Aligned with the revenue growth, the Group posted a profit before taxation of RM9.24 million, reflecting a 23.01% year-on-year increase. The improvement was largely attributed to the government egg subsidies received during the quarter, coupled with the increased sales volumes of eggs and poultry feeds.

The Group reported a profit before taxation of RM9.24 million, a significant improvement compared to RM2.90 million in the immediate preceding quarter, representing a 218.52% increase. This improvement in pre-tax profit was mainly attributed to the government egg subsidies received during the current quarter under review.
