to RM 87.0 million achieved in the corresponding quarter last year. The overall weaker consumer spending has impacted the Groups revenue. Local sales contracted by nearly 20% while oversea filing sales remain consistent when compared with the corresponding period last year.

Despite the drop in revenue, operating profit rose from RM 9.2 million to RM 15.0 million during the same period. The operating margin improved significantly from 10.6% in 4Q 2022 to 19.2% during the quarter under review. The margin expansion was achieved on the premise of better cost control, optimization of resources at the Group level as well as lower freight rates incurred during the quarter. We have supported our customers in the United Kingdom and Europe by absorbing substantial amount of high freight cost last year. In addition, the favorable foreign exchange movement resulted in foreign exchange gain of RM 2.9 million compared to exchange loss of RM 0.8 million suffered last year.

Although revenue remain fairly consistent, operating margin surged by 31.3% from RM 36.4 million to RM 47.8 million. Stringent cost control measures including an effective procurement strategy coupled with the continuous effort in improving operation efficiency have contributed positively towards a better margin for the year.

During the year, the Group reported a total pre-tax profit of RM 43.8 million (FY 2022: RM 51.5 million) after taking into consideration the share of loss of associate of RM 8.7 million as compared to share of profit of RM 13.0 million last year.

B3 Current Year Prospects

Overall consumer market remain soft as inflationary pressure, labour shortages, high operating cost and mounting risk of global recession have an adverse impact on consumer spending. This will pose a challenging landscape for the Group to navigate through in the short to medium terms. The Group will strive to achieve profitable growth by adapting to the ever changing demands of consumers, continuous investment in product innovation as well as focusing on enhanced penetration on digital platforms.

As the Group embarks on its various product expansion plans as well as broadening its geographical outreach especially for its recyclable consumer wares, it is confident of delivering a profitable performance for the financial year ending 31 March 2024.
