#### PART B: ADDITIONAL INFORMATION REQUIRED BY THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

#### B1. ANALYSIS OF PERFORMANCE

The Group's revenue of RM21.8 million for the third quarter of 2012 was RM1.1 million higher than the RM20.7 million reported in the corresponding quarter of the previous year. Revenue for the financial year-to-date under review was RM65.5 million, 10.1% higher than the RM59.5 million recorded in the same period of the preceding year.

The revenue of RM16.6 million from the webbings, yarn and furniture components segment for the current quarter was RM1.3 million higher than the RM15.3 million recorded in the corresponding quarter of 2011. The webbings, yarn and furniture components segment's revenue for the financial year-to-date of RM50.0 million was also RM4.9 million higher than the RM45.1 million recorded in the same period of last year. The increases are primarily due to higher revenue being recorded in our export markets as the Group attempted to maintain market position by pushing sales at lower margins.

The rubber strips and fabrics segment recorded revenue of RM5.2 million during the quarter under review, RM0.2 million lower compared to the RM5.4 million recorded in the corresponding quarter of the previous year. However, revenue for the current financial year-to-date of RM15.4 million was RM1.0 million higher than the RM14.4 million recorded in the same period of 2011.

Despite the increase in revenue, the Group's profit before taxation of RM1.2 million for the third quarter of 2012 was RM0.9 million lower than the RM2.1 million recorded in the corresponding quarter of the previous year. This is mainly due to the strengthening of the Ringgit against the US Dollar which resulted in foreign exchange losses of RM0.4 million during the quarter compared to the foreign exchange gains of RM0.7 million during the corresponding quarter of 2011. Profit before taxation for the current financial year-to-date of RM3.5 million was also RM1.0 million lower than the RM4.5 million reported for the corresponding period of 2011. The reduction is due to a combination of factors which include the Group selling at lower margins to maintain market position, the strengthening of the Ringgit against the US Dollar and lower profits from the jointly controlled entity.

Profit before taxation recorded by the webbings, yarn and furniture components segment during the quarter under review was RM1.6 million, RM0.6 million lower than the RM2.2 million reported for the third quarter of last year. The segment's profit before taxation of RM4.7 million for the financial year-to-date was also RM1.6 million lower than the RM6.3 million recorded for the same period of last year. As the global economy remain slow, competitors have

#### **QUARTERLY REPORT - 30 September 2012**

reduced prices to maintain market shares. This has resulted in the Group having to reduce margins to remain competitive and maintain market position.

The rubber strips and fabrics segment reported a loss of RM0.2 million for the quarter under review compared to the RM0.3 million loss recorded in the corresponding quarter of the previous year. Loss before taxation for the financial year-to-date of RM0.9 million was also RM0.5 million lower than the loss of RM1.4 million that was recorded during the same period of the previous financial year. Apart from recording higher revenue during the financial year-to-date, the relatively stable rubber prices also contributed to the improved performance.

#### B2. VARIATION OF RESULTS AGAINST PRECEDING QUARTER

The Group's revenue of RM21.8 million for the current quarter was RM1.2 million or 5.2% lower than the RM23.0 million reported for the preceding quarter as the global economy remain lackluster.

The Group's profit before taxation for the third quarter of RM1.2 million was also RM0.5 million lower than the RM1.7 million recorded in the previous quarter. Apart from the lower revenue, the strengthening of the Ringgit against the US Dollar during the third quarter resulted in net foreign exchange losses of RM0.4 million as opposed to the net foreign exchange gains of RM0.5 million during the previous quarter.

#### **B3. PROSPECTS**

We are cautiously optimistic that by staying focused behind our core business strategies and barring any unforeseen circumstances, the Group's performance for 2012 will be satisfactory.

However, any significant movement in the exchange rate between the Ringgit and the US Dollar will result in foreign exchange gains or losses which will affect the Group's results as the Group derives a substantial amount of its revenue in US Dollars.

#### **B4.** PROFIT FORECAST

Not applicable as the Group did not publish any profit forecast.
