A2. Qualification of financial statements

The preceding year annual financial statements were subject to the following qualification which was mentioned as follows in the Independent Auditors' Report for the financial year ended 30 June 2021 (to be read in conjunction with the audited financial statement for the year ended 30 June 2021) :

Extracted from the Independent Auditors Report to the members of Scomi Group Bhd:

We do not express an opinion on the accompanying financial statements of the Group and of the Company. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

As disclosed in Note 33 to the financial statements, certain matters stated therein were unresolved since the preceding financial year. These matters form the basis of our disclaimer of opinion and are enumerated below. Further, we were unable to determine whether adjustments to the opening accumulated losses might be necessary arising from the possible effects of these matters (individually or accumulatively) on the comparability of the current and prior financial years figures.

1. As disclosed in Note 2 to the financial statements, the financial statements of the Group and of the Company have been prepared on a going concern basis. The application of the going concern basis assumes that the Group and the Company will be able to realise their assets and settle their liabilities in the normal course of business. In forming our disclaimer of opinion, we considered the following matters, amongst others:

- 1.1 As at 30 June 2021, current liabilities of the Group and of the Company has exceeded the current assets by RM260.39 million and RM269.78 million respectively. The Group and the Company also had deficits in equity amounting to RM248.68 million and RM258.07 million respectively.

- 1.2 On 3 December 2019, the Company announced that it has become an affected listed issuer pursuant to the amended Practice Note 17/2011 ("PN17") of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Malaysia"). As an affected issuer, the Company must submit a regularisation plan to Bursa Malaysia and obtain the Bursa Malaysia's approval to implement the regularisation plan.

Bursa Malaysia had on 2 September 2021 announced the extension of time for listed issuers to submit its regularisation plans for PN17 of the MMLR from 12 months to 24 months from the date the listed issuer first announce their PN17 classification ("First Announcement"), whose First Announcement was made between 2 January 2019 to 31 December 2020. Bursa Malaysia had on 22 September 2021, further granted an extension of time of 6 months to the Company to submit a regularisation plan to the regulatory authorities. The Company is currently in the process of formulating the proposed regularisation plan and was granted an extension of time up to 22 February 2022 to submit its regularisation plan to the regulatory authorities.

Therefore, the going concern basis used in preparing the financial statements of the Group and of the Company is significantly dependent on:

- (i) approval being obtained from all the relevant parties on the proposed regularisation plan;
 - (ii) timely and successful implementation of the key components of the proposed regularisation plan; and
 - (iii) ability of the Group and the Company to achieve sustainable and viable operations so as to generate sufficient cash flows to enable them to meet their obligations as and when they fall due.
2. As disclosed in Note 22 to the financial statements, on 26 February 2020, the Company lost its control in Scomi Energy Services Bhd and its subsidiaries ("SESB Group"). Consequently, SESB ceased to be a subsidiary and is accounted for as an associate. The consolidated financial information of SESB Group as of that date was not made available for the Group to account for the effect of the deconsolidation of SESB Group on the said date. The Group accounted for the effects of deconsolidation using the closest available financial information of SESB Group for the financial period ended 31 December 2019. We are unable to determine if there were any material differences between the financial information of the two different dates.

In view of the above, we were unable to obtain sufficient appropriate audit evidence to ascertain whether the amount for the loss on deconsolidation of RM91.46 million as disclosed in Note 22 to the financial statements and share of losses of equity accounted associate of RM8.41 million in previous financial year as disclosed in the statement of profit or loss and other comprehensive income of the Group is fairly stated and the effect of misstatements, if any.

During the financial year, the Group had loss significant influence over SESB Group and investment in SESB Group is henceforth accounted for as other investment. As a result, we are unable to ascertain whether the amount for the gain arising on the loss of significant influence of associate of RM8.41 million recognised in the statement of profit or loss and other comprehensive income of the Group is fairly stated.

3. We were unable to ascertain whether the outstanding liabilities amounting to RM2.68 million of the Group, as disclosed in Note 17(c)(vi) to the financial statements, is fairly stated. These liabilities are mainly related to past related parties' transactions that are pending substantiation, reconciliation and reclassification to appropriate accounts.

A3. Seasonal and cyclical factors

The Group's results were not materially affected by any major seasonal or cyclical factors.

A4. Unusual items

1. During the period, an amount of RM8.5 million was recognized due to liabilities arising from advances by a related party ("Related Party") in prior years ("Advances") to former subsidiaries ("Former Subsidiaries") of the Group. These advances were given by the Related Party to the Former Subsidiaries when they were still subsidiaries of the Group.

Apart from the above, there are no other unusual items that affected the assets, liabilities, equity, net income or cash flows in the current period under review.

2. On 20 September 2022, the Company obtained from the High Court of Malaya at Kuala Lumpur ("the Court") the Orders pursuant to Sections 366, 368 and 369 of the Companies Act 2016 whereby leave was granted by the Court to the Company to call for a Court Convened Meeting ("CCM") to approve with or without modification, a proposed scheme of arrangement ("Proposed Scheme") and compromise between the Company and its Creditors ("Scheme Creditors" – please refer to Bursa announcement dated 20 September 2022 for details).

The summary of the proposed settlement of the Scheme Creditors are as follows:

- (a) by way of a reduction of 80% towards the outstanding amount ("Compromised Amount") due to the Scheme Creditors;
- (b) Issuance of new shares of SGB to the Scheme Creditors for the settlement of the Compromised Amount, being the 20% of the balance outstanding amount due (after reduction).

Based on the Explanatory Statement issued on 21 October 2022 to the Scheme Creditors, the total liabilities due to the Scheme Creditors is approximately RM127.4 million with, the 20% of the balance outstanding amount (after reduction) being the Compromised Amount totaling RM25.5 million, a reduction of approximately RM101.9 million.

The CCM was held on 15 November 2022 for the Scheme Creditors to consider and vote on the Proposed Scheme and was duly approved by the requisite majority of the Scheme Creditors.

At the court hearing on 19 December 2022, the Proposed Scheme was approved by the Court and is now binding on the Company and the Scheme Creditors in accordance with Sections 366(3) and 366(4) of the Companies Act 2016 ("Order").

- (b) Practice Note 17

On 30 August 2019, the Company triggered Paragraph 2.1(a) and 2.1(e) of PN17 of the Listing Requirements of Bursa. Pursuant to this, on 3 September 2019 the Company submitted an application for a waiver ("Waiver Application") from being classified as an affected listed issuer to Bursa Securities.

Bursa Securities had, vide its letter dated 2 December 2019, decided to reject SGB's application for a waiver from being classified as an affected listed issuer pursuant to Paragraph 8.04(2) and PN17 of the Listing Requirements as there are concerns on the sustainability and growth potential of the existing/remaining business and the ability of SGB to generate sufficient revenue and thus profitability. Pursuant to this and as well as Paragraph 8.04 and Practice Note 17 of the Listing Requirements, the Company is now regarded as an affected listed issuer ("**PN17 Company**") as it has triggered Paragraphs 2.1(a) and 2.1(e) of PN17 of the Listing Requirements.

On 21 January 2020, the Company has defaulted in repaying in full by one bullet repayment of RM21.00 million each to TSWA and GGSB, respectively, pursuant to the TSWA Loan Agreement and GGSB Loan Agreement. The total amount defaulted is RM42.00 million together with interest, which was due on 18 January 2020. After further reasonable inquiry into the affairs of the Company by the Board, the Board is of the opinion that the Company is not solvent and unable to provide to Bursa Securities a solvency declaration as required under Paragraph 9.19A(4) of the Listing Requirements. Pursuant to this, the Company has further triggered the prescribed criteria under Paragraph 2.1(f) of PN17 of the Listing Requirements on 20 January 2020.

The Company is in the midst of finalising a plan to regularise its financial condition ("**Proposed Regularisation Plan**") and the announcement on the same will be made in due course in accordance to the Listing Requirements. Bursa Securities had on 26 March 2020 announced additional relief measures to alleviate the impact of COVID-19 on capital market players, among others, the extension of time for listed issuers to submit its regularisation plans for PN17 of the MMLR from twelve (12) months to twenty-four (24) months from the date the listed issuer first announced their PN17 classification ("**First Announcement**"), whose First Announcement was made between 2 January 2019 to 31 December 2020. As such, the Company had until 29 August 2021 to submit its regularisation plan to the regulatory authorities. The Company had on 16 August 2021 submitted an application to Bursa Securities for an extension of time of twelve (12) months i.e. up to 31 August 2022 to submit its regularisation plan to the relevant regulatory authorities.

On 22 September 2021, Bursa Securities decided to grant the Company an extension of time of 6 months up to 28 February 2022 to submit its regularisation plan to the relevant regulatory authorities. The extension of time is without prejudice to Bursa Securities' right to proceed to suspend the trading of the listed securities of the Company and to de-list the Company in the event:-

- (i) the Company fails to submit the regularisation plan to the regulatory authorities on or before 28 February 2022;
- (ii) the Company fails to obtain the approval from any of the regulatory authorities necessary for the implementation of its regularisation plan; or

(iii) the Company fails to implement its regularisation plan within the time frame or extended time frame stipulated by any of the regulatory authorities.

Upon occurrence of any of the events set out in (i) to (iii) above, Bursa Securities may suspend the trading of the listed securities of SGB on the 6th market day after the date of notification of suspension by Bursa Securities and de-list the Company, subject to the Company's right to appeal against the delisting.

On 25 February 2022, the Company submitted a further extension of time application to Bursa Securities of nine (9) months i.e. up to 30 November 2022 to submit the Company's Regularisation Plan to the relevant regulatory authorities ("**EOT Application**").

On 11 April 2022, Bursa Securities rejected the Company's application for a further extension of time to submit its regularisation plan. In the circumstances and pursuant to paragraph 8.04(5) of Bursa Securities Main Market Listing Requirements:-

(i) the trading in the securities of the Company will be suspended with effect from **20 April 2022**; and

(ii) the securities of the Company will be de-listed on **22 April 2022** unless an appeal against the de-listing is submitted to Bursa Securities on or before **18 April 2022** ("the Appeal Timeframe"). Any appeal submitted after the Appeal Timeframe will not be considered by Bursa Securities.

In the event the Company submits an appeal to Bursa Securities within the Appeal Timeframe, the de-listing of the securities of the Company from the Official List of Bursa Securities on **22 April 2022** will be deferred pending the decision on the Company's appeal. However, Bursa Securities shall proceed to suspend the trading of the Company's securities on **20 April 2022** even though the decision on the Company's appeal is still pending.

On 5 May 2022, the Company submitted an appeal against the de-listing ("**Appeal**") of the Company to Bursa Securities.

On 15 June 2022, Bursa Securities informed it has decided to allow the Appeal and grant a further extension of time until 30 November 2022 to submit the regularisation plan to the relevant authorities for approval ("**Extended Timeframe**"). Bursa Securities has further stated in its decision that it would de-list the securities of the Company from the Official List of Bursa Securities pursuant to paragraph 8.04 of the Main Market Listing Requirements of Bursa Securities in the event:

(i) the Company fails to submit the regularisation plan to the relevant authorities for approval within the Extended Timeframe i.e. on or before 30 November 2022;

(ii) the Company fails to obtain the approval for the implementation of its regularisation plan and does not appeal within the timeframe (or extended timeframe, as the case may be) prescribed to lodge an appeal;

(iii) the Company does not succeed in its appeal; or

(iv) the Company fails to implement its regularisation plan within the timeframe or extended timeframes stipulated by the relevant authorities.

Upon occurrence of any of the events set out in (i) to (iv) above, the securities of the Company shall be removed from the Official List of Bursa Securities upon the expiry of two (2) market days from the date the Company is notified by Bursa Securities or on such other date as may be specified by Bursa Securities.

The Company had on 30 November 2022 submitted a further extension of time application to Bursa Securities of six (6) months i.e. up to 31 May 2023 to submit the Company's

Regularisation Plan to the relevant regulatory authorities ("**EOT Application on Extended Timeframe**").
