#### **B3. COMMENTARY ON PROSPECTS**

For the current financial year and post effect of COVID-19, the Group expects the coming financial year to be challenging due to uncertainties and will continue to proceed with caution against the uncertain economic turmoil. The Group and the Board of Directors will continue with its cost cutting initiatives and implement various business strategies and countermeasures to mitigate and overcome the adverse financial effect and to enhance efforts to improve operational efficiencies.

However, as the Covid-19 pandemic remains ongoing as at the date of this report, it is still uncertain to predict the overall impact it has on the Group's key customers in the market. The revenue trend is expected to grow moderately from the Engineering and Construction ("EC") segment, Environmental Management Services ("EMS"), Trading and Marketing Services ("TMS").
