B1. REVIEW OF PERFORMANCE (CONT'D)

Table 2: Financial review for current quarter compared with immediate preceding quarter

	(Unaudited) Current Quarter 30.06.2023	(Unaudited) Immediate Preceding Quarter 31.03.2023
	RM'000	RM'000
Revenue	7,663	9,320

Loss before taxation	(3,207)	(2,041)
Taxation	(80)	(80)
Loss for the financial period	(3,287)	(2,121)

The Group posted a revenue of RM7.66 million for the current quarter, representing a decrease of RM1.66 million as compared to RM9.32 million in the preceding quarter. The decline in revenue in the second quarter was due primarily to the minimal contribution from trading segments. Meanwhile, operating expenses remained consistent with preceding quarter, comprising mainly of depreciation and payroll costs.

As a result, the Group reported a loss after taxation of RM3.29 million in the current quarter as compared to a loss after taxation of RM2.12 million in the preceding quarter, representing an increased loss of RM1.17 million as compared to the preceding quarter. There is however, no material impact to the cash position of the Group as at 30 June 2023.

B2. PROSPECTS

The Malaysian economy grew 2.9% in the second quarter of 2023, expanded slower than first quarter of 2023 of 5.6%. The growth was weighed mainly by slower external demand. Domestic demand remained the key driver of growth, supported by private consumption and investment.

With the challenging global environment, the Malaysian economy is projected to expand close to the lower end of the 4.0% to 5.0% range in 2023. Growth will continue to be supported by domestic demand amid improving employment and income as well as implementation of multi-year projects. Tourist arrivals are expected to continue rising, which would support tourism-related activities.

Moving forward, in order to facilitate the Group business expansion, we have made foray into the retail industry. These ventures will provide us with sustainable income and this sustainable source of income is crucial in navigating in a highly uncertain operating environment.

Barring unforeseen circumstances, the Board is cautiously optimistic that the Group will perform satisfactorily in the financial year ending 2023.
